OFFICE OF THE AUDITOR CHAMPAIGN COUNTY, ILLINOIS

LETTER OF TRANSMITTAL

June 1, 2021

To the County Board and Citizens of Champaign County:

The Comprehensive Annual Financial Report of the County of Champaign, Illinois for the fiscal year ended December 31, 2019 is submitted herewith. The Comprehensive Annual Financial Report is management's annual financial report to its taxpayers, governing board, oversight bodies, investors and creditors.

This report consists of management's representations concerning the finances of the County of Champaign. Consequently, management assumes full responsibility for the completeness and reliability of all information presented in this report. To provide a reasonable basis for making these representations, County management has established a comprehensive internal control framework that is designed both to protect the government's assets from loss, theft, or misuse and to compile sufficient reliable information for the preparation of the County's financial statements in conformity with Generally Accepted Accounting Principles (GAAP). Because the cost of internal controls should not outweigh their benefits, the County's comprehensive framework of internal controls has been designed to provide reasonable rather than absolute assurance that financial statements will be free from material misstatement. As management we assert that, to the best of our knowledge and belief, this financial report is complete and reliable in all material respects.

The County's financial statements have been audited by Baker Tilly US, LLP, a firm of licensed certified public accountants. The goal of the independent audit is to provide reasonable assurance that the financial statements of the County for the fiscal year ended December 31, 2019 are free of material misstatement. The independent audit involved examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements; assessing accounting principles used and significant estimates made by management; and evaluating the overall financial statement presentation. The independent auditors' report is presented as the first component of the financial section of the report.

The independent audit of the financial statements of the County was part of a broader, federally mandated "Single Audit" designed to meet the special needs of federal grantor agencies. The standards governing Single Audit engagements require an independent auditor to report not only on the fair presentation of the financial statements, but also on the audited government's internal controls and compliance with legal requirements, with special emphasis on internal controls and legal requirements involving the administration of federal awards. These reports are available in the Single Audit Section of this report.

GAAP require that management provide a narrative introduction, overview, and analysis to accompany the basic financial statements in the form of Management's Discussion and Analysis (MD&A). This letter of transmittal is designed to complement the MD&A and should be read in conjunction with it. The County's MD&A can be found immediately following the report of the independent auditors.

Profile of the Government

Incorporated in 1833, Champaign County is located about 135 miles south of Chicago, at the crossroads of Interstates 57, 72, and 74 in the heart of East Central Illinois. The County is nearly 1,000 square miles in area, with a population of 209,689 (2019 estimate) who live in two cities, 24 incorporated villages, and on rural home sites.

The economic base of Champaign County is comprised largely of education, agriculture and medicine. Champaign County is home to the University of Illinois and enjoys the benefits of both urban and rural life, with abundant cultural and athletic events ranging from performing arts and museums to Big Ten Sports. Champaign County is a regional medical center with two large clinic/hospital complexes. Approximately 85% of Champaign County's land is farmed, with the principal crops being corn and soybeans.

The Champaign County Board is the legislative arm of County Government. The Board consists of 22 board members, 2 from each of the 11 districts. The board members elect a chairman for a two-year term from among the members. There was an appointed county administrator with the responsibility of service to the board until December 1, 2018 when the first elected County Executive was sworn in.

Illinois law determines the functions and services of county government. The largest portion of the County's governmental expenditures are for the administration of justice and public safety, including the State's Attorney, Public Defender, Circuit Clerk, Circuit Court, Court Services (adult and juvenile probation and juvenile detention center), and the Sheriff's functions (road patrol and the county correctional center).

Other functions mandated by state statute include the construction and maintenance of county highways and bridges, the maintenance of the property tax system, voter registration and the election system, vital records such as birth, marriage, and death certificates, and the recording of deeds and other real estate records.

The County has also, until its sale on April 1, 2019, operated a nursing home, funded primarily by patient fees and Medicare/Medicaid reimbursements. Voters approved special property taxes in 1972 to fund mental health services, in 1995 to fund a Cooperative Extension Service, in 1996 to fund public health services for all county residents, in 2002 to fund social security and retirement contributions for Nursing Home employees, and in 2004 to fund services for the developmentally disabled.

The Champaign County Board created the Regional Planning Commission (RPC) in 1966 under state-enabling legislation allowing counties to create planning commissions for the welfare of County residents. Over the past decades, the RPC has expanded its scope beyond land use planning, and has been involved extensively in community and economic development, distribution of federal community services block grant funds, housing programs, weatherization and energy assistance programs, job and police training, transportation planning, senior and social services. In 1994, RPC began the operation of the Champaign County Head Start pre-school program.

There are 185 taxing districts in Champaign County. The County Treasurer is the tax collector for all these districts. In addition, the County Board is responsible for appointing the boards of special districts such as cemetery districts, mass transit, and forest preserve districts. The districts are not considered part of county government since they are independent in setting taxes and budgets.

Factors Affecting Financial Condition

The information presented in the financial statements is perhaps best understood when it is considered from the broader perspective of the specific environment within which the County operates.

Local Economy. Champaign County has not been immune to the effects of the national economic downturn. Still, it has fared better than many other localities in Illinois, due to the area's diverse and relatively stable economic base. The University of Illinois at Urbana-Champaign dominates the local economy with over 24,000 jobs and more than 50,000 students. The Champaign-Urbana area is a regional healthcare center featuring Carle Foundation Hospital and Clinic, Presence Covenant Medical Center, and Christie Clinic. The remaining commercial base of the economy is primarily comprised of retail, food, service, and agriculture. The average unemployment rate for Champaign County decreased to 2.8% in 2019, a slight decrease from the previous year's rate of 4.2%. This rate is lower than the state rate of 3.5% and below the national rate of 3.6% at the close of 2019.

Long Term Financial Planning. The ending budgetary-basis fund balance for the general fund sits at 18% of actual total general fund expenditures and transfers out at the close of the fiscal year ended December 31, 2019. This fund balance represents an increase of \$4.89 million from FY2018. A minimum fund balance of 45-days or 12.5% of operating expenditures is set forth in policy guidelines adopted by the County Board for budgetary and planning purposes.

On April 1, 2019, Champaign County finalized the sale of the newly renamed University Rehabilitation Center. The County has guaranteed payments for all residents in Public Aid Pending (PAP) status at the time of closing through the end of calendar year 2020. In addition, the county continues to pay obligations of the Home from before the sale.

Fiscal Year. On March 21, 2013, the County Board approved Resolution 8468 which changed the County's old fiscal year of December 1st through November 30th, to a fiscal year based on the calendar year, namely January 1st through December 31st.

Cash Management Policies and Practices. The County's investment policy is to minimize risk while maintaining a competitive yield. Cash temporarily idle during the year was invested in certificates of deposit, money market accounts, and the State Treasurer's investment pool. County government is restricted in its investment options by state law and will remain in conservative investment portfolios.

As of December 31, 2019, the County had \$56,071,780 in cash on hand, demand deposits, and various investment instruments. Details of the County's deposits and investments are explained in Note 6 of the Notes to the Financial Statements.

Risk Management. The County maintains a self-funded insurance fund for worker's compensation insurance and liability and auto insurance. The County's risk retention for worker's compensation insurance is \$300,000 per individual per claim and for liability and auto insurance is \$250,000 per occurrence. Commercial insurance has been purchased for claims in excess of this retention. Additional information on the County's risk management activity can be found in Note 16 of the Notes to the Financial Statements.

Pension and Other Post-Employment Benefits. The County provides pension benefits for its employees through a state-wide plan managed by the Illinois Municipal Retirement Fund (IMRF). The County has no obligation in connection with pension benefits offered through this plan beyond its annual contributions to IMRF. Additional information on the County's pension arrangements can be found in Note 21 of the Notes to the Financial Statements.

The County provides other post-employment benefits (OPEB) to employees in the form of an implicit rate subsidy for retirees' health insurance premiums. Although retirees pay the entire amount of their health insurance premiums, the premiums are set at a blended rate based on the entire group, which includes younger, healthier active employees along with the retirees. Thus, the retirees pay premiums that are lower than the true cost of the healthcare benefits they receive. See Note 22 in the Notes to the Financial Statements for further discussion of OPEB.

Acknowledgements

I would like to thank the entire staff for their hard work, and contributions to this year's Comprehensive Annual Financial Report. I also would like to recognize the Champaign County Board, County Administrator and Accounting Manager for their support in maintaining the highest standards of professionalism regarding the management of County's finances. Countywide Elected Officials and Department Heads were also helpful and cooperative during the audit process.

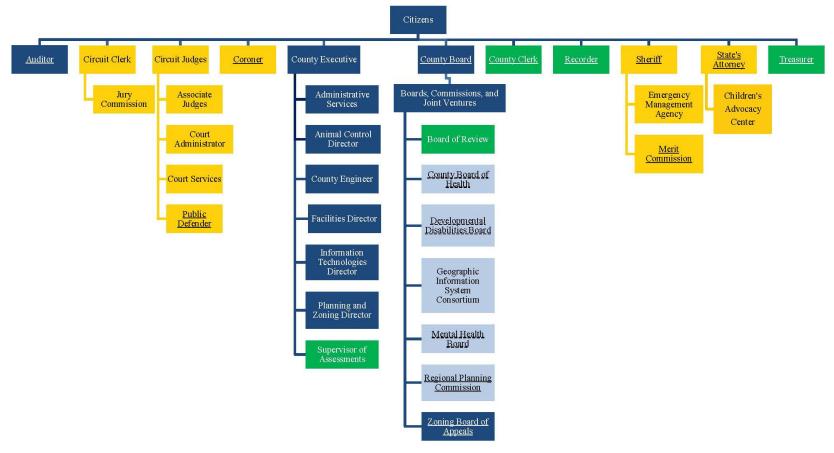

Respectfully submitted,

GEORGE P. DANOS

CHAMPAIGN COUNTY AUDITOR

Jeorge P. Danos

COUNTY OF CHAMPAIGN, ILLINOIS ORGANIZATION CHART DECEMBER 31, 2019

Notes:

- Appointed boards operate with different degrees of independence. The Mental Health Board, Developmental Disability Board and County Public Health Board are appointed by the County Board. Their budgets and tax levies require County Board approval, but their expenditures do not.
- The Board of Review and Zoning Board of Appeals are appointed by the County Board and their budgets and expenditures require County Board approval.
- The Regional Planning Commission consists of two members of the County Board, the Chairman of the County Board (an ex-officio member), the mayors of Champaign, Urbana, and Rantoul, a second representative appointed by Champaign and a second representative appointed by Urbana. One additional member, elected by the RPC Commission members, serves as minority representative. The RPC budget and expenditures require County Board approval, but the Board has delegated expenditure oversight to the Commissioners.

COUNTY OF CHAMPAIGN, ILLINOIS GENERAL INFORMATION DECEMBER 31, 2019

DATE OF INCORPORATION: February 20, 1833

FORM OF GOVERNMENT: 22-member County Board, 2 representatives from each of eleven districts

COUNTY EMPLOYEES: 689 Full Time, 178 Part Time

COUNTY SEAT: Urbana (which, with its twin city of Champaign, is the urban center of the County)

LAND AREA: 1,008 square miles (645,120 acres)

POPULATION:	U.S. Census	1950	106,100
		1960	132,436
		1970	163,281
		1980	168,392
		1990	173,025
		2000	179,669
		2010	201,081
		2019 est.	209,689

COUNTY ROADS: 193 miles of paved roads under County jurisdiction.

TRANSPORTATION: Passenger airlines (1); railroad lines (1); bus lines (3); major federal and state highways, including 3 interstate highways.

AGRICULTURE: Corn and soybeans are the major crops. Per the USDA Census of Agriculture:

<u>Year</u>	Farmland Acreage	% of Farmland To Total Acreage
1987	594,227	93.2%
1992	571,807	89.7%
1997	567,697	89.0%
2002	577,066	90.5%
2007	550,481	86.3%
2012	616,493	96.7%
2017	582,689	91.4%

MAJOR INSTITUTIONS:

University of Illinois: The County's largest single employer, this 2,295 acre main campus of the state university employs 14,300 people, including 5,530 faculty and instructional staff; 4,077 academic professionals; and 4,132 support staff. Student enrollment is 49,339

Parkland Community College: A two-year community college with 6,802 students and 885 employees, Parkland serves portions of twelve counties in East Central Illinois.

GOVERNMENTAL FUNDS

General Corporate Fund 080: The principal operating fund of the County finances most activities for which there is no specific tax levy or user fee. The General Corporate property tax rate limit is .25% [Illinois Compiled Statutes 55 ILCS 5/5-1024]. An additional property tax for cooperative extension education, passed by referendum in November, 1995, has a limit of .03% [505 ILCS 45/8]. Proceeds from the cooperative extension tax levy are passed on to the University of Illinois.

Special Revenue Funds

Animal Control Fund 091: License and other fees to provide for the registration of dogs and cats, impoundment of strays, and rabies control. Use is restricted by state statute [510 ILCS 5/7] and County Ordinance [No. 822].

<u>Child Advocacy Center Fund 679</u>: Federal, state and local grant funding for the operation of a child advocacy center to provide abuse prevention education, compassionate support to abused children and coordination of the investigation and prosecution of abuse cases. Use is restricted by the grant agreements.

<u>Child Support Services Fund 617</u>: Fee for the Circuit Clerk to administer the collection and distribution of child support payments. Use is restricted by state statute [705 ILCS 105/27.2a(bb)(4)].

<u>Circuit Clerk Electronic Citations Fund 632</u>: Fee for the Circuit Clerk to establish and maintain a system of electronic citations. Use is restricted by state statute [705 ILCS 105/27.3e].

<u>Circuit Clerk Operations and Administration Fund 630</u>: Fee for the Circuit Clerk to offset the costs of collecting and disbursing funds to entities of state and local governments. Use is restricted by state statute [625 ILCS 5/16-104c(b), 705 ILCS 105/27.3d].

<u>County Bridge Fund 084</u>: Property tax for the construction and maintenance of county bridges. Also provides 50% of the cost of bridge construction in rural townships. Rate limit is .05%. Use is restricted by state statute [605 ILCS 5/5-602].

<u>County Clerk Surcharge Fund 611</u>: Fees collected on death certificates and marriage/civil union licenses issued by the County Clerk. Use is restricted by state statute [410 ILCS 535/25, 55 ILCS 5/4-4001].

County Clerk's Automation Fund 670: Fee for automating the County Clerk's vital records storage system. Use is restricted by state statute [55 ILCS 5/4-4001].

County Highway Fund 083: Property tax for maintenance of county highways. Rate limit is 10%. Use is restricted by state statute [605 ILCS 5/5-601].

<u>County Historical Fund 629</u>: Donated funds for the purpose of establishing a museum in the County Courthouse. Use is restricted by donor designations.

<u>County Jail Medical Costs Fund 659</u>: Court fee for the Sheriff to defray the cost of medical expenses for persons under arrest. Use is restricted by state statute [730 ILCS 125/17].

<u>County Motor Fuel Tax Fund 085</u>: State shared revenue from motor fuel taxes for construction and maintenance of county highways. Use is restricted by state statute [605 ILCS 5/5-701].

<u>County Public Health Fund 089</u>: Property tax to provide community health services, such as immunizations and restaurant inspections. Rate limit is .10% by referendum passed November, 1996. Use is restricted by state statute [55 ILCS 5/5-25003 and 5/5-25010].

Special Revenue Funds (continued)

<u>Court Document Storage Fund 671</u>: Fee to defray the cost of establishing and maintaining a document storage system for county court records, administered by the Circuit Clerk. Use is restricted by state statute [705 ILCS 105/27.3c].

<u>Court's Automation Fund 613</u>: Fee for automating court records, administered by the Circuit Clerk. Use is restricted by state statute [705 ILCS 105/27.3a].

<u>Developmental Disability Fund 108</u>: Property tax to provide funding for the care and treatment of persons with a developmental disability. Rate limit is .10% by referendum passed November, 2004. Use is restricted by state statute [55 ILCS 105/1].

<u>Early Childhood Fund 104</u>: Federal and state grants for education and development programs, commonly known as Head Start, for low-income pre-school children and their families. Use is restricted by grant agreements.

<u>Election Assistance / Accessibility Grant Fund 628</u>: Federal and state grants to improve voter accessibility at election poling sites, administered by the County Clerk. Use is restricted by grant agreements.

<u>Foreclosure Mediation Fund 093</u>: Self-funded program designed to reduce the burden of expenses sustained by lenders, borrowers, and taxpayers as a result of residential mortgage foreclosures. Also designed to aid the administration of justice by the reduction of court cases; keeping families in homes, and preventing vacant and abandoned houses.

<u>Geographic Information System Fund 107</u>: Fee collected by the County Recorder for the County Board to create and maintain a county-wide map through a geographic information system. Use is restricted by state statute [55 ILCS 5/3-5018].

<u>Highway Federal Aid Matching Fund 103</u>: Property tax to pay for engineering and right-of- way costs, utility relocations and the County's share of construction on specific federal highway projects. Rate limit is .05%. Use is restricted by state statute [605 ILCS 5/5-603].

Illinois Municipal Retirement Fund 088: Property tax for employer's share of IMRF pension plan for County employees. There is no rate limit. Use is restricted by state statute [40 ILCS 5/7-171 and 40 ILCS 5/22-403].

<u>Jail Commissary Fund 658</u>: Accounts for the purchase and sale of sundries to prisoners in the Correctional Center. Use is restricted by State of Illinois Administrative Code [Title 20, Chapter I, Subchapter f, Part 701, Section 701.250].

<u>Law Library Fund 092</u>: Court fees to maintain the law library in the courthouse. Use is restricted by state statute [55 ILCS 5/5-39001].

Mental Health Fund 090: Property tax to provide funding to mental health agencies. Rate limit was originally .10% by referendum passed November, 1972, then later revised by a legislative change to .15%. Use is restricted by state statute [405 ILCS 20/4].

<u>Probation Services Fund 618</u>: Court fees to be used on direction of the chief judge of the circuit court to pay costs, other than salaries, of operating the County's Court Services Department. Use is restricted by state statute [730 ILCS 110/15.1].

<u>Property Tax Interest Fee Fund 627</u>: Fee on properties sold at tax sales to be used by the County Treasurer to pay interest and costs on property tax sales in error. Use is restricted by state statute [35 ILCS 200/21-330].

Special Revenue Funds (continued)

<u>Public Defender Automation Fund 615</u>: Fee for automating court records, administered by the Circuit Clerk. Use is restricted by state statute [705 ILCS 105/27.3a].

<u>Public Safety Sales Tax Fund 106</u>: One-quarter percent special retailer's occupation tax imposed by the County Board upon approval by the voters in November 1998. Use is restricted to public safety purposes by state statute [55 ILCS 5/5-1006.5]. The County Board has further designated this revenue to repay bonds issued to finance construction of public safety facilities and to support other public safety programs, such as juvenile delinquency prevention and courts technology.

<u>Recorder's Automation Fund 614</u>: Fee for automating records in the Recorder's Office. Use is restricted by state statute [55 ILCS 5/3-5018].

Regional Planning Commission Fund 075: Federal and state grants for economic development, community services, senior services, energy assistance, transportation engineering and police training, plus contracts with local agencies for planning and other technical assistance. Use is restricted by grant agreements and contracts.

Regional Planning Commission Economic Development Loan Fund 475: Federal grants for low interest loans to new or expanding businesses, or for rehabilitating rental/housing properties. Loan repayments are used to fund loans to new applicants. Use is restricted by grant agreements.

Regional Planning Commission USDA Revolving Loan Fund 474: Federal grants for loans to promote growth of existing and new businesses in rural areas in a six-county region. Use is restricted by grant agreements.

Sheriff Drug Forfeitures Fund 612: Forfeitures from drug cases distributed by the Illinois State Police for the Sheriff to use in the enforcement of laws governing controlled substances. Use is restricted by state statutes [720 ILCS 550/12(g), 720 ILCS 570/505(g)].

<u>Social Security Fund 188</u>: Property tax for employer's share of social security (FICA) for County employees. There is no rate limit. Use is restricted by state statute [40 ILCS 5/21- 110].

Solid Waste Management Fund 676: Waste hauler license fees authorized by state statute [55 ILCS 5/5-8002 and 5/5-8003]. By resolution [No. 7972] adopted in November 2011, the County Board has committed these fees to expenditures that will support the initiatives identified in the Champaign County Solid Waste Management Plan.

<u>Specialty Courts Fund 685</u>: Specialized probation program administered by the Mental Health Board with the goal of reducing the number of drug offenders who are incarcerated and who re-offend. Funding comes from a court-assessed fee, which is sometimes supplemented by federal grant funds. Use is restricted by state statute [55 ILCS 5/5- 1101(f)] and grant agreements.

State's Attorney Drug Forfeitures Fund 621: Forfeitures from drug cases distributed by the Illinois State Police for the State's Attorney to use in the enforcement of laws governing narcotics activity. Use is restricted by state statute [720 ILCS 550/12(g) and 720 ILCS 570/505(g)].

<u>State's Attorney Records Automation Fund 633</u>: Funds will be used by the State's Attorney to establish and maintain automated record keeping systems including but not limited to expenditure for hardware, software, research and developments costs and associated personnel costs [55ILCS 5/4-2002].

<u>Tax Sale Automation Fund 619</u>: Fee for the automation of property tax collections and delinquent property tax sales, administered by the County Treasurer. Use is restricted by state statute [35 ILCS 200/21-245].

Special Revenue Funds (continued)

<u>Tort Immunity Fund 076</u>: Property tax to pay for property insurance, liability insurance, workers' compensation insurance, unemployment insurance, and judgments against the County. There is no rate limit. Use is restricted by state statute [745 ILCS 10/9-107].

<u>Victim Advocacy Grant Fund 675</u>: Federally funded grant to provide services to victims of violent crime, including juvenile crime and offenses, through a Victim Advocacy Program Director in the State's Attorney's Office. Use is restricted by the grant agreement.

<u>Workforce Development Fund 110</u>: Federal grants for education and workforce development programs, provided by the federal Workforce Investment Act (WIA), for job seekers, laid off workers, youth, incumbent workers, new workers, veteran, persons with disabilities and employers. Use is restricted by grant agreements.

Working Cash Fund 610: Property tax (1976 and 1977 only) to provide working cash to avoid issuance of tax anticipation notes or warrants. Fund balance is to be held constant at \$377,028. Rate limit is .025%. Use is restricted by state statute [55 ILCS 5/6-29003].

MHB/DDB CILA Facilities Fund 101: Community Integrated Living Arrangement (CILA) provides for small "group" homes in Champaign County for persons with I/DD. CCMHB has provided \$50,000 towards these purchases.

Debt Service Funds

<u>2003 Series Nursing Home Bond Debt Service Fund 074</u>: Property tax (no rate limit) for repayment of bonds issued in 2003 to finance construction of a nursing home facility. Bonds are scheduled for retirement through 2022. Use is restricted by bond covenants.

Capital Projects Funds

<u>Capital Asset Replacement Fund 105</u>: Fund started in FY2000 to accumulate resources assigned by the County Administrator to the planned replacement of capital assets for General Corporate Fund departments. This fund was previously reported as a special revenue fund, but was reclassified in FY2011.

<u>Court Complex Construction Fund 303</u>: To account for the construction of a new court facility and the remodeling of the old courthouse, financed through alternative revenue source bonds issued in 1999, 2000, and 2007, backed by a 1/4 cent public safety sales tax. An additional project to restore the historic courthouse clock and bell tower was financed through private donations. The construction and restoration has been completed and all bond money and donations have been spent. The residual balance remaining in the fund is unspent investment earnings and is assigned to be used on future courthouse equipment purchases and building repairs or improvements.

PROPRIETARY FUNDS

Enterprise Fund

<u>Nursing Home Fund 081</u>: Operating fund for the County Nursing Home. Funding comes mostly from user fees supplemented by a property tax approved by referendum in November 2002. The property tax rate limit is .03% [55 ILCS 5/5-21001].

Internal Service Funds

<u>Employee Health Insurance Fund 620</u>: Employee payroll deductions and billings to the various County funds provide a pool from which premiums are paid for health and life insurance benefits provided for employees.

<u>Self-funded Insurance Fund 476</u>: Accounts for risk financing activities (liability, auto, property and workers' compensation) funded through billings to the various County funds.

FIDUCIARY FUNDS

Private Purpose Trust Funds

<u>Township Bridge Fund 087</u>: State funding for construction of township bridges over 20 feet in length, administered by the County Highway Engineer in a trustee capacity on behalf of the various townships. This funding is not available to support County programs.

<u>Township Motor Fuel Tax Fund 086</u>: State funding from motor fuel taxes for township road maintenance and construction, administered by the County Highway Engineer in a trustee capacity on behalf of the various townships. This funding is not available to support County programs.

Agency Funds

<u>Circuit Clerk Fund</u>: Court fees and fines which are collected by the Circuit Clerk and disbursed to the County Treasurer and other local governments.

<u>County Clerk Fund</u>: Tax redemptions collected and remitted to the persons who bought property at the tax sale, when the original owner later redeems his/her taxes. This fund also includes all fees collected by the County Clerk before they are deposited with the County Treasurer.

County Collector Fund: Collection and distribution of property taxes for local taxing districts.

<u>Court Services Fund</u>: Restitution for victims of crime plus public service worker activities administered by the Court Services Director.

Estate Fund 097: Unclaimed estates held by the County until disposition is determined by court order.

Garnishments Fund 699: Court-ordered wage garnishments withheld from County employees.

<u>Property Condemnations Fund 667</u>: Deposits held by the County Treasurer until the court determines just compensation for property condemned under the eminent domain statutes.

<u>Sheriff Foreclosure Fund 687</u>: Deposits held by the County Sheriff until the court determines disbursement of proceeds from property foreclosures sales.

<u>ADA Compliance</u> - This budget, under the authority of the County Board, is not a county department, but is the budget for all remedial action required under the terms of the Settlement Agreement Between the United States of America and Champaign County, Illinois Under the Americans With Disabilities Act – DJ 204-24-116.

Administrative Services - Acts as the personnel office; handles job classification and salary administration. Processes bi-weekly payroll and Illinois Municipal Retirement for County employees. Administers insurance covering property, liability, workers' compensation, unemployment and employee health. Assists other County departments in securing bids or price quotes and issuing purchase orders. Prepares the annual budget for County Board approval.

<u>Animal Control</u> - Enforces Animal Control Act and county ordinances requiring rabies vaccination and dog and cat registration. Investigates animal bites and claims made for livestock killed by dogs. Operates an animal impound facility used by most local jurisdictions.

<u>Auditor</u> - Internal auditor and chief accountant for the County. Pays all County bills. Audits for compliance with County Board policy and state and federal law. Maintains centralized accounting system, generating weekly and monthly accounting reports for all County departments. Prepares the County's Comprehensive Annual Financial Report.

<u>Board of Health</u> - Eight-member board appointed by the County Board to provide community health services, such as immunizations and restaurant inspections. This board was created pursuant to a referendum passed by voters in November, 1996.

<u>Board of Review</u> - Three-person board appointed by the County Board to revise assessments of real property and assess all real property not assessed by a township assessor. Acts on written complaints of incorrectly assessed property and applications for property to be declared exempt from taxation. Signs certificates of error and distributes copies to County Clerk and County Collector. Delivers one set of completed assessment books to the County Clerk, who then certifies the abstract of assessments to the Illinois Department of Revenue.

<u>Child Advocacy Center</u> – Provides child abuse prevention education, compassionate support to abused children and coordination of the investigation and prosecution of abuse cases.

<u>Circuit Clerk</u> - Handles all court records of Champaign County. Produces all appeal records, issues passports and juror's vouchers. Is represented by a clerk at all jury trials. Accepts payment of and disburses court ordered fines and fees.

<u>Circuit Clerk Support Enforcement</u> - Contract with the State of Illinois Department of Healthcare and Family Services for federal and state reimbursement of expenditures in connection with ensuring that child support payments are made.

<u>Circuit Court</u> - The Circuit Court is the court of general jurisdiction in the State of Illinois. Champaign County is in the Sixth Judicial Circuit, along with five other neighboring counties. The Circuit Judges in Champaign County are elected by the voters in the Circuit. The Associate Judges are appointed by the Circuit Judges for four-year terms. All judges are paid by the state.

<u>Cooperative Extension Service</u> - Cooperative extension education property tax levied by the County and turned over to the University of Illinois Cooperative Extension Service. Cooperative Extension Service programs include 4-H, youth and adult education programs.

<u>Coroner</u> - Investigates all deaths where the decedent was not attended by a licensed physician. Responsible for determining the manner and cause of each death to decide if an inquest is necessary; prepares and conducts inquests.

<u>Correctional Center</u> - This department accounts for most expenditures related to the operations of the County Jail and Satellite Jail. Utility costs are included under Public Properties. The Satellite Jail, completed in 1996, is the main intake/release facility for the county.

<u>County Board</u> - Coordinates and implements actions of the County Board and performs duties required by state statutes. Prepares weekly committee calendar and committee minutes.

<u>County Clerk</u> - Ex-Officio Clerk of the County Board; records County Board minutes; issues county licenses (marriage, liquor, motel); keeps records and issues certificates of vital statistics (birth, death, marriage); registers voters; conducts elections; files campaign disclosures and statements of economic interest; computes property tax extensions and mobile home privilege tax; keeps county maps on file.

<u>Court Services/Probation</u> - Juvenile Division makes recommendations to the Court on petitions concerning minors. Should the minor be placed on probation or under court supervision, the probation officer provides counseling, supervision and referral to appropriate community resources. Adult Division conducts pre-sentence investigations and prepares pre-sentence reports for the courts. If a defendant is sentenced to probation, the probation officer provides rehabilitative counseling and endeavors to see that the conditions of probation are carried out.

<u>Debt Service</u> – Department set up to accumulate resources restricted for the repayment of general obligation bonds, for which the County's general sales tax revenue has been pledged to repay.

<u>Deputy Sheriff Merit Commission</u> - Three member commission which certifies persons as eligible to serve as sworn deputies. Handles major disciplinary actions and discharge of sworn personnel. Members of commission are appointed by County Board upon recommendation of County Sheriff.

<u>Developmental Disability Board</u> - Three member board appointed by the County Board to administer services for persons with a developmental disability. This board was created pursuant to a referendum passed by voters in November, 2004.

<u>Early Childhood Program</u> - Early childhood education and development program, commonly known as Head Start, funded by federal grants from the Department of Health and Human Services and administered in Champaign County by the Regional Planning Commission.

Emergency Management Agency - Trains volunteers and acts to protect persons and property in the event of a disaster.

<u>General County</u> - This department accounts for General Corporate revenues and expenditures that are not allocated to specific General Corporate departments. Revenues include property, sales and income taxes. Expenditures include employee health insurance, independent audit, grants to local agencies and Regional Planning Commission membership dues.

<u>Highway</u> - Prepares plans, specifications and estimates for construction of County highways, bridges and culverts; supervises their construction and maintenance.

<u>Information Technology</u> – As a division of Administrative Services, provides computer support to County departments, covering hardware, purchased software, and customized in-house programming. Operates a secure computer network, email system and County website. Offers a helpdesk to assist County employees with both hardware and software issues.

<u>Jury Commission</u> - Three-person commission appointed by the Circuit Court Judges to compile a list of potential jurors based on registered voters and holders of Illinois driver's licenses or identification cards.

<u>Juvenile Detention Center</u> - Operates a secure, locked facility for minors apprehended by law enforcement agencies.

<u>Law Library</u> - Provides law reference materials for the use of all members of the public, but used mainly by local attorneys and judges.

<u>Mental Health Board</u> - Nine-member board appointed by the County Board to provide funding to mental health agencies.

<u>Nursing Home</u> - The Nursing Home is licensed to provide skilled, intermediate and shelter care. Other care options include a special unit for Alzheimer's and Related Disorders, an Adult Day Care Program, and a Respite Care Program. A new Nursing Home facility was constructed in 2003-2006 and put into service in February 2007.

<u>Physical Plant</u> - Provides custodial and maintenance services for all County buildings and grounds. This department is under the direction of the County Administrator as a division of the Administrative Services Department.

<u>Planning and Zoning</u> - Reviews applications and issues zoning use permits. Inspects to ensure compliance with the zoning ordinance and investigates alleged violations. From June 1990 to December 2005, the County Board contracted with the Regional Planning Commission to provide these services. In 2006, the program returned to being run by employees in the General Corporate Fund. This department also pays the per diems of the Zoning Board of Appeals, which is a six-member board appointed by the County Board.

<u>Public Defender</u> - Court-appointed attorneys to represent indigent persons charged with crimes in Champaign County, involving every type of crime from murder to traffic offenses. Provides the same legal representation that defendants would receive from private counsel.

<u>Recorder</u> - Responsible for the recording of various instruments including deeds, mortgages, affidavits, plats, mechanics liens, corporation papers, surveys, and military discharges. These instruments are indexed and preserved through electronic imaging. Handles State of Illinois revenue stamps (transfer tax) for sales and transfers of property.

<u>Regional Office of Education</u> - Pays Champaign County's portion of certain administrative costs incurred by the Champaign/Ford Counties Regional Office of Education.

Regional Planning Commission - A nine-member advisory body created by the County Board to supply information and technical assistance to local government officials in the areas of planning, land use, housing, transportation engineering, public administration, community and economic development. Has expanded into the areas of police training and community service grants, including the Senior Services Program and Energy Assistance Programs. Administers the Early Childhood and Workforce Initiative Programs.

<u>Sheriff</u> - Patrols the rural areas and unincorporated towns and villages. Investigates crimes and serves civil papers (lawsuits, divorces, small claims, subpoenas, court orders and notices). Operates the two county jails and takes prisoners to court for arraignment and trial. Attends court and is responsible for court security. Transports prisoners to the state penitentiary. Handles mental cases and transports them as necessary.

<u>Solid Waste Management</u> – Maintains and updates the County' Solid Waste Management Plan, coordinates Residential Electronics Collection and Household Hazardous Waste collection events.

<u>State's Attorney</u> - Prosecutes all actions, civil and criminal, in the Circuit Court. Commences and prosecutes all actions and proceedings brought by any County Officer and defends actions and proceedings brought against the County or against County Officers. Gives opinions to any County officer upon questions of law relating to the County.

<u>State's Attorney Support Enforcement</u> - Contract with the State of Illinois Department of Healthcare and Family Services for federal and state reimbursement of expenditures in connection with enforcing court-ordered child support payments.

<u>Supervisor of Assessments</u> - Maintains tax maps, property record cards and exemption certificates related to property tax assessments. Keeps current list of property owners. Publishes assessments in newspapers, sends notices of assessment changes to taxpayers and issues certificates of errors. Instructs, consults and assists township assessors and has the statutory power to make assessments.

<u>Treasurer</u> - Responsible for the receipt of County revenue and for the investment and disbursement of County funds. As County Collector, collects and distributes property and mobile home taxes for all taxing districts in the County. Bills and collects drainage assessment taxes. Supervises the sale of delinquent real estate taxes.

<u>Veterans Assistance Commission</u> - The Veterans Assistance Commission is an assistance program of the Veterans Assistance Commission (VAC) Executive Board, an entity composed of delegates from the major veterans' organizations in Champaign County. The program is created under the provisions of the Military Assistance Act 330 ILCS 545, and is funded by the Champaign County Board, for the benefit of veterans living in Champaign County. The program, opened December 1, 2012, is designed to assist an individual veteran, his/her spouse, or the veteran's minor children through some difficult financial hardships.

Financial Section

INDEPENDENT AUDITORS' REPORT

To the Members of the County Board Champaign County Urbana. Illinois

Report on the Financial Statements

We have audited the accompanying financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of Champaign County, Illinois, as of and for the year ended December 31, 2019, and the related notes to the financial statements, which collectively comprise Champaign County's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditors' judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control over financial reporting relevant to Champaign County's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances but not for the purpose of expressing an opinion on the effectiveness of Champaign County's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

To the Members of the County Board Champaign County

Opinions

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of Champaign County, Illinois, as of December 31, 2019 and the respective changes in financial position and, where applicable, cash flows thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis and required supplementary information as listed in the table of contents be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Supplementary Information

Our audit for the year ended December 31, 2019 was conducted for the purpose of forming opinions on the financial statements that collectively comprise Champaign County's basic financial statements. The combining statements and individual fund statements and schedules for the year ended December 31, 2019 as listed in the table of contents are presented for purposes of additional analysis and are not a required part of the basic financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. The information has been subjected to the auditing procedures applied in the audit of the basic financial statements for the year ended December 31, 2019, and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the combining statements and individual fund statements and schedules are fairly stated in all material respects, in relation to the basic financial statements as a whole for the year ended December 31, 2019.

To the Members of the County Board Champaign County

We also previously audited, in accordance with auditing standards generally accepted in the United States of America, the basic financial statements of Champaign County as of and for the year ended December 31, 2018 (not presented herein), and have issued our report thereon dated July 8, 2020, which contained unmodified opinions on the respective financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information. The combining statements and individual fund statements and schedules for the year ended December 31, 2018 are presented for purposes of additional analysis and are not a required part of the basic financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the 2018 financial statements. The information has been subjected to the auditing procedures applied in the audit of the 2018 basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare those financial statements or to those financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the combining statements and individual fund statements and schedules are fairly stated in all material respects in relation to the basic financial statements as a whole for the year ended December 31, 2018.

Other Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise Champaign County's basic financial statements. The introductory and statistical sections are presented for purposes of additional analysis and are not a required part of the basic financial statements. Such information has not been subjected to the auditing procedures applied in the audit of the basic financial statements, and accordingly, we do not express an opinion or provide any assurance on it.

Other Reporting Required by Government Auditing Standards

Baker Tilly US, LLP

In accordance with *Government Auditing Standards*, we have also issued our report dated June 1, 2021 on our consideration of Champaign County's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is soley to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of Champaign County's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering Champaign County's internal control over financial reporting and compliance.

Oak Brook, Illinois June 1, 2021

COUNTY OF CHAMPAIGN, ILLINOIS MANAGEMENT'S DISCUSSION & ANALYSIS DECEMBER 31, 2019

(Unaudited)

As management of the County of Champaign, we offer readers of these financial statements this narrative overview and analysis of the financial activities of the County of Champaign for the fiscal year ended December 31, 2019. We encourage readers to consider the information presented here in conjunction with additional information that we have furnished in our letter of transmittal, which can be found starting on page 15 of this report.

Financial Highlights

- The assets/deferred outflows of the County of Champaign exceeded its liabilities/ deferred inflows at the close of the most recent fiscal year by \$89,281,425 (Total Net Position). This represents a decrease in net position of approximately \$2.3 million or 2.5% between 2018 and 2019. The net position related to Governmental Activities increased by \$17.1 million (22.1%) and the net position for the Business-Type Activities decreased by \$19.4 million or 135.6%.
- At the close of the current fiscal year, the County's governmental funds reported combined ending fund balances of \$46,904,161, an increase of \$6.4 million from the prior year. \$35,132,363 of this fund balance is restricted to use for specific purposes such as Debt Service, Public Safety, Health & Education, Development, and Public Works by way of state statutes, grantor/donor stipulations, or debt covenants.
- For the fiscal year ended December 31, 2019, the unassigned fund balance for the County's General Fund was \$9,621,950, or 25.0% of total general fund expenditures. This was approximately \$6.2 million, or 181.6% higher than the unassigned fund balance for fiscal year 2018.
- Champaign County issued one new debt certificate in fiscal year 2019. Total general bonded debt decreased by \$7,570,000 or 30.5% from fiscal year 2018.

Overview of the Financial Statements

This discussion and analysis are intended to serve as an introduction to Champaign County's basic financial statements. Champaign County's basic financial statements comprise three components: 1) government-wide financial statements, 2) fund financial statements, and 3) notes to the financial statements. This report also contains required supplementary information in addition to the basic financial statements themselves.

Government-Wide Financial Statements. The government-wide financial statements are designed to provide readers with a broad overview of Champaign County's finances, in a manner similar to that of a private-sector business.

- The Statement of Net Position presents information on all of Champaign County's assets/deferred outflows and liabilities/deferred inflows, with the difference between these reported as Total Net Position. Over time, increases or decreases in the total net position may serve as a useful indicator of whether the financial position of Champaign County is improving or deteriorating.
- The Statement of Activities presents information showing how the government's net position changed during the most recent fiscal year. All changes in total net position are reported as soon as the underlying event giving rise to the change occurs, regardless of the timing of related cash flows. Thus, revenues and expenses are reported in this statement for some items that will only result in cash flows in future fiscal periods (e.g., uncollected sales taxes and earned but unused vacation leave).

(Unaudited)

Both government-wide financial statements distinguish functions of the County that are principally supported by taxes and intergovernmental revenues (*governmental activities*) from other functions that are intended to recover all or a significant portion of their costs through user fees and charges (*business-type activities*). The governmental activities of the County of Champaign include general government, justice and public safety, health, education, social services, development, and highways and bridges. The business-type activities of the County of Champaign include the Champaign County Nursing Home. The government-wide financial statements do not include funds classified as Fiduciary Funds (discussed further below), because the resources of those funds are not available to support the County's programs.

The government-wide financial statements are on pages 51-52 of this report.

Fund Financial Statements. A fund is a grouping of related accounts that is used to maintain control over resources that have been segregated for specific activities or objectives. The County of Champaign, like other state and local governments, uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements. All the funds of the County of Champaign can be divided into three categories: governmental funds, proprietary funds, and fiduciary funds.

Governmental Funds. Governmental funds are used to account for essentially the same functions reported as governmental activities in the government-wide financial statements. However, unlike government-wide financial statements, governmental fund financial statements focus on near-term inflows and outflows of spendable resources, as well as on balances of spendable resources available at the end of the fiscal year. Such information may be useful in evaluating a government's near-term financing requirements.

Because the focus of governmental funds is narrower than that of the government-wide financial statements, it is useful to compare the information presented for *governmental funds* with similar information presented for *governmental activities* in the government- wide financial statements. By doing so, readers may better understand the long-term impact of the government's near-term financing decisions. Both the governmental fund balance sheet and the governmental fund statement of revenues, expenditures, and changes in fund balances provide a reconciliation to facilitate this comparison between *governmental funds* and *governmental activities*.

The County of Champaign maintains 48 individual governmental funds. Information is presented separately in the governmental funds balance sheet and in the governmental funds statement of revenues, expenditures, and changes in fund balances for the General Fund, Mental Health Fund, Early Childhood and Regional Planning Commission Fund, all of which are considered major funds. Data from the other 44 governmental funds are combined into a single, aggregated presentation. Individual fund data for each of these non- major governmental funds is provided in the form of *combining statements* elsewhere in this report.

The County of Champaign adopts an annual appropriated budget for all the governmental funds. A budgetary comparison statement has been provided for the general fund and major special revenue funds to demonstrate compliance with this budget.

The basic governmental funds' financial statements are presented on pages 53-56.

Proprietary Funds. The County of Champaign maintains two different types of proprietary funds. *Enterprise funds* are used to report the same functions presented as *business-type activities* in the government-wide financial statements. The County of Champaign uses one enterprise fund to account for its Nursing Home. *Internal service funds* are an accounting device used to accumulate and allocate costs internally among the various functions of the County.

The County of Champaign uses internal service funds to account for its self-funded insurance and employee health insurance. Because both these services predominately benefit governmental rather than business-type functions, they have been included within *governmental activities* in the government-wide financial statements.

(Unaudited)

Proprietary funds provide the same type of information as the government-wide financial statements, only in more detail. The proprietary funds financial statements provide information for the County Nursing Home, which is considered a major fund of the County of Champaign. Both internal service funds are combined into a single, aggregated presentation in the proprietary funds' financial statements. Individual fund data for the internal service funds is provided in the form of *combining statements* elsewhere in this report.

The basic proprietary funds financial statements can be found on pages 57-60.

Fiduciary Funds. Fiduciary funds are used to account for resources held for the benefit of parties outside the government. Fiduciary funds are not reflected in the government- wide financial statement because the resources of those funds are *not* available to support the County of Champaign's own programs. The accounting used for fiduciary funds is much like that used for proprietary funds. The basic fiduciary funds financial statements can be found on pages 61-62 of this report.

Notes to the Financial Statements. The notes provide additional information that is essential to a full understanding of the data provided in the government-wide and fund financial statements. The notes to the financial statements can be found on pages 63-101 of this report.

Other Information. In addition to the basic financial statements and accompanying notes, this report also presents certain *Required Supplementary Information* concerning (1) the County of Champaign's progress in funding its obligation to provide pension and other post-employment benefits to its employees; and (2) an actual to budget comparison for the County's major funds presented on the budgetary basis. This required supplementary information can be found in Exhibits XI, XII and XIII on pages 105-113 of this report.

The County's combining statements, referred to earlier in connection with non-major governmental funds and internal service funds, are presented immediately following the *Required Supplementary Information*. These statements can be found on pages 117-138 of this report.

Government-Wide Financial Analysis

As noted earlier, the total net position may serve over time as a useful indicator of a government's financial position. For Champaign County, assets and deferred outflows exceeded liabilities and deferred inflows by \$89,281,425 at the close of the fiscal year ended December 31, 2019. The table **County of Champaign's Net Position**, presented below, reflects the condensed Statement of Net Position.

The largest component of the County of Champaign's total net position (\$59,397,831) or 66.5%) is its investment in capital assets (e.g., land, buildings, machinery, and equipment) less any outstanding related debt used to acquire those assets. The County of Champaign uses these capital assets to provide services to citizens; consequently, these assets are *not* available for future spending. Although the County's investment in its capital assets is reported net of related debt, it should be noted that the resources needed to repay this debt must be provided from other sources, since the capital assets themselves cannot be used to liquidate these liabilities.

Another component of the County's total net position, totaling \$35,703,327 represents resources that are subject to external restrictions on how they may be used. Of this amount, \$22,772,618 is restricted by state statute; \$12,020,192 is restricted by grantor/donor stipulations; and \$910,517 is restricted by debt covenants. This leaves an unrestricted deficit balance of (\$5,819,733) as the final component of the total net position. This deficit balance includes net pension liability/(asset) of \$4,728,386, net deferred pension outflow/(inflow) of \$(7,782,419); net deferred outflow/(inflow) of \$195,311 related to other Post-Employment Benefits (OPEB), and total OPEB liability of \$3,537,645.

(Unaudited)

The unrestricted portion of the County's net position has typically been deficit balances. Between 2006 and 2018 these deficit balances have steadily decreased, except for 2014 when the deficit increased due to thirteen months of expenses offset by only twelve months of property tax revenues. In 2019, the deficit balance for the governmental activities continued to decline: to (\$722,339) from (\$13,059,209) in 2018. The business-type activities in 2019 showed a significant increase, of \$2,067,312 in the deficit balance to (\$5,097,394) in 2019 from (\$3,030,082) in 2018. A more detailed discussion related to the Enterprise Fund can be found under the Section for Business-Type Activities.

The following table presents a snapshot of Champaign County's Total Net Position for the fiscal year ended December 31, 2019 compared with December 31, 2018:

County of Champaign's Net Position

Total Net Position	\$ 94,378,819	\$ 77,270,497	\$ (5,097,394)	\$ 14,314,117	\$ 89,281,425	\$ 91,584,614		

Governmental Activities: The total net position reported for governmental activities increased by \$17.1 million or 22.1% between fiscal years 2019 and 2018. Approximately \$2.9 million of this was attributable to additional fines, permits, and charges for services with another \$2.2 million due to an increase in property tax revenue.

Business-Type Activities: The total net position reported in fiscal year 2019 for business-type activities was \$(5.1) million, a deficit increase of \$19.4 million or 135.6% from fiscal year 2018. In 2018 resolution 2018-141 dated 5/24/18 passed. This resolution resulted in the sale of the Champaign County Nursing Home. The sale was approved in a referendum by the taxpayers on April 4th, 2017 and finalized on March 31st, 2019. Disposal of fixed assets associated with the Nursing Home resulted in a loss of \$8,311,886.

In 2019, \$7,875,681 of interfund transfers were made on behalf of the Nursing Home from Champaign County governmental funds to cover outstanding obligations held by the Nursing Home. As of December 31, 2019, the Nursing Home has an outstanding interfund net liability to reimburse these funds in the amount of \$6,758,271. Reallocation of the former Nursing Home operating property tax levy was made under Property Tax Extension Law to fulfill outstanding obligations in future years.

(Unaudited)

COUNTY OF CHAMPAIGN, ILLINOIS MANAGEMENT'S DISCUSSION & ANALYSIS DECEMBER 31, 2019 (Unaudited)

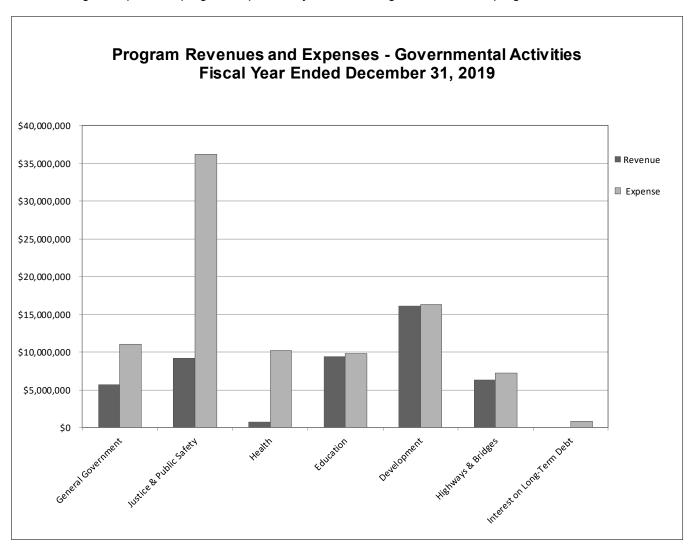

General revenues for the County's governmental activities are derived from several sources which are dependent on different financial factors. As illustrated in the following chart, the major portion of general revenues (63%) are derived from property taxes, which provides long-term stability.

Total expenses of \$104,974,346 increased by \$5.7 million (5.7%) from fiscal year 2018. Governmental activities accounted for a \$5.8 million increase in expenses between the two years, while Proprietary Funds accounted for a \$0.2 million decrease.

Justice and Public Safety expenses of \$36,186,848 (39.5%) constituted the largest single expense category within total governmental activities of \$91,547,281. Development expenses were the next largest at \$16,297,185 or 17.8% of total expenses, followed by General Government at \$10,951,661 or 12.0%. In fiscal year 2018, the Justice and Public Safety expenses were 39.4% of total expenses, Development was 15.0% and General Government was 14.2% of total expenses. Development is funded mainly through federal and state grants and contributions which were \$1.49 million higher than 2018.

The following chart provides program expenses by function along with the related program revenues for FY2019:

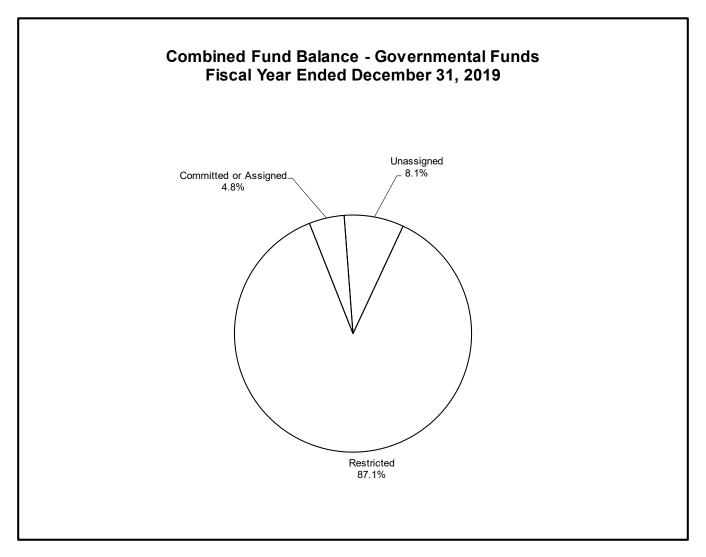

Financial Analysis of the Government's Funds

As noted earlier, the County of Champaign uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements.

Governmental Funds: The focus of the County of Champaign's *governmental funds* is to provide information on near-term inflows, outflows, and balances of *spendable* resources. Such information is useful in assessing the County of Champaign's financing requirements. Fund balances are classified to indicate the extent to which a government is bound to honor constraints on the specific purposes for which the funds can be spent.

At the end of December 31, 2019, the County of Champaign's governmental funds reported combined ending fund balance of \$46,904,161 an increase of \$6,431,610 or 15.9% compared with the prior year. Of the ending fund balance, \$35,132,363 (74.9%) is *externally restricted* by state statutes, grantor/donor stipulations, or debt covenants, and may only be used for specified purposes. Another 7.4% is either *committed* to a specific purpose by County Board resolution or *assigned* to a specific purpose by County officials. The remaining \$8,322,355 (17.7%) is *unassigned* and free to be used for any purpose at the discretion of the County Board. Please see fund balance chart below:

The General Fund is the chief operating fund of the County of Champaign. For the fiscal year ended December 31, 2019, the general fund's modified accrual balance was \$9,938,090 or 27.1% of general fund expenditures. Fund balance of \$8,713 represented non-spendable balances for prepaid items, \$307,427 was assigned for future tax liability, leaving \$9,621,950 unassigned and available for spending on any purpose. During the fiscal year ended December 31, 2019, the General Fund balance increased by \$5,920,263 or 16.2% of general fund expenditures.

Of the other three major governmental funds on the modified accrual basis, the Regional Planning Commission Fund, which relies primarily on funding from grants and contracts with other governmental agencies, had an increase in fund balance of \$498,875 or 36.5% in 2019 following an increase of \$334,219 or 32.4% in 2018. For most of the grants and contracts, spending occurs first, then the Regional Planning Commission awaits reimbursement from the granting agencies.

The Mental Health Fund experienced an increase of \$209,574 or 6.7% in FY2019 compared with an increase of \$168,916 or 5.7% in the prior year. The Early Childhood Fund experienced a decrease of \$242,991 or 11.6% in FY2019 compared with an increase of \$129,572 or 6.6% in the prior year.

(Unaudited)

At the end of FY2019, governmental revenues on the modified accrual basis were \$99,118,381, which was \$7,338,111 or 8.0% higher than FY2018. The major variances were as follows:

- ▶ \$3.6 million in Intergovernmental revenues resulting from higher grant revenues for Development- \$792 thousand; and an increase to Highways and Bridges- \$634 thousand with association to the County Motor Fuel Tax Fund. These were offset by small reductions for General Government, Health, and Highways & Bridges,
- \$735 thousand increase in charges for services which is attributable to slight increases in collections for the Circuit Clerk and Sherriff's office, and
- > \$969 thousand increase in charges for services directly from the Regional Planning Commission.

In fiscal year 2019, Governmental expenditures increased by \$14.4 million (16.2%). The most significant variances included the following:

- > \$2.6 million increase in expenditures for roads and bridges and related expenses
- ▶ \$7.4 million increase in debt service expenditures primarily due to the repayment of the 2011 Series Nursing Home Construction Refunding Bonds. The County also took out a \$1,980,400 promissory note for the purpose of financing certain nursing home outstanding operating expenses. Payback of the note was made in whole and there was no outstanding balance as of December 31, 2019.
- > \$2.4 million increase in overall spending for Development, and \$270 thousand increase in overall spending for Education, both of which are commensurate with the higher level of revenues experienced in fiscal year 2019.
- > \$1.6 million increase in Justice & Public Safety expenditures again in keeping with increased revenues.

Proprietary Funds. The proprietary fund statements display the County's only enterprise fund, which is the Champaign County Nursing Home, along with the internal service funds. The Nursing Home ended the period with a total net position deficit of \$(5,097,394).

Champaign County Management and the County Board have spent a considerable amount of time in recent years addressing the problems at the Nursing Home. This included several Interfund loans to the Nursing Home between 2004 and 2008. At the end of 2008, the Nursing home owed the General Fund \$1,333,142. However, the County Board voted in 2010 and again in 2013 to forgive this outstanding debt. In exchange, it was agreed in 2010 that the Nursing Home would reimburse the General Fund for the annual interest and principal on the bonds that were issued to finance the HVAC re-design and mold mediation at the new Nursing Home facility. However, the Nursing Home has been unable to meet this commitment over the past three years due to severe limitations on their cash flow.

In 2008, a separate Nursing Home Board of Directors was established to oversee the Nursing Home's policies and operations, and a consulting firm was hired to provide operational management of the Nursing Home. Under the new management structure, several seemingly positive changes were supposed to be implemented at the Nursing Home, with the aim of increasing patient census, reducing over-reliance on contract nursing, and generally improving the finances of the facility. However, the Nursing Home has continued to struggle with these problems, and they have had a negative impact on the Home's cash position. Most of the action taken by the Board has been discussed in the section on the Proprietary Funds earlier in this narrative. By the end of the fiscal year, the Nursing Home had approximately \$6.8 million in outstanding bills and loans due to the County compared with \$5.2 million in FY18. Amounts due to outside vendors totaled \$371 thousand.

(Unaudited)

General Fund Budgetary Highlights

The original revenue and other financing sources budget for FY2019 totaled \$39,510,715 which was \$2.25 million or 6.0% higher than the original budget for FY2018.

Some of the highlights were as follows:

- > \$247,602 (5.4%) increase in fees and fines. This is in keeping with recent trends.
- \$151,861 (1.0%) increase in State Shared Revenues is a net figure comprising
- ➤ \$884,281 increase in property taxes collection. This includes \$488,364 in property tax revenue related to a potential Circuit Court ruling regarding hospital property tax exemptions. It was uncertain whether the County would receive this additional tax revenue in 2019
- \$120,323 or 7.7% increase in licenses and permits is based on increases in revenue stamps of \$100,000 off set by other minor reductions.

The \$38,629,730 original expenditure and other financing uses budget for the fiscal year ended December 31, 2018 was \$1,85 million or 5.0% higher than the original budget for FY2018. Additional details are as follows:

- ➤ \$451,274 or 1.7% increase in Personnel costs resulted from a combination of: attrition and turnover in several General Fund departments; wage increases between 1.8% and 2.5% for non-bargaining employees and negotiated contracts; the addition of a new Planner position in the Planning and Zoning department; and, the addition of a Data Analyst position in the Sheriff's Office.
- > \$64,092 or 3.1% increase in the cost of commodities the majority of which is for document stamps.
- \$124,144 or 1.7 increase in the cost of Services. For the most part departments held their costs flat.
- \$1.15 million 138.4% increase in interfund transfers predominantly as a result of the increased transfer to the Capital Asset Replacement Fund for the County's increased investment in facilities and technology.

Expenditures were under budget by \$1.45 million or 3.5% mainly due to lower personnel costs of \$754,313 which was spread over several departments; \$145,395 less for commodities; and \$526,084 in lower costs for services resulting primarily from delays in the start of planned programs.

Under the final amended budget, the projected net change in fund balance was an increase of \$502,673. The actual net change in fund balance on the budgetary basis turned out to be an increase of \$4,890,464, explained by the variances in revenue and expenditures above.

^{*}IMRF Regular was a net liability of \$10,742,098 in prior year compared to a \$5,011,374 net pension asset in current year

Additional information on the County's long-term debt can be found in Note 17 in the Notes to Financial Statements of this report.

(Unaudited)

Economic Factors

The main campus of the University of Illinois lies in the center of Champaign County and it provides a great deal of stability to the area's economy, as the University is the area's largest employer (with over 13,934 employees) and is a major purchaser of various goods and services. As a result, the revenues of Champaign County tend to be more stable than those of many other counties. In keeping with the national trend, at 3.6%, Champaign County's unemployment rate is significantly lower than 5.2% in 2015 and 6.1% in 2014. While it is about equal to that of the state average of 3.5%, it is lower than the national average of 4.2%. Per capita personal income has risen approximately 4% from \$43,584 in 2018 to \$45,328 in 2019.

The equalized assessed value (EAV) of taxable property in Champaign County, for taxes payable in 2019, increased by approximately 8.6% to \$4.3 billion, compared with \$4.0 billion the year before. Residential properties made up 54.9% of the EAV, while commercial development constituted 36.0%, and farmland 9.1%.

Requests for Information

This financial report is designed to provide a general overview of the County of Champaign's finances for all those with an interest in the County's finances. Questions concerning any of the information provided in this report or requests for additional financial information should be addressed to the Office of the County Auditor, 1776 E. Washington, Urbana, IL 61802.

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The accounting policies of the County of Champaign, Illinois conform to generally accepted accounting principles (GAAP) as applicable to governments. The following is a summary of the more significant policies:

A. The Entity

Champaign County was incorporated February 20, 1833. Like all Illinois counties, Champaign County is responsible for maintaining the judicial system, collecting and disbursing property taxes for all local governments located within the county, maintaining county roads and conducting elections. With the exception of Cook County, no Illinois counties are home-rule units of government and, therefore, they may collect and spend money only as specified by state law.

The <u>primary government</u> consists of the funds and departments described on pages 10-20. Several boards and commissions appointed by the County Board are included as part of the primary government, because they are not legally separate. These are the Mental Health Board, the Developmental Disability Board, the County Public Health Board, the Nursing Home Board of Directors, the Regional Planning Commission, the Board of Review and the Zoning Board of Appeals.

A legally separate organization should be included as a <u>component unit</u> of the primary organization if the primary government is financially accountable for the organization. Financial accountability exists if: (1) the primary government appoints a voting majority of the organization's governing body, and (a) it is able to impose its will on the organization, or (b) the organization provides financial benefits or imposes financial burdens on the primary government; OR (2) the organization is fiscally dependent on the primary government. There were no agencies which met the criteria for inclusion as a component unit of Champaign County.

<u>Related organizations</u> for which the County Board appoints a voting majority of the governing body, but for which the County is not financially accountable, are not included in the reporting entity. These include drainage districts, sanitary districts, fire protection districts, public water districts, cemetery associations, the forest preserve district, the housing authority, the mass transit district and the public aid appeals commission.

A joint venture is an organization that is jointly controlled by two or more participants, in which the participants retain an on-going financial interest or responsibility. The County is a member of the METCAD (Metropolitan Computer Aided Dispatch) joint venture with the City of Champaign, the City of Urbana and the University of Illinois. The County is also a member of the Geographic Information System (GIS) Consortium joint venture with the City of Champaign, the City of Urbana, the University of Illinois, the Village of Rantoul, the Village of Savoy and the Village of Mahomet. The County's equity interest in METCAD and the GIS Consortium joint ventures is reported as an investment in joint ventures in the Statement of Net Position. See Note 23 on joint ventures.

A jointly governed organization for which the County does not have an on-going financial interest or responsibility is the Job Training Partnership Act Consortium of Champaign, Ford, Iroquois and Piatt Counties. Jointly governed organizations are not included in the reporting entity.

B. Fund Accounting

The accounts of the County are organized by various individual funds. The operations of each fund are accounted for with a separate set of self-balancing accounts that comprise its assets, liabilities, fund equity, revenues, and expenditures or expenses, as appropriate. Government monies are allocated to and accounted for in individual funds based upon the purposes for which they are to be spent. Funds are classified into several categories and types. Governmental funds include the general fund, special revenue funds, debt service funds and capital projects funds. Proprietary funds include enterprise funds and internal service funds. Fiduciary funds include private-purpose trust funds and agency funds.

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

C. Government-wide and Fund Financial Statements

(1) Government-wide Financial Statements

The government-wide financial statements (the Statement of Net Position and the Statement of Activities) display the financial position and results of operations for the entity Champaign County government, excluding the fiduciary funds. Both statements separately report governmental activities and business-type activities. Governmental activities are generally financed with taxes and intergovernmental revenues and are accounted for in governmental and internal service funds. Business-type activities are financed largely through user fees charged to external parties and are reported in an enterprise fund. Interfund activity is eliminated from the government-wide statements to reduce the doubling effect it creates. Allocations of overhead expenses are eliminated so that the expenses are reported only in the functions to which they were allocated. Interfund receivables and payables are reduced to just the net residual amounts due between governmental and business-type activities, which are then reported as internal balances.

The Statement of Activities reports direct expenses related to specific functions. Those expenses are then offset by the program revenues directly attributable to each function. Program revenues include charges for services, licenses and permits, fines and forfeitures, and grants and contributions. Taxes, investment income and other revenue not attributable to specific programs are reported as general revenues.

(2) Fund Financial Statements

Fund financial statements are presented for the governmental funds, the proprietary funds and the fiduciary funds. The fund statements focus on major individual funds, with non-major funds reported in aggregate.

Major governmental funds include the General Fund, which is the principal operating fund for the County; the Mental Health Fund, which uses property taxes to fund mental health agencies; the Regional Planning Commission Fund, which uses intergovernmental grants and contracts to provide housing/home energy assistance, community services, senior services, economic development assistance, transportation planning and police training; and the Early Childhood Fund, commonly known as Head Start, which provides the education and development for low-income pre-school children and is primarily funded by federal grants.

The major (and only) enterprise fund is the Nursing Home Fund, which is the operating fund for the County Nursing Home. Other proprietary funds include internal service funds created to provide risk financing and employee health and life insurance for other County funds, mostly related to governmental activities.

The fiduciary funds include two private-purpose trust funds, in which the County Engineer acts in a trustee capacity on behalf of townships to use state funding to maintain township roads and township bridges. These resources are not available to support the County's own programs. The fiduciary funds also include agency funds, whose purpose is to report resources, such as property taxes and circuit court fees and fines, held in a custodial capacity for external individuals, organizations and governments. Resources held for other County funds are reported in the appropriate County funds rather than the agency funds.

D. Fund Balance/Net Position Reporting

Fund balances in governmental funds are classified according to the level of constraints on how amounts in those funds can be spent: non-spendable, restricted, committed, assigned or unassigned. Non-spendable amounts are either not in spendable form or are legally required to be kept intact. Restricted amounts may only be spent according to externally imposed constraints or legally enforceable enabling legislation. Fund Balance may be committed to a specific purpose by resolution or ordinance passed by the County Board. A commitment may only be rescinded by the same formal action of the County Board. Fund balance may also be assigned (or unassigned) to a purpose by the County Administrator or a Committee of the County Board in accordance with County Board budget policies.

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

When both restricted and unrestricted resources are available for the same purpose, restricted resources are used first. Within unrestricted fund balance, resources committed to a specific purpose are used first, then assigned resources, and then unassigned.

Net position represents the difference between assets, deferred outflows, liabilities and deferred inflows. Net position invested in capital assets consists of capital assets, net of accumulated depreciation, restricted by the outstanding balances of any borrowings used for the acquisition, construction, or improvement of those assets. Net positions are reported as restricted when there are limitations imposed on their use through enabling legislation or through external restrictions imposed by creditors, grantors, or laws or regulations of other governments.

E. Pensions

For purposes of measuring the net pension liability, deferred outflows of resources and deferred inflows of resources related to pensions and pension expense; information about the fiduciary net position of the Illinois Municipal Retirement Fund (IMRF); and, additions to/deductions from IMRF's fiduciary net position, have been determined on the same basis as they are reported by IMRF. For this purpose, benefit payments, including refunds of employee contributions, are recognized when due and payable in accordance with the benefit terms. Investments are reported at fair value.

F. Measurement Focus and Basis of Accounting

(1) Government-wide Financial Statements

The measurement focus for the government-wide financial statements is the flow of economic resources, using the accrual basis method of accounting. On this basis, revenues are recognized when earned and expenses are recognized when a liability is incurred. Property taxes are recognized as revenue in the year for which the taxes are levied, generally, the year after the levy is passed. Grants are recognized as revenue when eligibility requirements are met, such as allowable costs having been incurred.

(2) Governmental Funds

The measurement focus for governmental funds is the flow of current financial resources. All governmental funds are accounted for using the modified accrual basis method of accounting.

On this basis, all material sources of revenue are recognized when they become measurable and available. "Available" is defined as collectible within the current period or soon enough thereafter to be used to pay liabilities of the current period. For the County, this translates to 60 days after the end of the fiscal year, which corresponds with the expiration of appropriations according to County ordinance. Major sources of revenue susceptible to accrual when collectible within 60 days of year-end include property taxes, sales taxes, income taxes, personal property replacement taxes, other intergovernmental revenues, charges for services and investment interest.

Material amounts of expenditures are recognized when the liability is incurred, provided they are due to be paid from expendable available financial resources. Thus, accumulated unpaid vacation, sick leave and personal leave are only accrued when they become currently payable; and principal and interest on general long-term debt are only recognized when due.

(3) Proprietary Funds

The measurement focus for proprietary funds is the flow of economic resources. All proprietary funds are accounted for using the accrual basis method of accounting. On this basis, revenues are recognized when they are earned, and expenses are recognized when a liability is incurred.

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Proprietary funds operating revenues consist of charges for services and miscellaneous revenue resulting from the provision of services to users. In the enterprise fund, this means Nursing Home patient revenue, including Medicaid, Medicare and other insurance payments received for patient accounts. Operating expenses are those incurred in providing patient care. In the internal service funds, operating revenue includes inter-fund billings for insurance coverage and claims. Operating expenses are expenses incurred in providing the services, such as insurance premiums and claims expenses.

(4) Fiduciary Funds

The measurement focus for fiduciary funds, other than agency funds, is the flow of economic resources. All fiduciary funds, including agency funds, are accounted for using the accrual basis method of accounting. Fiduciary funds do not report revenues or expenditures, but rather report increases and decreases in net position. Since agency fund assets always equal liabilities, the net position is always zero, and, thus, changes in the fiduciary net position are not reported for agency funds.

G. Investments and Cash Equivalents

Under Illinois law (30 ILCS 235/2), county money may be invested in interest-bearing deposits at federally insured banks/savings and loans/credit unions; certain commercial paper; bonds issued by local governments; short term discount obligations of the Federal National Mortgage Association; securities issued by the U.S. Treasury or other federal agencies; money market mutual funds limited to U.S. Government securities; repurchase agreements involving government securities and certain other securities; and the State Treasurer's investment pool. The State Treasurer's investment pool falls under the regulatory oversight of the State of Illinois Legislature.

Deposits in banks or savings associations are valued at cost. Repurchase agreements, considered nonparticipating interest-earning investment contracts, are valued at cost. The fair value of the position in the state treasurer's investment pool is the same as the value of the pool shares. Investments in mutual funds, commercial paper, U.S. Treasury securities and other federal agency obligations are reported at fair value determined by the current share price or quoted market prices. Changes in fair value of these investments are recognized as an increase or decrease to investment income on the operating statements.

For purposes of the statement of cash flows, the proprietary funds consider short-term highly liquid investments, including time deposits at financial institutions, to be cash equivalents. Resident Trust Accounts are not recognized as cash equivalents.

H. Receivables and Payables

Receivables and payables are reported net of an allowance for uncollectible amounts. If applicable, short-term receivables and payables between funds are reported as due from/to other funds. Non-current amounts are reported as advances to/from other funds. In the government-wide statements, inter-fund receivables and payables remaining between governmental activities and business-type activities after the elimination of inter-fund activity are reported as internal balances. These internal balances net to zero in the government total column.

I. Inventories

Inventories are valued at cost on a first in, first out (FIFO) basis, and are accounted for by the consumption method. Inventories in the Nursing Home Enterprise Fund consist of food and operating supplies held for consumption.

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

J. Prepaid Items

In governmental funds, prepaid expenditures, such as insurance or service contracts, are recognized as expenditures when purchased rather than over the term involved. In proprietary funds, prepaid expenses are deferred and expensed over the term when the services are received.

K. Capital Assets

Governmental Activities

Capital assets purchased for use in governmental activities are recorded as expenditures in governmental funds at the time of purchase. Governmental capital assets are reported in the government-wide financial statements, offset by accumulated depreciation. Capital assets are valued at actual or estimated historical cost, while donated capital assets are valued at fair value as of the date donated. Equipment valued at or above \$5,000, buildings and land improvements valued at or above \$25,000, infrastructure valued at or above \$100,000, and land of any value are capitalized. Depreciation is calculated on all assets, other than land and construction in progress, using the straight-line method with the following estimated useful lives:

Buildings – New Construction:40 yearsInfrastructure – Roads:15 yearsBuildings – Improvements:15 yearsInfrastructure – Bridges:50 yearsEquipment:5-10 yearsLand Improvements:15 years

L. Compensated Absences

Accumulated unpaid vacation and personal leave (compensated absences) are accrued in governmental funds only when they become currently payable, due to the employee using benefit time or terminating employment. A liability for unpaid compensated absences, plus the related FICA, is reported in the government-wide statements in the period for which it is incurred. Accrued compensated absences, plus the related FICA, for proprietary funds are reported as a liability in the proprietary fund statements and the government-wide statements in the period for which it is incurred.

M. Deferred Outflows of Resources

Decreases in net position or fund equity that relate to future periods are reported as deferred outflows of resources in a separate section of the County's government—wide and proprietary funds statements of net position or governmental fund balance sheet. The County has three types of deferred outflow of resources. The first two relate to pension and Other Post-Employment benefits (OPEB) expenses recognized in future periods. The other relates to bond refunding. A deferred charge on refunding arises from the advance refunding of debt. The deferred amount is the difference between the cost of securities placed in trust for future payments of the refunded debt and the net carrying value of that debt. This is amortized as a component of interest expense over the shorter of the term of the refunding issue or the original term of the refunded debt. The unamortized amount is reported as a deferred outflow of resources in the government-wide and proprietary fund financial statements.

N. Deferred Inflows of Resources

The County's governmental activities and governmental funds statement of revenues, expenses and fund balance may reflect an increase in net position or fund equity that applies to a future period. The County will not recognize the related revenue until a future event occurs. The County has four types of deferred inflows of resources. The first relates to property tax receivables which are recorded in the current year. However, the related revenues are recognized in the subsequent year since they do not become available by fiscal year end. The second type relates to various other revenue receivables for which the revenues are recorded in the subsequent year's fund statements when they become available. The third and fourth type of deferred inflow of resources relate to pensions and OPEB income recognized in future periods.

NOTE 2 - RECONCILIATION OF FUND STATEMENTS TO GOVERNMENT-WIDE STATEMENTS

A. Governmental Funds to Governmental Activities

A reconciliation is provided with the governmental funds balance sheet (Exhibit III-a) to explain the difference between fund balances in the governmental funds and net position in governmental activities on the government-wide statement of net position. The major differences are as follows:

- capital assets are not reported in governmental funds,
- > investment in the equity of joint ventures is not reported in governmental funds,
- assets and liabilities of internal service funds related to governmental activities are not reported in governmental funds,
- payables arising from the full accrual of expenses are not reported in governmental funds under the modified accrual basis of accounting,
- revenues received after the County's established accrual period may be recognized under the full accrual basis but are considered unavailable under the modified accrual basis.
- long term liabilities/assets including future compensated absences are not reported in governmental funds, and
- net pension liability/asset, total OPEB liability, and deferred outflows and inflows related to pensions and OPEB are not reported in governmental funds.

A reconciliation is provided with the governmental funds statement of revenues, expenditures and changes in fund balances (Exhibit IV-a) to explain the difference between the change in fund balances in the governmental funds and the change in net position for governmental activities on the government-wide statement of activities. The major differences are as follows:

- capital outlay expenditures are not reported in the government-wide statement, while depreciation expense and gains/losses on disposal of capital assets are not reported in governmental funds;
- the change in investment in the equity of joint ventures is not reported in governmental funds;
- the net revenue/expense of internal service funds related to governmental activities is not reported in governmental funds;
- full accrual of revenues and expenses are not reported in governmental funds under the modified accrual basis of accounting;
- debt proceeds, debt principal repayments and payments to a bond refunding escrow agent are not reported in the government-wide statement; while bond premium and additional costs of reacquisition of refunded bonds are deferred and amortized over the life of the debt on the government-wide statement; and
- pension and OPEB expenses are not included in the governmental funds.

NOTE 2 – RECONILIATION OF FUND STATEMENTS TO GOVERNMENT-WIDE STATEMENTS (CONTINUED)

B. Enterprise Funds to Business-Type Activities

Enterprise funds and the government-wide statements follow the same measurement focus and basis of accounting, so the enterprise fund financial information flows essentially unchanged from the fund financial statements to the business-type activities on the government-wide financial statements. The only difference (as shown on the proprietary fund financial statements, Exhibits V and VI) arises from reporting the portion of the net revenue/expense of the internal service funds that relates to the enterprise fund in the business-type activities on the government-wide statements.

NOTE 3 - BUDGETS AND BUDGETARY BASIS OF ACCOUNTING

A. Budgetary Process

County department heads submit their budget requests in the summer prior to the start of the fiscal year on January 1. The County Administrator reviews the department requests and makes recommendations to the Finance Committee of the County Board. The County holds Budget hearings during the summer months, after which the Finance Committee directs the County Administrator to make specific changes in some department budgets. The County Administrator prepares the tentative Budget document, which the County Board usually approves in September. The Finance Committee approves any subsequent changes to the Budget during meetings in the months of October and November. The County Board approves the final budget in November by simple majority.

B. Level of Budgetary Control

Formal budgetary control is employed during the year for all County funds (governmental and proprietary) except fiduciary funds (trust and agency), as required by Illinois law. The legal level of budgetary control is by personnel and non-personnel account categories within a department and fund. Department heads have the authority to create transfers between accounts in the same category. Transfers in and out of the personnel category and transfers between accounts in different departments, administered by different department heads, must be approved by the Finance Committee and then by a two-thirds majority vote of the full County Board. The County Auditor is responsible for the final processing of all transfers.

C. Amendments to the Budget

Requests for supplementary appropriations require approval from the Finance Committee and by a two-thirds majority vote of the full County Board.

D. Budgetary Basis of Accounting

All governmental funds and proprietary funds have legally adopted budgets on a modified accrual basis. Appropriations lapse 60 days after the end of the fiscal year. County ordinance provides that balances remaining in County appropriations shall be available for sixty days after the close of the fiscal year to pay for all goods or services delivered prior to the close of the fiscal year.

Because proprietary fund budgets are not on a full accrual basis and because appropriations lapse 60 days after year-end, the legally adopted budget is not on a basis strictly consistent with generally accepted accounting principles (GAAP).

NOTE 3 – BUDGETS AND BUDGETARY BASIS OF ACCOUNTING (CONTINUED)

E. Encumbrances

The modified accrual basis of accounting applies to encumbrances across all funds. Purchase orders are required at a departmental level for any purchase exceeding \$5,000. Our normal process is to have the requested amount encumbered, provided sufficient appropriations are available) before approval of the purchase order. Department heads can make a request to re-encumber purchase orders for the following year if they do not receive the goods or services by December 31.

NOTE 4 - RECONCILIATION OF BUDGETARY BASIS TO GAAP BASIS

The County presents actual results of operations in accordance with generally accepted accounting principles (GAAP), as described in Note 1-E. For budgetary comparisons, the actual results of operations are presented on the budgetary basis as described in Note 3-D. Adjustments necessary to convert the results of operations from the budgetary basis to the GAAP basis are mostly due to appropriations lapsing 60 days after year-end and proprietary funds having budgets on the modified accrual basis, while GAAP requires the full accrual basis. There are certain reclassifications between revenues, expenditures and operating transfers that do not affect fund balance/net position, e.g. reclassifications of inter-fund reimbursements as reductions of expenditures and are not included in the detailed reconciliation. The summary below provides details of adjustments within the individual fund statements that affect the fund balance/net position:

Fiscal Year Ended December 31, 2019:	Nursing Home Fund	Self-Funded Insurance Fund	Employee Health Insurance	General Fund	Regional Planning Com. Fund	Other Non-Major Govt Funds	
Budgetary Basis Change in Fund Balance or							
Net Position	\$ (1,880,112)	\$ (245,604)	\$ 194,559	\$ 4,890,464	\$ 330,592	\$ 494,656	
REVENUES AND OTHER SOURCES:							
Interfund transfers into escrow account							
recognized as other financing source when							
transferred rather than when spent	-	-	-	-	(23,917)	-	
Adjustment for timing differences - revenue							
recognized in the period when earned	624,311	1,131,784	(281,742)	485,000	-	(756,674)	
EXPENDITURES /EXPENSES AND OTHER USES:							
Increase (decrease) in inventories and							
prepaid expenses	(6,014)	-	-	-	-	-	
Adjustment for timing differences - expenses							
recognized in the period when incurred	(2,478,996)	(411,951)	(136,326)	544,799	192,200	307,907	
Capital asset acquisitions and disposals	(17, 159, 972)	-	-	-	-	-	
Depreciation expense	(184,227)	-	-	-	-	-	
Decrease (increase) in accrued compensated							
absences payable	(168,626)	-	-	-	-	-	
Pension expense	2,116,509	-	-	-	-	-	
Decrease (increase) in total OPEB liability	69,849	-	-	-	-	-	
Decrease (increase) in estimated claims payable		413,341					
GAAP Basis Change in Fund Balance or							
Net Position	\$ (19,067,278)	\$ 887,570	\$ (223,509)	\$ 5,920,263	\$ 498,875	\$ 45,889	

NOTE 5 - EXPENDITURES IN EXCESS OF APPROPRIATIONS

The County controls expenditures at the department level. As of December 31, 2019, the Treasury department experienced expenditures which exceeded appropriations. Unapproved salaries and fringe benefits at the department level for the Tax Sale Automation Fund and General Corporate Fund exceeded the approved budget by \$9,715 and \$13,173 respectively.

NOTE 6 - DEPOSITS AND INVESTMENTS

A summary of deposits and investments at December 31, 2019, appears below. Resident Trust accounts report money held in County custody, which belongs to residents of the County Nursing Home and County Jail.

	Asset Account Carrying Amounts (Reported as:)								Bank		
		Cash	ln	vestments	Resident Trust		Total			Balances	
DEPOSITS											
Demand Deposits	\$	16,924,651			\$	18,242	\$	16,942,893	\$	22,443,426	
Money Market / Savings		-		36,181		-		36,181		36,181	
Certificates of Deposit		-		1,213,995		-		1,213,995		1,213,995	
Total Deposits	\$	16,924,651	\$	1,250,176	\$	18,242	\$	18,193,069	\$	23,693,602	
										Fair	
										Value	
INVESTMENTS											
State Treasurer Investment Pool	\$	37,874,411	\$	-	\$	-	\$	37,874,411	\$	37,874,411	
Total Investments	\$	37,874,411		-			\$	37,874,411	\$	37,874,411	
	_		_		_		_				
Subtotal Deposits / Investments	\$	54,799,062	\$	1,250,176	\$	18,242	\$	56,067,480	\$	61,568,013	
CASH ON HAND	_	4 200			Ф.		_	4 200			
CASH ON HAND	\$	4,300			\$		\$	4,300			
GRAND TOTAL	\$	54,803,362	\$	1,250,176	\$	18,242	\$	56,071,780	\$	61,568,013	

The County has \$37,874,411 invested with The Illinois Funds. The Illinois Funds is an investment pool managed by the state of Illinois, Office of the Treasurer, which allows governments within the state to pool their funds for investment purposes. The Illinois Funds is a GASB No. 79 qualified external investment pool that measures, for financial reporting purposes, all its investments at amortized cost. There are no limitations or restrictions on withdrawals from the pool.

Custodial Credit Risk- Deposits.

Custodial credit risk is the risk that in the event of a bank failure, the County's deposits may not be returned to it. Deposits are subject to custodial credit risk if uninsured and uncollateralized or covered by collateral that is not in the County's name. It is County policy to require collateral at 110% of market value for deposit balances beyond FDIC/NCUSIF insurance coverage. At December 31, 2019, no deposits were uninsured or uncollateralized.

NOTE 6 - DEPOSITS AND INVESTMENTS (CONTINUED)

Investment pools and mutual funds are not subject to custodial credit risk because they are not evidenced by securities that exist in physical or book entry form.

Other investments are subject to custodial credit risk if the securities are uninsured and unregistered and held by the financial institution's trust department or agent, but not in the County's name. None of the County's investments at December 31, 2019 were exposed to this risk.

NOTE 7 - PROPERTY TAX CYCLE

A. Assessments

Each year, property is assessed by elected township assessors at one-third of the market value as of January 1. This is the date, called the lien date, on which property taxes "attach" to the property. The township assessors submit their assessments to the County Supervisor of Assessments by June 1, at which point the County Supervisor of Assessments applies individual township multipliers. On April 19, 2012, the County Board adopted Resolution No.8100 establishing the division of Champaign County into four assessment Districts 1 through 4 with quadrennial years starting in 2016. The Board of Review, a three-member panel appointed by the County Board, takes action on assessment complaints and may apply the individual township multipliers to township properties where, upon review, the assessment was not at one-third market value This process equalizes the average ratio of assessments to market value among townships. The Illinois Department of Revenue analyzes the work of the Board of Review and may assign a countywide multiplier to bring the entire county's ratio into line with other counties throughout the state.

B. Taxpayer Appeals

Taxpayers may file a complaint with the Board of Review if they feel their assessments are too high, and, if not satisfied, they may further appeal to the state Property Tax Appeals Board. However, tax levies are determined by local governments, not by assessors.

C. Property Tax Levies

The property tax levy for the year ended December 31, 2019 was adopted by the County Board on November 27, 2018, within the statutory deadline (the third Tuesday in December) for all taxing districts. The County reports property tax levies as receivables and deferred inflows of resources in the year of adoption while revenue recognition occurs in the immediate subsequent year for which the levy applies.

D. Tax Bills

Illinois statutes require payment of property taxes in two installments, due June 1 and September 1, and require that tax bills be mailed 30 days prior to the first installment. In 2019, tax bills were mailed on May 29 with the due dates of July 1 and September 3. Property tax bills mailed in 2019 were based on equalized assessed value as of January 1, 2018 and on tax levies set in November 2018.

E. Tax Judgment Date and Sale Date

The judgment date is the date at which taxing authorities have a right to take and hold or sell property for nonpayment of taxes. Under Illinois law, the judgment date fluctuates, but is generally the third week in October. The date is set by a judge of the circuit court, after all of the requirements are met for advertising and publishing the delinquent tax list. Statutes require the tax sale to be within five business days following the judgment date. In 2019, the judgment date was December 5 and the tax sale date was December 6, 2019.

NOTE 7 - PROPERTY TAX CYCLE (CONTINUED)

F. Tax Distributions

The County Treasurer, who also serves as the County Collector, handles the collection and distribution of property taxes for all taxing bodies in the county. The Collector generally distributes taxes to the taxing bodies shortly after taxes are collected. The County may not keep tax receipts on behalf of other units of local government beyond thirty days. Interest earned on taxes before distribution must go to the local governments and may not be kept by the County. In 2019, all property taxes were distributed by February 29th.

NOTE 8 - PROPERTY TAXES RECEIVABLE AND DEFERRED INFLOWS OF RESOURCES

Property taxes receivable consist of property taxes levied in 2019 for which a legal claim exists in 2019. The revenue associated with the 2019 levy is deferred until the fiscal year ending December 31, 2020 on the government-wide and the proprietary fund statements, because that is the period for which the taxes are levied. Property tax revenues are also deferred inflows of resources on the governmental fund statements, because the taxes are not available (collectible within thirty days of the fiscal year-end). The receivable for the 2019 tax levy has been reduced by an estimated allowance for uncollectible taxes of 0.65%, which is based on an average of the previous ten years. A summary by fund type of property taxes receivable at December 31, 2019 is below.

Fund Type	Pr	operty Taxes Levied		owance for acollectible	Property Taxes Receivable			ferred Inflows
Governmental: General	\$	13,198,846	\$	(85,629)	\$	13,113,217	\$	13,113,217
Special Revenue	<u> </u>	23,142,185	<u> </u>	(150,138)		22,992,047	<u> </u>	22,992,047
Total	\$	36,341,031	\$	(235,767)	\$	36,105,264	\$	36,105,264

NOTE 9 - PATIENT ACCOUNTS RECEIVABLE AND CHARGES FOR SERVICES

Patient accounts receivable and charges for services in the enterprise fund as of December 31, 2019 have been reduced by allowances for uncollectible amounts, determined by an analysis of individual patient accounts.

	Rec	eivable	 Revenue
Gross patient accounts receivable / revenue Allowance for uncollectible amounts	\$	-	\$ 3,749,290 (1,899,013)
Patent accounts receivable / revenue, net of uncollectible amounts	\$	-	\$ 1,850,277

NOTE 10 - ECONOMIC DEVELOPMENT AND REHABILITATION LOANS RECEIVABLE

The County, through its Regional Planning Commission Loan Funds, has various grant programs to administer economic development and housing rehabilitation loans to qualified businesses and individuals. The primary purpose of the economic development loan programs is to create new jobs. Principal repayments on loans may be used for any grant eligible purpose. At December 31, 2019, loans outstanding were as follows:

Program Loans Receivable	1	2/31/2018					1	2/31/2019		Current	
(Net of Uncollectible Amounts)		Balance		Additions		Deductions		Balance		Receivable	
Economic Development Loans Receivable:											
Community Services Block Grant Loans	\$	57,980		-		(13,892)	\$	44,088	\$	13,884	
Community Development Recaptured Loans		1,314,931		2,300,000		(148,356)		3,466,575		187,012	
Facilities Loan Program		1,324,555		-		(46,300)		1,278,255		40,018	
USDA Intermediary Relending Loans Receivable		656,332		-		(71,150)		585,182		72,695	
Housing Rehabilitation Loans Receivable:											
County Housing Rehab Loans		40,064		-		(11,056)		29,008		-	
HUB H.O.M.E. Program Loans		466,912		-		(134,627)		332,285		-	
Total Loans Receivable	\$	3,860,774	\$	2,300,000	\$	(425,381)	\$	5,735,393	\$	313,609	

NOTE 11 - CAPITAL ASSETS

	12/31/2018			12/31/2019
Governmental Activities	Balance	Additions	Deductions	Balance
Assets Not Being Depreciated:				
Land	\$ 2,027,080	\$ -	\$ -	\$ 2,027,080
Construction in Progress	1,948,858	7,547,045	(3,605,219)	5,890,684
Assets Being Depreciated:				
Infrastructure	86,749,994	3,591,141	-	90,341,135
Buildings and Improvements	76,887,831	923,513	-	77,811,344
Equipment	16,102,023	1,103,775	(341,800)	16,863,998
Assets Subtotal	183,715,786	13,165,474	(3,947,019)	192,934,241
Accumulated Depreciation:				
Infrastructure	(51,088,821)	(3,086,088)	-	(54,174,909)
Buildings and Improvements	(45, 356, 776)	(1,673,771)	-	(47,030,547)

Subtotal Non-Major Governmental	4,679,191	2,797,156
•		
Total - All Funds	\$ 13,337,652	\$ 13,337,652

Of the \$13,337,652 Due To / From Other Funds at December 31, 2019, \$901,970 represented inter-fund loans to cover temporary cash flow shortfalls. The remainder represented unpaid routine inter-fund billings or transfers.

NOTE 13 – INTERFUND TRANSFERS AND RPC ESCROW ACCOUNT

	Т	ransfers In	Tr	ansfers Out
Major Governmental Funds:				
General Corporate	\$	5,770,107	\$	1,973,102
Regional Planning Commission		360,437		305,898
Mental Health Board		100,000		406,505
Major Enterprise Fund: Nursing Home		-		7,875,681
Non-Major Governmental Funds (aggregate)		7,454,393		3,123,751
Total - All Funds	\$	13,684,937	\$	13,684,937

In FY2019, total inter-fund transfers in, \$13,684,937, equal total transfers out, \$13,684,937. Under the budgetary basis, transfers in and out are not equal due to the deferral of a portion of the transfer into the Regional Planning Commission Fund from the Regional Planning Commission Economic Development Loans Fund. CDAP and CSBG grant provisions require that the County create an escrow account that is a combination of investment interest earned and a portion of loan repayments received under certain loan programs. The Regional Planning Commission uses the escrow funds to pay for the administration of the loan programs. Transfers out of the RPC Economic Development Loan Fund places the money into escrow. A transfer occurs from the escrow account into the Regional Planning Commission Fund to cover the administrative costs incurred. Therefore, the discrepancy between transfers in and transfers out is due to the amount remaining in escrow (deferred) until there are administrative costs against which to match it. Under the budgetary basis of accounting, the escrow account will continue to show a difference between the transfers in and out. However, this difference is eliminated when preparing the GAAP basis statements. In Fiscal Year 2019, transfers of \$23,917 were subtracted from the Regional Planning Commission Fund.

Inter-fund transfers in/out might include grant matches, inter-fund subsidies and transfers into debt service funds. Significant transfers in fiscal year 2019 include the following:

- ▶ \$3.9 million from the Enterprise Fund to the General Corporate Fund to pay outstanding bills for external vendors and to repay outstanding Nursing Home bonds.
- \$1.5 million from the Public Safety Sales Tax Fund to the General Corporate Fund to partially cover utility costs for the public safety buildings;
- \$639,975 from the Public Safety Sales Tax Fund to the Capital Asset Replacement Fund to set aside money for future capital expenditures; and,
- > \$1.8 million from the General Fund to the Capital Replacement Fund to cover current asset replacement.

NOTE 14 - ON-BEHALF PAYMENTS FOR SALARIES

The State of Illinois paid salary stipends totaling \$45,500 to various County officials during FY2019 on behalf of the County. The County recorded these payments as intergovernmental revenues and salaries expenditures in the General Fund.

NOTE 15 - COMPENSATED ABSENCES PAYABLE

It is the County's policy to permit employees to accumulate a limited amount of earned but unused vacation and personal time, which is attributable to services already rendered and is not contingent upon events outside the control of the employer or employee, such as illness. Calculations use pay rates in effect at December 31 and include the County's share of Social Security and Medicare taxes. The resulting liability and current year expense for compensated absences are recognized in the government-wide and proprietary fund financial statements. A liability for compensated absences is reported in the governmental funds only when they become currently payable through employees retiring or terminating employment. Compensated absences payable for the governmental activities are liquidated by the various governmental funds which pay employee salaries, such as the General Fund, Regional Planning Commission Fund, Early Childhood Fund, County Highway Fund, Animal Control Fund and Mental Health Fund.

Changes in compensated absences payable for the fiscal year ended December 31, 2019 are as follows:

					Expected	
	12/31/2018			12/31/2019	To Be Paid	
	Balance	Additions	Deductions	Balance	Within 1 Year	
Governmental Activities	\$ 2,697,620	\$ 3,083,887	\$ (2,986,638)	\$ 2,794,869	\$ 374,457	
Business-Type Activities	168,626	-	(168,626)	-	-	

NOTE 16 - RISK FINANCING

A. Workers' Compensation Self-Funded Insurance

In January 1986, the County established a self-funded workers' compensation insurance plan, which is reported in an internal service fund-the Self-Funded Insurance Fund. An independent company administers the plan and the County's risk retention is \$300,000 per individual per claim. The County purchases commercial insurance for claims in excess of this retention. Settled claims have not exceeded this commercial coverage in the past three fiscal years. Actual claims paid in the fiscal year ended December 31, 2019, net of insurance reimbursements, were \$480,367. A liability for claims payable must be reported if the liability is both probable and estimable. The independent plan administrator estimates the total of unpaid claims that were incurred and reported but the plan administrator does not include incurred-but-not-reported claims (IBNR) in the calculation. Instead, based on an actuarial study completed in June 2019, the projected liability for estimated (undiscounted) claims payable including IBNR at December 31, 2019 was \$1,704,325. Changes in the liability for estimated workers' compensation claims payable for the last two fiscal years are as follows:

Fiscal Year	Cla	ims Liability	Clair	ns Incurred		Net			Е	xpected
Ending	Beginning		ng & Changes Claims		Cla	ims Liability	To	Be Paid		
Dec 31		of Year	in I	Estimates	Paid		End of Ye		Within 1 Year	
2018	\$	2,326,573	\$	711,048	\$	(819,115)	\$	2,218,506	\$	892,109
2019		2,218,506		(33,814)		(480, 367)		1,704,325		807,439

NOTE 16 – RISK FINANCING (CONTINUED)

B. Liability/Auto Self-Funded Insurance

The County began self-funding general liability and auto insurance in FY94 through the Self-Funded Insurance (Internal Service) Fund. An independent company administers the plan. The County's risk retention is \$250,000 per occurrence but purchases commercial insurance for claims in excess of this retention. Settled claims have not exceeded this commercial coverage in the past three fiscal years. Actual claims paid in the fiscal year ended December 31, 2019, net of insurance reimbursements, were \$1,012,916. A liability for claims payable must be reported if the liability is both probable and estimable. Per an actuarial study completed in June 2019, the projected liability for estimated (undiscounted) claims payable (including IBNR) at December 31, 2019 was \$1,968,584. Changes in the liability for estimated liability/auto claims payable for the last two fiscal years are as follows:

Fiscal Year	Cla	ims Liability	Cla	ims Incurred		Net			Е	xpected	
Ending	E	Beginning	8	Changes	es Claims Claim			ims Liability	To	To Be Paid	
Dec 31		of Year	in	Estimates	Paid		End of Year		Within 1 Year		
2018	\$	1,728,308	\$	812,695	\$	(673,259)	\$	1,867,744	\$	406,041	
2019		1,867,744		1,113,756		(1,012,916)		1,968,584		457,425	

C. Other Fully-Insured Risks

The County purchases commercial insurance, with varying deductible for all other risks of loss, such as property damage, boiler and machinery, Nursing Home medical malpractice, and public official bonds. The State of Illinois fully insures Unemployment compensation. Settled claims have not exceeded this insurance coverage in any of the past three fiscal years.

The County provides employee health benefits in the form of set contributions toward medical and life insurance premiums. The employee is responsible for the balance of the premium amount as well as for any deductibles or co-payments. Risk of loss related to employee health benefits is borne by the employee and the insurance company or health maintenance organization; the County is at no risk of loss.

NOTE 17 – LONG TERM DEBT

A. General Obligation Bonds/Debt Certificates – Governmental Activities

1999 Series Public Safety Sales Tax Bonds: \$23,800,000; due in 29 annual installments from 2001 to 2029; interest rates 3.85% to 8.25%; \$17,660,000 refunded (in-substance defeasance) in FY 2005; remaining annual installments due through 2023;

2024	1,900,000		483,323		2,383,323
2025-2029	9,455,000		1,145,118		10,600,118
	\$ 17,220,000	\$	4,198,673	\$	21,418,673

At December 31, 2019, \$208,160 was available in restricted fund balance in the Public Safety Sales Tax Special Revenue Fund to meet debt service requirements.

B. Promissory Note

On February 1, 2019, the County extended a 3.36% Taxable General Obligation Promissory Note, Series 2019, to the amount of \$1,980,400 with Hickory Point Bank. The Note is structured with a fixed interest rate with a maturity date of February 1, 2021. Annual installments of principal repayments are due on February 1 each year.

This Note is issued by the County for the purpose of financing certain outstanding operating expenses relating to the County's nursing home, pursuant to and in all respects in compliance with the applicable provisions of the Counties Code of the State of Illinois, as amended, and in compliance with an ordinance, which has been duly adopted by the County Board of the County on the 24th day of January, 2019, in all respects as by law required.

As of December 31, 2019, the entire issued amount was paid and there was no outstanding balance on the promissory note.

C. Debenture Note Payable – Governmental Activities

2015 Line of Credit provided by PNC Bank: \$551,250; with the primary purpose of purchasing two single family dwellings as part of a Community Integrated Living Arrangement (CILA) included in the MHB/DDB CILA Fund. The maximum line of credit is \$1,000,000 and the outstanding credit is secured by the Mortgage on the dwellings. Interest is at 3.903% from January 2015 to January 2025.

Balance outstanding at December 31, 2018	\$398,003
Note interest payments made in 2019	\$10,771
Note principal payments made in 2019	\$398,003
Balance outstanding at December 31, 2019	\$-0-

NOTE 17 - LONG TERM DEBT (CONTINUED)

D. Capital Lease Obligation- Governmental Activities

2016 Capital Lease with IBM Credit, LLC: \$141,728; for the purpose of providing hardware, software and maintenance for the AS400; to be repaid over 48 months in monthly payments of \$3,065 at 1.92% interest from November 2016 through October 2020.

Balance outstanding at December 31, 2018	\$66,204
Lease interest payments made in 2019	\$961
Lease principal payments made in 2019	\$35,821
Balance outstanding at December 31, 2019	\$30,383

Total Business-Type Activities	\$	168,626	\$	-	\$	(168,626)	\$	-	\$		

Long-term liabilities for estimated claims payable are liquidated by the Self-Funded Insurance (Internal Service) Fund. The internal service funds primarily serve the governmental funds, and, thus, the related long-term liabilities are included with the governmental activities above. Liabilities for Compensated absences will be liquidated within those funds in which the expenses occur.

NOTE 17 - LONG TERM DEBT (CONTINUED)

F. Current Refunding

On November 27, 2019, the County issued \$865,000 in general obligation (limited tax) debt certificates with a coupon rate of 1.75% to refund \$845,000 of outstanding 2010A general obligation (limited tax) debt certificates with a coupon rate ranging from 2.00% to 4.90%. The County refunded these bonds to reduce its total debt service payments over the next 5 years by \$56,185. This transaction resulted in an economic gain (difference between the present values of the debt service payments on the old and new debt) of \$54,074.

NOTE 18 - OPERATING LEASES

The County has several non-cancelable operating leases for the use of various facilities. During the fiscal year ended December 31, 2019, the total expenditure for these leases was \$415,988. The future minimum lease payments are shown below:

Lea	se Payments
\$	374,654
	307,106
	146,552
	131,496
	96,368
	1,654,310
\$	2,710,486
	\$

NOTE 19 - FUND EQUITY

A. Deficit Fund Equity

As of December 31, 2019, the following funds had deficit fund equity:

- > Tort Immunity Special Revenue Fund (\$1,019,383), and
- Workforce Development Special Revenue Fund (\$274,083)
- Tax Sale Automation Fund (\$756)
- Election Assistance/Accessibility Grant Fund (\$5,373)

The Champaign County Board Resolution No.2020-143 provided authorization for the partial restoration of the Tort and Workforce deficit through the use of inter-fund loans. Future deficit fund equity will be addressed by the Champaign County Board through the vehicle of the annual budget with special emphasis on the equity deficit in the Tort Immunity Fund.

NOTE 19 - FUND EQUITY (CONTINUED)

B. Fund Balance Classifications - Governmental Funds

Fund balances of governmental funds may be restricted, committed or assigned to specific purposes. The County reports the total of the restricted, committed and assigned fund balances on the basic and combining statements of net position. The schedule below shows the major purposes of those restrictions, commitments and assignments:

	(General Fund	Regional Planning omm Fund	Mental Health Fund	(Early Childhood Fund	Non-Major overnmental Funds	G	Total overnmental Funds	Full Accrual justments	Total vernmental Activities

NOTE 20 - GOVERNMENT-WIDE STATEMENT OF NET POSITION

The government-wide statement of net position includes a restricted portion totaling \$35,697,323 as shown in the schedule above. Of this amount, \$22,771,862 is externally restricted based on state statutes; \$12,014,944 is restricted through grantor/donor stipulations; and \$910,517 is restricted based on debt covenants.

NOTE 21 - DEFINED BENEFIT PENSION PLAN

IMRF Plan Description

The County of Champaign's defined benefit pension plan for regular employees provides retirement and disability benefits, post retirement increases, and death benefits to plan members and beneficiaries. The employer plan is affiliated with the Illinois Municipal Retirement Fund (IMRF), an agent multi-employer plan. We have provided a summary of IMRF's pension benefits in the "Benefits Provided" paragraph below. Details of all benefits are available from IMRF. Benefit provisions are established by statute and may only be changed by the General Assembly of the State of Illinois. IMRF issues a publicly available Comprehensive Annual Financial Report that includes financial statements, detailed information about the pension plan's fiduciary net position, and required supplementary information. The report is available for download at www.imrf.org.

NOTE 21 – DEFINED BENEFIT PENSION PLAN (CONTINUED)

Benefits Provided

IMRF has three benefit plans. The clear majority of IMRF members participate in the Regular Plan (RP). The Sheriff's Law Enforcement Personnel (SLEP) plan is for sheriffs, deputy sheriffs, and selected police chiefs. Counties could adopt the Elected County Official (ECO) plan, limited to officials elected prior to August 8, 2011.

All three IMRF benefit plans have two tiers. Employees hired *before* January 1, 2011, are eligible for Tier 1 benefits. Tier 1 employees become vested for pension benefits when they have at least eight years of qualifying service credit. Tier 1 vested employees, who retire at age 55 (at reduced benefits) or after age 60 (at full benefits) are entitled to an annual retirement benefit, payable monthly for life. This benefit is equal to 1-2/3% of the final rate of earnings for the first 15 years of service credit, plus 2% for each year of service credit after 15 years to a maximum of 75% of their final rate of earnings. Final rate of earnings is the highest total earnings during any consecutive 48 months within the last 10 years of service, divided by 48. Under Tier 1, the pension is increased by 3% of the original amount on January 1 every year after retirement.

Employees hired **on or after** January 1, 2011, are eligible for Tier 2 benefits. For Tier 2 employees, pension benefits vest after ten years of service. Participating vested employees who retire at age 62 (at reduced benefits) or, after age 67 (at full benefits) are entitled to an annual retirement benefit, payable monthly for life. This benefit is equal to 1-2/3% of the final rate of earnings for the first 15 years of service credit, plus 2% for each year of service credit after 15 years to a maximum of 75% of their final rate of earnings. Final rate of earnings is the highest total earnings during any 96 consecutive months within the last 10 years of service, divided by 96. Under Tier 2, the pension is increased on January 1 every year after retirement, upon reaching age 67, by the lesser of:

- > 3% of the original pension amount, or
- > 1/2 of the increase in the Consumer Price Index of the original pension amount.

Plan Membership

As of December 31, 2019, the measurement date, membership of the plan was as follows:

	Regular		
	Plan	SLEP	ECO
Retirees and Beneficiaries	615	122	11
Inactive, Non-Retired Members	1,109	37	-
Active Members	627	89	
Total	2,351	248	11

NOTE 21 – DEFINED BENEFIT PENSION PLAN (CONTINUED)

Contributions

As set by statute, the County of Champaign's Regular Plan Members are required to contribute 4.5% of their annual covered salary. The statute requires employers to contribute the amount necessary, in addition to member contributions, to finance the retirement coverage of its own employees. The County's annual contribution rate for calendar year 2019 was 5.92% for the Regular plan, and 19.81% for SLEP for the year ended December 31, 2019. There were no active employees on the ECO plan in 2019. For the fiscal year ended December 31, 2019, the County contributed \$3,143,276 to the plan. The County also contributes for disability benefits, death benefits, and supplemental retirement benefits, all of which are pooled at the IMRF level. The IMRF Board of Trustees set the contribution rates for disability and death benefits, while the supplemental retirement benefits rate is set by statute.

Net Pension Liability

The County's net pension liability was measured as of December 31, 2019. The total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of that date.

Actuarial Assumptions

The total pension liabilities for the Regular, SLEP and ECO plans were determined by actuarial valuations performed as of December 31, 2019 using the following actuarial methods and assumptions:

- Actuarial Cost Method Entry Age Normal.
- > Asset Valuation Method Market value of assets
- ➤ Wage Growth Rate 3.25%
- ➤ Inflation Rate 2.50%.
- > Salary Increases 3.35% to 14.25%, including inflation.
- ➤ Investment Rate of Return 7.25%
- Projected Retirement Age Experience-based Table of Rates, specific to the type of eligibility condition, last updated for the 2017 valuation according to an experience study from years 2014 to 2016.
- Mortality An IMRF-specific mortality table with fully generational projection scale MP-2017 (base year 2015) was used. For non-disabled retirees, IMRF developed specific rates using the RP-2014 Blue Collar Health Annuitant Mortality Table with adjustments to match current IMRF experience. For disabled retirees, the IMRF developed specific rates using the RP-2014 Disabled Retirees Mortality Table with the same adjustments applied for non-disabled lives. For active members, the IMRF developed specific rates using the RP-2014 Employee Mortality Table with adjustments to match current IMRF experience.

NOTE 21 – DEFINED BENEFIT PENSION PLAN (CONTINUED)

➤ Long-Term expected real rate of return — The long-term expected rate of return on pension plan investments was determined using a building-block method in which best-estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expense, and inflation) are developed for each major asset class. These ranges were combined to produce the long-term expected rate of return by weighting the expected future real rates of return to the target asset allocation percentage and adding expected inflation. The target allocation and best estimates of geometric real rates of return for each major asset class are summarized in the following table:

	Target	One-Year	Ten-Year	
Asset Class	Allocation	Arithmetic	Geometric	
Facilities	270/	7.050/	F 750/	
Equities	37%	7.05%	5.75%	
International Equities	18%	8.10%	6.50%	
Fixed Income	28%	3.70%	3.25%	
Real Estate	9%	6.35%	5.20%	
Alternatives:	7%			
Private Equity		11.30%	7.60%	
Hedge Funds		N/A	N/A	
Commodities		4.65%	3.60%	
Cash Equivalents	1%	1.85%	1.85%	

Discount Rate

A Single Discount Rate of 7.25% was used to measure the total pension liabilities for the Regular, SLEP, and ECO plans. The projection of cash flow used to determine this Single Discount Rate assumed that the plan members' contributions would be made at the current contribution rate, and that employer contributions would be made at rates equal to the difference between actuarially determined contribution rates and the member rate. The Single Discount Rate reflects:

- 1. The long-term expected rate of return on pension plan investments (during the period in which the fiduciary net position is projected to be sufficient to pay benefits), and
- 2. The tax-exempt municipal bond rate is based on an index of 20-year general obligation bonds with an average AA credit rating (published by the Federal Reserve) as of the measurement date (to the extent that the contributions for use with the long-term expected rate of return are not met).

For the purpose of the most recent valuation, the expected rate of return on plan investments is 7.25%, the municipal bond rate is 2.75%, and the resulting single discount rate is 7.25%.

The prior year rate was 7.25% for the Regular, SLEP and ECO Plans.

NOTE 21 – DEFINED BENEFIT PENSION PLAN (CONTINUED)

Sensitivity of the Net Pension Liability to Changes in the Discount Rate

The following presents the plan's net pension liability, calculated using a Single Discount Rate of 7.25%, as well as what the plan's net pension liability would be if it were calculated using a Single Discount Rate that is 1 percentage point lower or 1 percentage point higher:

Pension Expense, Deferred Outflows of Resources, and Deferred Inflows of Resources Related to Pensions

For the year ended December 31, 2019, the County of Champaign recognized pension expense of \$1,946,704, \$2,634,805 and \$153,466 for the Regular, SLEP, and ECO plans respectively. Total pension expense for the County and GIS were \$4,712,977 and \$21,988, respectively. At December 31, 2019, the County reported deferred outflows or resources and deferred inflows of resources related to pensions from the following sources:

	Deferred			Deferred

NOTE 22 – OTHER POST-EMPLOYMENT BENEFITS

The County provides post-employment benefits other than pensions through a single-employer defined-benefit OPEB plan offering continuing coverage under the County's group health insurance plan for retirees and their dependents. The retirees pay the entire amount of their premiums for this coverage; however, the premiums are blended rates based on the cost of healthcare benefits for younger active employees along with retirees. Thus, the premiums paid by retirees are lower than the true cost of their healthcare benefits, resulting in the retirees receiving an "implicit rate subsidy." Prior to fiscal year 2010, retirees over age 65 could choose the same health plans available to younger retirees and active employees. Starting in fiscal year 2010, retirees over age 65 were restricted to Medicare supplemental plans with community-rated premiums, so there is no implicit rate subsidy for them.

While the County is committed to providing these benefits to retirees, there is no formal written plan and no stand-alone financial report for the plan exists. Retirees pay the full amount of the blended premiums, as determined by the group health insurance company. The retiree contribution rates for 2019 ranged from \$804 to \$1,737 per month, depending on coverage level chosen. The County's contribution is in the form of higher premiums paid for active employees that subsidize the cost of the retirees' health insurance. The County finances the plan on a pay-as-you-go basis.

Plan Membership

As of December 31, 2019, the measurement date, membership of the plan was as follows:

Active Members	701
Retirees and Beneficiaries	39
Total	740

Total OPEB Liability

The County's net pension liability was measured as of December 31, 2019. The total OPEB liability used to calculate the total OPEB liability was determined by an actuarial valuation dated January 1, 2019. There have been no significant changes between the valuation date and the County's fiscal year-end.

Actuarial Assumptions

The total OPEB liability was determined by actuarial valuations performed as of January 1, 2019 using the following actuarial methods and assumptions:

- Actuarial Cost Method Entry Age Normal.
- Discount Rate 3.44%. This is based on the 20-Year Tax-Exempt Municipal Bond Yield
- Inflation Rate 2.30%.
- ➤ Salary Increases 2.5%, including inflation.
- ➤ Medical Trend Rate 3.40%-3.90% over 55 years
- Mortality Sheriff and Correction Officers: RP-2000 Combined Annuitant/Non-Annuitant Mortality Table with Blue Collar Adjustment with generationally projected mortality improvements using Scale BB. All Others: RP-2000 Combine Annuitant /Non-Annuitant Mortality Table with White Collar Adjustment with generationally projected mortality improvements using Scale BB.

NOTE 22 - OTHER POST-EMPLOYMENT BENEFITS (CONTINUED)

Change in the Total OPEB Liability/(Asset)

The change in total OPEB liability/(asset) for the calendar year ended December 31, 2019 was as follows:

Governmental		
Activities		
\$	3,128,957	
	114,617	
	128,580	
	382,645	
	(217, 154)	
\$	3,537,645	
	\$	

Sensitivity of the Total Pension Liability to Changes in the Discount Rate

The following presents the plan's total OPEB liability, calculated using a Single Discount Rate of 3.44%, as well as what the plan's total OPEB liability would be if it were calculated using a Single Discount Rate that is 1 percentage point lower or 1 percentage point higher:

	Current							
	19	% Decrease	Dis	scount Rate	1% Increase

2023	31,367						
2024	31,017						
Thereafter	37,221						
Total	\$ 195,311						

NOTE 23 – JOINT VENTURES

A. Metropolitan Computer Aided Dispatch (METCAD)

On December 1, 1981, Champaign County entered into an intergovernmental agreement with the City of Champaign, the City of Urbana and the University of Illinois for the primary purpose of operating an emergency response computer-aided dispatching service (METCAD), originally created by the other three participants in 1979. Each member agency designates two representatives, an administrative representative and a public safety (police or fire department) representative, to serve on the METCAD Policy Board. In addition, the Policy Board includes two rural representatives, one from a non-member police agency and one from a non-member fire agency.

While representation on the Policy Board is equal among the member agencies, the funding of operating expenses is based on a formula which considers the proportional number of calls received for each agency. Each member agency holds an equity interest in METCAD capital assets according to the proportion of funding for METCAD operations provided by each member agency since May 1, 1979. These proportions will vary slightly from year to year. At June 30, 2019 (the latest fiscal year end for METCAD), Champaign County's equity interest share was 17.34%, or \$1,741,484 which is reported in the Statement of Net Position as an investment in joint venture. The net increase of \$151,654 from the amount reported for June 30, 2018, is reported in the Statement of Activities under functional revenues for Justice and Public Safety.

A copy of the separate audited financial statements for METCAD may be obtained from the City of Champaign Finance Department, 102 N. Neil Street, Champaign, IL 61820. Summary financial information for METCAD for the fiscal year ended June 30, 2019 is provided below.

Financial Position as of June 30, 2019		
Total Assets & Deferred Outflows	\$	13,712,078
Total Liabilities & Deferred Inflows		3,668,920
Total Net Position	\$	10,043,158

NOTE 23 – JOINT VENTURES (CONTINUED)

B. Geographic Information System Consortium (GIS)

On August 20, 2002, Champaign County entered into an intergovernmental agreement with the City of Champaign, the City of Urbana, the University of Illinois, the Village of Rantoul, the Village of Savoy and the Village of Mahomet for the purpose of developing and operating a countywide geographic information system (GIS). The GIS Consortium's fiscal year parallels that of Champaign County as the lead agency. Therefore, its year-end is December 31, 2019. Each member agency designates one voting representative to serve on the GIS Policy Committee. In addition, the Policy Committee includes one non-voting representative of small or specialized governmental users and one non-voting representative of the non-governmental sector.

While representation on the Policy Committee is equal among the member agencies, the funding of operating expenses is based on a cost-sharing formula established by the members. Each member agency holds an equity interest in the GIS Consortium's assets in the same proportion as the funding provided by each member agency since the Consortium's inception. These proportions will vary from year to year. At December 31, 2019 Champaign County's equity interest share was 61.25%, totaling \$255,782, which is reported in the Statement of Net Position as an investment in joint venture. The net increase of \$41,457 in the County's share of equity for the fiscal year ended December 31, 2019 is reported in the Statement of Activities under functional revenue for development.

Separate audited financial statements of the GIS Consortium may be obtained from the Champaign County GIS Department, 1776 E. Washington, Urbana, IL 61802. Summary financial information for the fiscal year ended December 31, 2019 is presented below.

Financial Position as of June 30, 2019		
Total Assets & Deferred Outflows	\$	668,189
Total Liabilities & Deferred Inflows		250,599
Total Net Position	\$	417,590
Results of Operations for the Fiscal Year Ended June 30	0, 2019	9
Total Revenues	\$	570,114
Total Expenses		501,935
Change in Net Position		68,179
Net Position - Beginning		349,411
Net Position - Ending	\$	417,590

NOTE 24 - CONTINGENT LIABILITIES

The County has been involved in lawsuits brought by two corporations seeking to recover approximately \$2.9 million in property taxes related to the retroactive application of the charitable property tax exemption. The County has vigorously defended its position. The Sixth Judicial Circuit found for Carle in February 2020. The County consequently owes Carle \$1.5 million across all funds, including \$531,000 from the general corporate fund. As of December 31, 2019, the County has recorded the liability as accounts payable within the balance sheet of each component fund.

The County is a defendant in several other lawsuits and notices of claims, which are being defended by the County and its insurance representatives. It is believed that the County's ultimate liability from these suits, after applicable insurance coverage, will not have a material effect on the financial statements.

NOTE 25 - COMMITMENTS

Road and Bridge Construction Projects

The County Highway Department has four Special Revenue Funds with December 31, 2019 fund balances totaling \$8.2 million. Much of those funds are restricted to road and bridge construction projects, some of which are multiple-year projects. Current projects with significant commitments include:

Project Description	Project #	Total Commitment	Spent Through 12/31/2019	Remaining Commitment

NOTE 26- GOVERNMENTAL ACCOUNTING STANDARDS BOARD (GASB) STATEMENTS

The Governmental Accounting Standards Board (GASB) has issued new accounting standards that may affect portions of these financial statements in future periods. The effect of these statements on the County has not been determined. Listed below are the statements and short summary of the standard's objective.

New accounting standards effective for the financial statements of the next fiscal year include:

- ➤ GASB Statement No. 83, Certain Asset Retirement Obligations, issued November 2016. This statement addresses accounting and financial reporting for certain asset retirement obligations (ARO's).
- GASB Statement No. 84, Fiduciary Activities, was issued in January 2017 and will become effective for the County's December 31, 2020 fiscal year. The statement re-establishes criteria for reporting fiduciary activities in the governmental financial statements where certain activities previously reported as agency funds may be reclassified.
- GASB Statement No. 88, Certain Disclosures Related to Debt, including Direct Borrowings and Direct Placements, issued March 2018. The objective of this statement is to improve consistency in the information that is disclosed in notes to government financial statements related to debt, including direct borrowings and direct placements, and to provide financial statement users with additional essential information about debt.
- ➤ GASB Statement No. 90, Majority Equity Interests, an amendment of GASB Statements No.14 and No. 61, issued August 2018. The objectives of this statement are to improve consistency in the measurement and comparability of the financial statement presentation of majority equity interests in legally separate organizations and to improve the relevance of financial statement information for certain component units.

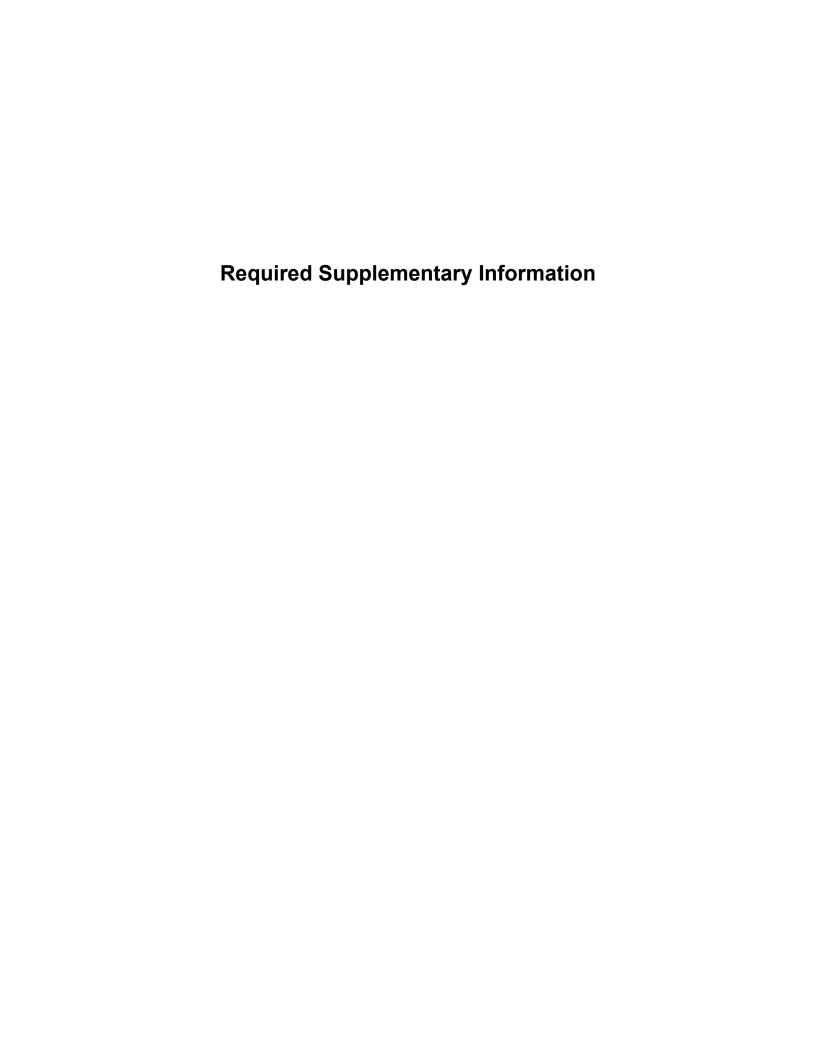

New accounting standards effective for future financial periods beginning with FY2021 include:

- GASB Statement No. 87, Leases, issued June 2017. The objective of this statement is to better meet the information needs of financial statement users by providing accounting and financial reporting for leases by governments.
- GASB Statement No. 91, Conduit Debt Obligations, issued May 2019. The objective of this statement is to better meet the information needs of financial statement users by enhancing the comparability and consistency of conduit debt obligation reporting and reporting of related transactions and other events by state and local government issuers.
- GASB Statement No. 92, Omnibus, issued January 2020. The objective of this statement is to enhance comparability in accounting and financial reporting and to improve the consistency of authoritative literature by addressing practice issues that have been identified during implementation and application of certain GASB Statements.
- GASB Statement No. 93, Replacement of Interbank Offered Rates, issued March 2020. As a result of global reference rate reform, LIBOR is expected to cease to exist in its current form at the end of 2021, prompting governments to amend or replace financial instruments for the purpose of replacing LIBOR with other reference rates, by either changing the reference rate or adding or changing fallback provisions related to the reference rate. The objective of this Statement is to address those and other accounting and financial reporting implications that result from the replacement of an IBOR.

NOTE 26- GOVERNMENTAL ACCOUNTING STANDARDS BOARD (GASB) STATEMENTS (CONTINUED)

- ➤ GASB Statement No. 94, Public-Private and Public-Public Partnerships and Availability Payment Arrangements, issued March 2020. The primary objective of this Statement is to improve financial reporting by addressing issues related to public-private and public-public partnership arrangements (PPPs). This Statement also provides guidance for accounting and financial reporting for availability payment arrangements (APAs).
- Saltament No. 96, Subscription-Based Information Technology Arrangements, issued May 2020. This Statement provides guidance on the accounting and financial reporting for subscription-based information technology arrangements (SBITAs) for government end users (governments). This Statement (1) defines a SBITA; (2) establishes that a SBITA results in a right-to-use subscription asset—an intangible asset—and a corresponding subscription liability; (3) provides the capitalization criteria for outlays other than subscription payments, including implementation costs of a SBITA; and (4) requires note disclosures regarding a SBITA. To the extent relevant, the standards for SBITAs are based on the standards established in Statement No. 87, Leases, as amended.
- PGASB Statement No. 97, Certain Component Unit Criteria, and Accounting and Financial Reporting for Internal Revenue Code Section 457 Deferred Compensation Plans-An Amendment of GASB Statements No. 14 and No. 84, and a Supersession of GASB Statement No. 32., issued June 2020. The primary objectives of this Statement are to (1) increase consistency and comparability related to the reporting of fiduciary component units in circumstances in which a potential component unit does not have a governing board and the primary government performs the duties that a governing board typically would perform; (2) mitigate costs associated with the reporting of certain defined contribution pension plans, defined contribution other postemployment benefit (OPEB) plans, and employee benefit plans other than pension plans or OPEB plans (other employee benefit plans) as fiduciary component units in fiduciary fund financial statements; and (3) enhance the relevance, consistency, and comparability of the accounting and financial reporting for Internal Revenue Code (IRC) Section 457 deferred compensation plans (Section 457 plans) that meet the definition of a pension plan and for benefits provided through those plans.

COUNTY OF CHAMPAIGN, ILLINOIS REQUIRED SUPPLEMENTARY INFORMATION ILLINOIS MUNICIPAL RETIREMENT FUND – REGULAR PLAN (EXHIBIT XI)

Notes to Schedule:

Summary of Actuarial Methods and Assumptions used in the calculation of the 2019 Contribution Rate*

Valuation Date:

Actuarially determined contribution rates are calculated as of December 31 each year which are 12 months prior to the beginning of the fiscal year in which the contributions are made

Methods and assumptions used to determine contribution rates:

Actuarial Cost Method: Aggregate Entry Age Normal

Amortization Method: Level percentage of payroll, Closed

Remaining Amortization Period: 24-year closed period

Asset Valuation Method: 5-year smoothed market; 20% corridor

Wage Growth Rate: 3.25%
Price Inflation Rate: 2.50%

Salary Increases: 3.35% to 14.25%; including inflation

Investment Rate of Return: 7.50%

Retirement Age: Experience-based table of rates that are specific to the type of eligibility condition. Last

updated for the 2017 valuation pursuant to an experience study of the period 2014-2016

Mortality: For non-disabled retirees, disabled retirees, and active members, an IMRF specific

mortality table was used with fully generational projection scale MP-2017 (base year 2015).

The non-disabled rates were developed from the RP-2014 Blue Collar Health Annuitant Mortality Table. The disabled rates were developed from the RP-2014 Disabled Retirees Mortality Table and the rates for active members were developed from the RP-2014 Employee Mortality Table. All rates were adjusted to match current IMRF experience.

Other Information:

There were no benefit changes during the year

Notes to Schedule:

Summary of Actuarial Methods and Assumptions used in the calculation of the 2019 Contribution Rate*

Valuation Date:

Actuarially determined contribution rates are calculated as of December 31 each year which are 12 months prior to the beginning of the fiscal year in which the contributions are made

Methods and assumptions used to determine contribution rates:

Actuarial Cost Method: Aggregate Entry Age Normal
Amortization Method: Level percentage of payroll, Closed

Remaining Amortization Period: 24-year closed period

Asset Valuation Method: 5-year smoothed market; 20% corridor

Wage Growth Rate: 3.25% Price Inflation Rate: 2.50%

Salary Increases: 3.35% to 14.25%; including inflation

Investment Rate of Return: 7.50%

Retirement Age: Experience-based table of rates that are specific to the type of eligibility condition. Last

updated for the 2017 valuation pursuant to an experience study for the period 2014-2016 For non-disabled retirees, disabled retirees, and active members, an IMRF specific

mortality table was used with fully generational projection scale MP-2017 (base year 2015). The non-disabled rates were developed from the RP-2014 Blue Collar Health Annuitant Mortality Table. The disabled rates were developed from the RP-2014 Disabled Retirees Mortality Table and the rates for active members were developed from the RP-2014 Employee Mortality Table. All rates were adjusted to match current IMRF experience.

Other Information:

Mortality:

There were no benefit changes during the year

Statistical Section

NARRATIVE

The objectives of the Statistical Section are to provide financial statement users with additional historical perspective, context, and detail to assist in using the information in the financial statements, notes to the financial statements, and required supplementary information to understand and assess a government's economic condition. The information is presented in five categories:

Financial Trends Information is intended to assist users in understanding and assessing how a government's financial position has changed over time.

(Tables I, II, III, IV, V)

Revenue Capacity Information is intended to assist users in understanding and assessing the factors affecting a government's ability to generate its own-source revenues.

(Tables VI, VII, VIII, IX, X, XI)

Debt Capacity Information is intended to assist users in understanding and assessing a government's debt burden and its ability to issue additional debt.

(Tables XII, XIII, XIV)

Demographic and Economic Information is intended to assist users in understanding the socioeconomic environment within which a government operates and to provide information that facilitates comparisons of financial statement information over time and among governments.

(Tables XV, XVI, XVII)

Operating Information is intended to provide contextual information about a government's operations and resources to assist readers in using financial statement information to understand and assess a government's economic condition.

(Tables XVIII, XIX, XX, XXI)

	 		 <u> </u>				 <u> </u>		<u> </u>

Note: Equalized assessed values are per the County Clerk.

⁽A) Property value is reported for the year in which the related taxes are collected by the County. The property is actually assessed in the previous year.

⁽B) Actual value of taxable property is estimated at three times the equalized assessed value. Equalized assessed value is the value of taxable real property determined by local and state assessment officials. Under state law, residential, commercial and farm residences are assessed at one-third market value, while farmland and farm buildings are assessed at one-third of the value based on productivity or "agricultural economic value." Data is not available for non-taxable property.

⁽C) After the equalized assessed value has been determined by assessment officials, deductions are then made for homestead and other exemptions, tax increment financing districts, and enterprise zone abatements. This assessed value is the value on which tax bills are calculated.

⁽D) Tax rate is per \$100 of assessed valuation.

									<u> </u>

Note: Equalized assessed values are per the County Clerk.

⁽A) Property value is reported for the year in which the related taxes are collected by the County. The property is actually assessed in the previous year.

⁽B) Actual value of taxable property is estimated at three times the equalized assessed value. Equalized assessed value is the value of taxable real property determined by local and state assessment officials. Under state law, residential, commercial and farm residences are assessed at one-third market value, while farmland and farm buildings are assessed at one-third of the value based on productivity or "agricultural economic value." Data is not available for non-taxable property.

⁽C) After the equalized assessed value has been determined by assessment officials, deductions are then made for homestead and other exemptions, tax increment financing districts, and enterprise zone abatements. This assessed value is the value on which tax bills are calculated.

⁽D) Tax rate is per \$100 of assessed valuation.

DULE OF EXPENDITURES OF FEDERAL AWARDS

NOTE 1 - BASIS OF PRESENTATION

This accompanying schedule of expenditures of federal awards (the "Schedule") includes the federal award activity of Champaign County under programs of the federal government for the year ended December 31, 2019. The information in this Schedule is presented in accordance with the requirements of 2 CFR Part 200, "Uniform Administrative Requirements Cost Principles and Audit Requirements for Federal Awards (Uniform Guidance)". Since the Schedule presents only a select portion of the operations of Champaign County, it is not intended to, and does not, present the financial position changes in net assets or cash flows of the County of Champaign.

NOTE 2 - SIGNIFICANT ACCOUNTING POLICIES

Expenditures reported on the Schedule are prepared using the modified accrual basis of accounting. Such expenditures are recognized following the cost principles contained in the Uniform Guidance wherein certain types of expenditures are not allowable, or are limited as to reimbursement. Negative amounts shown on the Schedule represent adjustments or credits, made in the normal course of business, to amounts reported as expenditures in prior years. Champaign County has not elected to use the 10-percent de minimis indirect cost rate as allowed under the Uniform Guidance.

NOTE 3 - NON-CASH ASSISTANCE

Champaign County did not receive any non-cash awards during fiscal year 2019.

NOTE 4 - INSURANCE IN EFFECT, LOANS, AND GUARANTEES

Champaign County did not receive any federal awards in the form of non-cash assistance for insurance in effect during the year, loans, or loan guarantees.

Independent Auditors' Report on Internal Control Over Financial Reporting and on Compliance and Other Matters Based on an Audit of Financial Statements Performed in Accordance With Government Auditing Standards

Members of the County Board Champaign County Urbana, Illinois

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of Champaign County, Illinois as of and for the year ended December 31, 2019, and the related notes to the financial statements, which collectively comprise Champaign County's basic financial statements, and have issued our report thereon dated June 1, 2021.

Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered the County's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the County's internal control. Accordingly, we do not express an opinion on the effectiveness of the County's internal control.

Our consideration of internal control was for the limited purpose described in the preceding paragraph and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies and therefore, material weaknesses or significant deficiencies may exist that have not been identified. However, as described in the accompanying schedule of findings and questioned costs, we did identify certain deficiencies in internal control that we consider to be material weaknesses and another deficiency that we consider to be a significant deficiency.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. We consider the deficiencies described in the accompanying schedule of findings and questioned costs as items 2019-001, 2019-003, and 2019-004 to be material weaknesses.

A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance. We consider the deficiency described in the accompanying schedule of findings and questioned costs as item 2019-002 to be a significant deficiency.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the County's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

The County's Response to Findings

Baker Tilly US, LLP

The County's response to the findings identified in our audit is described in the accompanying schedule of findings and questioned costs. The County's response was not subjected to the auditing procedures applied in the audit of the financial statements and, accordingly, we express no opinion on it.

Purpose of This Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

Oak Brook, Illinois June 1, 2021

Independent Auditors' Report on Compliance for Each Major Federal Program; Report on Internal Control Over Compliance; and Report on the Schedule of Expenditures of Federal Awards Required by the Uniform Guidance

To the Members of the County Board of Champaign County Urbana, Illinois

Report on Compliance for Each Major Federal Program

We have audited Champaign County's compliance with the types of compliance requirements described in the *OMB Compliance Supplement* that could have a direct and material effect on each of the County's major federal programs for the year ended December 31, 2019. The County's major federal programs are identified in the summary of auditors' results section of the accompanying schedule of findings and questioned costs.

Management's Responsibility

Management is responsible for compliance with federal statutes, regulations and the terms and conditions of its federal awards applicable to its federal programs.

Auditors' Responsibility

Our responsibility is to express an opinion on compliance for each of the County's major federal programs based on our audit of the types of compliance requirements referred to above. We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and the audit requirements of Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles and Audit Requirements for Federal Awards* (Uniform Guidance). Those standards and the Uniform Guidance require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about the County's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

We believe that our audit provides a reasonable basis for our opinion on compliance for each major federal program. However, our audit does not provide a legal determination of the County's compliance.

Opinion on Each Major Federal Program

In our opinion, the County complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the year ended December 31, 2019.

Report on Internal Control Over Compliance

Management of the County is responsible for establishing and maintaining effective internal control over compliance with the types of compliance requirements referred to above. In planning and performing our audit of compliance, we considered the County's internal control over compliance with the types of requirements that could have a direct and material effect on each major federal program to determine the auditing procedures that are appropriate in the circumstances for the purpose of expressing an opinion on compliance for each major federal program and to test and report on internal control over compliance in accordance with the Uniform Guidance, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of the County's internal control over compliance.

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. A material weakness in internal control over compliance is a deficiency, or a combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. A significant deficiency in internal control over compliance is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Purpose of This Report

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance. Accordingly, this report is not suitable for any other purpose.

Report on Schedule of Expenditures of Federal Awards Required by the Uniform Guidance

We have audited the financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of Champaign County, Illinois as of and for the year ended December 31, 2019, and the related notes to the financial statements, which collectively comprise Champaign County's basic financial statements. We issued our report thereon dated June 1, 2021, which contained unmodified opinions on those financial statements. Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the basic financial statements. The accompanying schedule of expenditures of federal awards is presented for purposes of additional analysis as required by the Uniform Guidance and is not a required part of the basic financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the schedule of expenditures of federal awards is fairly stated in all material respects in relation to the basic financial statements as a whole.

SCHEDULE OF FINDINGS AND QUESTIONED COSTS For the Year Ended December 31, 2019

SECTION II – FINANCIAL STATEMENT FINDINGS REQUIRED TO BE REPORTED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

Item 2019-001: Nursing Home Cash Receipts Process (previously reported as Item 2018-001)

Criteria: The internal control structure over cash receipts processes should include appropriate segregation of duties, monitoring controls such as reviews of system inputs and monthly reports, and documentation of formal reviews and approvals.

Condition: Patient status and billing rates entered into the Nursing Home's patient billing software (Matrix) are reviewed after entry into the system, but the review is informal and not documented. Review and reconciliation of monthly census data reports is not documented. Additionally, the review and approval of receivable account write-offs is not documented and timely reconciliations of the Matrix subledger to the County's general ledger were not completed. Lastly, the individual responsible for posting cash receipts to the County's general ledger has cash handling responsibilities, including opening of mail and access to the lockbox.

Cause/Effect: Lack of documented independent review and lack of segregation of duties could result in errors in cash receipt reporting or fraudulent activity going undetected by Nursing Home and County management.

Recommendation: A formal, documented review of key inputs into Matrix after entry and monthly census data reports should be completed. The Matrix subledger and County general ledger should be reconciled on a monthly basis. Responsibility for cash handling and posting of revenue into Matrix should be segregated with no individual having access to do both.

Management's Response: As of April 1, 2019, Champaign County no longer owns or operates the Nursing Home as it was sold to University Rehabilitation Center of C-U LLC and University Rehab Real Estate LLC.

SCHEDULE OF FINDINGS AND QUESTIONED COSTS For the Year Ended December 31, 2019

SECTION II – FINANCIAL STATEMENT FINDINGS REQUIRED TO BE REPORTED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS (CONT'D)

Item 2019-002: Segregation of Duties / Secondary Review (previously reported as Item 2018-002)

Criteria: Effective internal controls require the existence of policies and procedures that support segregation of duties.

Condition: Within several key transaction cycles, a lack of segregation of duties was noted. The lack of segregation of duties is primarily due to staffing size restrictions and/or system limitations, which make implementing complete segregation of duties impractical.

Within the payroll process, the individual responsible for processing payroll is also responsible for generating payroll checks and direct deposits. The individual also has access to add new employees and change pay rates, although this is not within the individual's job description.

Within the property tax collection and distribution cycle, we noted that the individuals responsible for preparing monthly reconciliations for the collector accounts also have the ability to process tax collections.

We noted that several County departments do not regularly reconcile decentralized cash collections between the subsidiary ledgers (maintained by the County department) and the general ledger.

Cause/Effect: Lack of segregation of duties and secondary review controls could result in an unauthorized transaction, an error in reporting, or other fraudulent activity to occur and not be indentified by County management.

Recommendation: Responsibilities for entering personnel information into the payroll system, processing of payroll each period, and generating of payroll checks and direct deposits should be segregated across multiple employees with access restricted so that no individual can complete all components of the payroll process. If such segregation cannot be realized due to system limitations or staffing restrictions, alternative monitoring controls should implemented such as a periodic review of change logs within the payroll system focusing on creation of new employees and manual changes to wages in the payroll system.

Departments maintaining separate subsidiary ledgers should reconcile subledgers to the County's general ledger on a routine, timely basis. The reconciliation should be reviewed by someone other than the original preparer.

SCHEDULE OF FINDINGS AND QUESTIONED COSTS For the Year Ended December 31, 2019

SECTION II – FINANCIAL STATEMENT FINDINGS REQUIRED TO BE REPORTED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS (CONT'D)

Item 2019-002 (cont'd): Segregation of Duties / Secondary Review (previously reported as Item 2018-002)

Management's Response: The Regional Planning Commission enters its payroll information including adding new employees and changing pay rates. The Payroll Accountant reviews this information for accuracy. For other County departments, both the Payroll Accountant and the Deputy Director of Administration (a new position) will receive Personnel Information Forms for new employees and changing pay rates, which are electronically submitted by departments. The Deputy Director of Administration enters the pay rates, and the Payroll Accountant reviews this information for accuracy. Biweekly payroll (time and wages) is approved and submitted to the Payroll Accountant by each department (the department is the original preparer). Upon receipt, the Payroll Accountant reviews the department-submitted payroll for accuracy prior to processing. After processing, an Audit Trail report for employee changes and additions is sent to the Auditor's Office and the Deputy Director of Administration. The Deputy Director of Administration reviews the report for accuracy, signs and dates to document review.

The Champaign County Treasurer's office employs 4 full-time employees, two of whom perform reconciliations, one for the Treasurer bank accounts and one for the Collector bank accounts. It would be onerous to segregate real estate tax collection staff from the distribution cycle. The need for segregation of duties must be balanced against staffing costs. The Treasurer's Office is an efficient operation with limited employees, separating duties when possible.

County departments maintaining separate subsidiary ledgers will be instructed on proper segregation and protocol by the Auditor's Office for reconciliation on a routine, timely basis.

SCHEDULE OF FINDINGS AND QUESTIONED COSTS For the Year Ended December 31, 2019

SECTION II – FINANCIAL STATEMENT FINDINGS REQUIRED TO BE REPORTED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS (CONT'D)

Item 2019-003: Bank Reconciliation and Timeliness (previously reported as Item 2018-003)

Criteria: Bank reconciliations are a critical element of a strong internal control environment and should be completed in a timely fashion on a monthly basis.

Condition: The 2019 bank reconciliations for accounts maintained by the Treasurer's Office were not prepared and reviewed in a timely manner.

Cause/Effect: Lack of timely completion and review of monthly bank reconciliations could result in unauthorized transactions, unrecorded cash receipts, reporting errors, or fraudulent activity not being identified by County management or such activity, if identified, not being appropriately remedied in a timely manner. Additionally, the lack of timely completion of bank reconciliations greatly increases the likelihood of inaccurate and incomplete financial records and monthly reporting being used for management decisions.

Recommendation: Bank reconcilations should be completed and reviewed within one month of receipt of monthly bank statements. Reviews of reconcilations should be documented and completed by someone other than the original prerparer.

Management's Response: The County has appropriated funds for a dedicated temporary staff person to reconcile the cash balances of funds to their transactions as recorded in the accounting system. The Auditor's office is conducting the 2020 reconciliations in parallel to those of the treasurer in order to ensure completion in time for—and to the standards of—next year's external auditor. Going forward, the Chief Deputy Auditor will initiate reminders to the treasurer to punctually submit these reconciliations for his review.

SCHEDULE OF FINDINGS AND QUESTIONED COSTS For the Year Ended December 31, 2019

SECTION II – FINANCIAL STATEMENT FINDINGS REQUIRED TO BE REPORTED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS (CONT'D)

Item 2019-004: Treasurer's Office Transaction Recording and Disbursement Approvals

Criteria: Timely recording and authorization of transactional activity is critical to ensuring a strong internal control environment and accurate financial reporting.

Condition: Within the Treasurer's Office, cash and electronic receipts were not consistently or accurately recorded in the County's general ledger on a timely basis and daily reconciliations of cash deposits were not completed to ensure completeness and accuracy of activity recorded in the general ledger. Additionally, electronic distributions of property taxes to other local entities were created and approved by the same individual without independent review and approval.

Cause/Effect: Failure to record transactional activity on a timely basis could result in the County not identifying fraudulent activity and greatly increases the likelihood of inaccurate and incomplete financial records being maintained and used for management decisions. The lack of timely reported and reconciliation of activity is exacerbated by the lack of documented, independent approval of electronic disbursements, resulting in a greater risk of inaccurate or inappropriate transactional activity going unidentified.

Recommendation: We recommend the Treasurer's Office record receipt activity on a daily basis in conjunction with daily cash deposit reconciliations to ensure accurate and complete recording of receipt transactions in the general ledger. This process should include a formal, document review by someone other than the individuals responsible for cash handling, transaction recording, and preparing the daily reconciliations. Additionally, all ACH transactions should be approved by someone other than the individual who initated the disbursement. The Treasurer's Office should work with the bank to implement controls requiring secondary approval prior to the release of any ACH disbursements.

Management's Response: The 2019 finding has been corrected through the implementation of a cash receipting system maintained by the account clerks that provides details of each cash receipt including delivery date to reflect the processing within 48 hours. The account clerks have since been able to process the receipts without delay. The Treasurer's office is currently implementing a similar system for electronic deposits which should go live in July of 2021.

SCHEDULE OF FINDINGS AND QUESTIONED COSTS For the Year Ended December 31, 2019

SECTION III - FEDERAL AWARDS FINDINGS AND QUESTIONED COSTS

None noted.

SCHEDULE OF STATUS OF PRIOR YEAR FINDINGS For the Year Ended December 31, 2019

FINDING NO. 2018-001 - Nursing Home Cash Receipts Process

Condition: Patient status and billing rates entered into the Nursing Home's patient billing software (Matrix) are reviewed after entry into the system, but the review is informal and not documented. Review and reconciliation of monthly census data reports is not documented. Additionally, the review and approval of receivable account write-offs is not documented and timely reconciliations of the Matrix subledger to the County's general ledger were not completed. Lastly, the individual responsible for posting cash receipts to the County's general ledger has cash handling responsibilities, including opening of mail and access to the lockbox.

Status: Finding will be repeated (2019-001).

FINDING NO. 2018-002 - Segregation of Duties / Secondary Review

Condition: Within several key transaction cycles, a lack of segregation of duties was noted. The lack of segregation of duties is primarily due to staffing size restrictions and/or system limitations, which make implementing complete segregation of duties impractical.

Within the payroll process, the individual responsible for processing payroll is also responsible for generating payroll checks. The individual also has access to add new employees and change pay rates, although this is not within the individual's job description.

Within the property tax collection and distribution cycle, we noted that the individuals responsible for preparing monthly reconciliations for the collector accounts also have the ability to process tax collections.

We noted that several County departments do not regularly reconcile decentralized cash collections between the subsidiary ledgers (maintained by the County department) and the general ledger.

Status: Finding will be repeated (2019-002).

FINDING NO. 2018-003 - Bank Reconciliation Timeliness

Condition: The December 2018 bank reconciliations for accounts maintained by the Treasurer's Office were not prepared and reviewed in a timely manner.

Status: Finding will be repeated (2019-003)
