OFFICE OF THE AUDITOR
CHAMPAIGN COUNTY, ILLINOIS

September 4, 2016

To the County Board and the Citizens of Champaign County:

The Comprehensive Annual Financial Report (CAFR) of the County of Champaign, Illinois for the fiscal year ended December 31, 2015 is submitted herewith. The CAFR is management's annual financial report to its taxpayers, governing board, oversight bodies, investors and creditors.

This report consists of management's representations concerning the finances of the County of Champaign. Consequently, management assumes full responsibility for the completeness and reliability of all of the information presented in this report. To provide a reasonable basis for making these representations, management of the County has established a comprehensive internal control framework that is designed both to protect the government's assets from loss, theft, or misuse and to compile sufficient reliable information for the preparation of the County's financial statements in conformity with Generally Accepted Accounting Principles (GAAP). Because the cost of internal controls should not outweigh their benefits, the County's comprehensive framework of internal controls has been designed to provide reasonable rather than absolute assurance that the financial statements will be free from material misstatement. As management we assert that, to the best of our knowledge and belief, this financial report is complete and reliable in all material respects.

The County's financial statements have been audited by CliftonLarsonAllen LLP, a firm of licensed certified public accountants. The goal of the independent audit was to provide reasonable assurance that the financial statements of the County for the fiscal year ended December 31, 2015, are free of material misstatement. The independent audit involved examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements; assessing the accounting principles used and significant estimates made by management; and evaluating the overall financial statement presentation. The independent auditors' report is presented as the first component of the financial section of the report.

The independent audit of the financial statements of the County was part of a broader, federally mandated "Single Audit" designed to meet the special needs of federal grantor agencies. The standards governing Single Audit engagements require the independent auditor to report not only on the fair presentation of the financial statements, but also on the audited government's internal controls and compliance with legal requirements, with special emphasis on internal controls and legal requirements involving the administration of federal awards. These reports are available in the Single Audit Section of this report.

GAAP require that management provide a narrative introduction, overview, and analysis to accompany the basic financial statements in the form of Management's Discussion and Analysis (MD&A). This letter of transmittal is designed to complement the MD&A and should be read in conjunction with it. The County's MD&A can be found immediately following the report of the independent auditors.

Profile of the Government

Incorporated in 1833, Champaign County is located about 135 miles south of Chicago, at the crossroads of Interstates 57, 72, and 74 in the heart of East Central Illinois. The County is nearly 1,000 square miles in area, with a population of 208,861 (2015 estimate) who live in two cities, 24 incorporated villages, and on rural home sites.

The economic base of Champaign County is comprised largely of education, agriculture and medicine. Champaign County is home to the University of Illinois, and enjoys the benefits of both urban and rural life, with abundant cultural and athletic events; ranging from performing arts and museums to Big Ten Sports. Champaign County is a regional medical center with two large clinic/hospital complexes. Over 90% of Champaign County's land is farmed. The principal crops are corn and soybeans.

The Champaign County Board is the legislative arm of County Government. The Board consists of 22 board members, 2 from each of 11 districts. The board members elect a chairman for a two-year term from among the members. There is an appointed county administrator with the responsibility of service to the board.

Illinois law determines the functions and services of county government. The largest portion of the County's governmental expenditures are for the administration of justice and public safety, including the State's Attorney, Public Defender, Circuit Clerk, Circuit Court, Court Services (adult and juvenile probation and juvenile detention center), and the Sheriff's functions (road patrol and the county correctional center).

Other functions mandated by state statute include the construction and maintenance of county highways and bridges, the maintenance of the property tax system, voter registration and the election system, vital records such as birth, marriage, and death certificates, and the recording of deeds and other real estate records.

The County also operates a nursing home, funded primarily by patient fees and Medicare/Medicaid reimbursements. Voters approved special property taxes in 1972 to fund mental health services, in 1995 to fund a Cooperative Extension Service, in 1996 to fund public health services for all county residents, in 2002 to fund social security and retirement contributions for Nursing Home employees, and in 2004 to fund services for the developmentally disabled.

The Champaign County Board created the Regional Planning Commission (RPC) in 1966 under state-enabling legislation allowing counties to create planning commissions for the welfare of County residents. Over the past decades, the RPC has expanded its scope beyond land use

planning, and has been involved extensively in community development and economic development, distribution of federal community services block grant funds, housing programs, weatherization and energy assistance programs, job and police training, transportation planning, senior and social services. In 1994, RPC began the operation of the Champaign County Head Start pre-school program.

There are 185 taxing districts in Champaign County. The County Treasurer is the tax collector for all these districts. In addition, the County Board is responsible for appointing the boards of special districts such as cemetery districts, mass transit, and forest preserve districts. The districts are not considered part of county government since they are independent in setting taxes and budgets.

Factors Affecting Financial Condition

The information presented in the financial statements is perhaps best understood when it is considered from the broader perspective of the specific environment within which the County operates.

Local Economy. Champaign County has not been immune to the effects of the national economic downturn. Still, Champaign County has fared better than many other localities in Illinois, due to the area's diverse and relatively stable economic base. The University of Illinois dominates the local economy with over 24,000 jobs and 44,000 students. The Champaign-Urbana area is a regional healthcare center featuring Carle Foundation Hospital and Clinic, Presence Covenant Medical Center, and Christie Clinic. The remaining commercial base of the economy is primarily comprised of retail, food, service, and agriculture. The average unemployment rate for Champaign County decreased to 5.2% in 2015, a decrease from the previous year's rate of 6.1%, below the 5.7% experienced in 2008. This rate is slightly below than the state rate of 6.1% and slightly above the national rate of 5.0% at the close of 2015.

Long Term Financial Planning. The ending budgetary-basis fund balance for the general fund sits at 14.9% of actual total general fund expenditures and transfers out at the close of the fiscal year ended December 31, 2015. A goal of 12.5% is set forth in policy guidelines adopted by the County Board for budgetary and planning purposes.

The Champaign County Nursing Home continues to be an area of financial concern. The Home will once again finish the year with a negative outlook. Managed by a firm specializing in Nursing Home operations, outside factors, such as Medicare & Medicaid reimbursement rates and the timeliness of State payments have great influence on the Home's bottom line. Cash flow at the Nursing Home requires daily monitoring by County and Home financial staff.

Fiscal Year. On March 21, 2013, the County Board approved Resolution 8468 which changed the County's old fiscal year of December 1st through November 30th, to a fiscal year based on the calendar year, namely January 1st through December 31st. In order to implement this change to a calendar year, the County Board also resolved that the FY2014 budget should be adopted for a thirteen (13) month period from December 1st, 2013 through December 31st, 2014.

Cash Management Policies and Practices. The County's investment policy is to minimize risk while maintaining a competitive yield. Cash temporarily idle during the year was invested in certificates of deposit, money market accounts, and the State Treasurer's investment pool. County government is restricted in its investment options by state law, and will remain in conservative investment portfolios.

As of December 31, 2015 the County had \$39,220,193 in cash on hand, demand deposits, and various investment instruments. Details of the County's deposits and investments are explained in Note 6 of the Notes to the Financial Statements.

Risk Management. The County maintains a self-funded insurance fund for worker's compensation insurance and liability and auto insurance. The County's risk retention for worker's compensation insurance is \$250,000 per individual per claim and for liability and auto insurance is \$250,000 per occurrence. Commercial insurance has been purchased for claims in excess of this retention. Additional information on the County's risk management activity can be found in Note 16 of the Notes to the Financial Statements.

Pension and Other Post-Employment Benefits. The County provides pension benefits for its employees through a state-wide plan managed by the Illinois Municipal Retirement Fund (IMRF). The County has no obligation in connection with pension benefits offered through this plan beyond its annual contributions to IMRF. Additional information on the County's pension arrangements can be found in Note 24 of the Notes to the Financial Statements.

The County provides other post-employment benefits (OPEB) to employees in the form of an implicit rate subsidy for retirees' health insurance premiums. Although retirees pay the entire amount of their health insurance premiums, the premiums are set at a blended rate based on the entire group, which includes younger, healthier active employees along with the retirees. Thus, the retirees pay premiums that are lower than the true cost of the healthcare benefits they receive. See Note 25 in the Notes to the Financial Statements for further discussion of OPEB.

Awards

The Government Finance Officers Association (GFOA) awarded a Certificate of Achievement for Excellence in Financial Reporting to Champaign County for its Comprehensive Annual Financial Report (CAFR) for the thirteen months ended December 31, 2014. This was the second consecutive year that Champaign County has received this prestigious award. In order to be awarded a Certificate of Achievement, the County published an easily readable and efficiently organized CAFR. This report satisfied both GAAP and applicable legal requirements.

A Certificate of Achievement is valid for a period of one year only. We believe that our current CAFR continues to meet the Certificate of Achievement Program's requirements, and we are submitting it to the GFOA to determine its eligibility for another certificate.

Acknowledgements

I would like to thank several people for their hard work on this year's Comprehensive Annual Financial Report. The entire staff of the Champaign County Auditor's Office contributed to this document, and their dedication to their work must be recognized. This report is primarily the work of Chief Deputy/Accounting Manager, Barbara Ramsay, CPA. I would like to express my appreciation to her and all the employees of the office.

I'd also like to recognize Champaign County Board Chairman Patti Petrie, Finance Committee Deputy Chair Christopher Alix, former County Administrator Deb Busey, current County Administrator Rick Snider and the entire Champaign County Board for their support for maintaining the highest standards of professionalism in the management of the County's finances and to Countywide Elected Officials and Department Heads for their cooperation in the audit process.

Respectfully submitted,

ORGANIZATION CHART
December 31, 2015

VOTERS ELECT:

(1) Appointed boards operate with different degrees of independence. The Mental Health Board, Developmental Disability Board and County Public Health Board are appointed by the County Board. Their budgets and tax levies require County Board approval, but their expenditures do not.

(2) The Board of Review and Zoning Board of Appeals are appointed by the County Board and their budgets and expenditures require County Board approval.

(3) The Regional Planning Commission consists of two members of the County Board, the Chairman of the County Board (an ex-officio member), the mayors of Champaign, Urbana, and Rantoul, a second representative appointed by Champaign and a second representative appointed by Urbana. One additional member, elected by the RPC Commission members, serves as minority representative. The RPC budget and expenditures require County Board approval, but the Board has delegated expenditure oversight to the Commissioners.

(4) Nursing Home Board of Directors is appointed by the County Board. Their budget and expenditures are part of the Nursing Home budget and require County Board approval.

(5) Since July 2008, the County Board contracts with a management consulting firm to manage the County Nursing Home. The Nursing Home Administrator is an employee of the consulting firm, not the County.

(6) Since February 2013, the County Sheriff has been appointed to assume emergency management responsibility for Champaign County.

(7) Program grant ended September 2015.

Use is restricted by bond covenants.

Capital Projects Funds

Art Bartell Building Construction Fund 305: To account for the construction of a new facility to house the County Coroner's office, the Public Properties maintenance division, and the County Clerk's election storage, financed through general obligation debt certificates issued in 2011. Use is restricted by bond covenants.

Capital Asset Replacement Fund 105: Fund started in FY2000 to accumulate resources assigned by the County Administrator to the planned replacement of capital assets for General Corporate Fund departments. This fund was previously reported as a special revenue fund, but was reclassified in FY2011.

Court Complex Construction Fund 303: To account for the construction of a new court facility and the remodeling of the old courthouse, financed through alternative revenue source bonds issued in 1999, 2000, and 2007, backed by a 1/4 cent public safety sales tax. An additional project to restore the historic courthouse clock and bell tower was financed through private donations. The construction and restoration has been completed and all bond money and donations have been spent. The residual balance remaining in the fund is unspent investment earnings and is assigned to be used on future courthouse equipment purchases and building repairs or improvements.

Highway Facility Construction Fund 304: To account for the construction of a new highway fleet maintenance facility, financed with motor fuel taxes, property taxes and sales taxes. Use is restricted by state statutes related to allowable uses of Motor Fuel Taxes and requires the approval of the Illinois Department of Transportation.
