JUVENILE DETENTION CENTER Fund 080-051

Juvenile Detention Center positions: 32 FTE

MISSION STATEMENT

The Champaign County Probation and Court Services Department is charged with the supervision, education, and care of minors detained at the Juvenile Detention Center. In addition to ensuring the safety of the detainees while in secure care, the Department provides necessary programming to address the special needs of the detainee population. The Department is required to present minors to the Court per statutory guidelines and as ordered by the Court. The Juvenile Detention Center provides these services in accordance with guidelines established by the Illinois Department of Corrections, the Administrative Office of the Illinois Courts, Illinois Statutes, and circuit/local judicial requirements.

BUDGET HIGHLIGHTS

To offset operating expenses for the Court Services Department, the Administrative Office of the Illinois Courts (AOIC) provides subsidy for a portion of personnel costs. For State FY2016, AOIC awarded the Department an initial allocation of \$1,910,998.00, matching the initial allocation for State FY2015 (note: due to supplemental allocations awarded by AOIC in SFY2015, the Department's final SFY2015 allocation was \$2,174,787.96). In April 2016, the Department received a supplemental allocation in the amount of \$73,261.97, bringing the total allocation for SFY2016 to \$1,984,259.97. The final SFY2016 allocation represents a decrease of \$190,527.99 (8.76%) from the final allocation received in SFY2015. The Department has budgeted \$129,269.00 in Fund 618-052 (Probation Services Fees) for County FY2016 to address the reduction in our SFY2016 salary reimbursement allocation.

The salary reimbursement allocation for State FY2017, beginning 07/01/2016, is \$1,884,106.00, a reduction of \$26,892.00 from the initial SFY2016 allocation of \$1,910,998.00, and a reduction of \$100,153.97 from the final SFY2016 salary reimbursement allocation of \$1,984,259.97. A total of \$86,454.00 will be transferred from Fund 618-052 to the General Corporate Fund to address the shortfall in salary reimbursement in CFY2017.

The staffing level at the JDC is expected to remain stable for FY2017 with 24 line staff officers, six assistant superintendents, and one superintendent. In addition, the JDC is supported by one clerical position.

Detainee capacity at the JDC was reduced in FY2010 to a maximum of 25 minors. Although the reduced capacity did not adversely affect the level of services to the Courts and the community for the first several years, legislation effective January 1, 2014 raising the State's juvenile court jurisdiction to include 17-year-old individuals charged with felonies has had a measurable impact on the detention population.

The average daily population in FY2015 was 19.58, an increase of 10.0% from the average daily population in FY2014 (17.87) and up 20.0% from the average daily population in FY2013 (16.25). Through 05/31/2016, the average daily population is 17.23, a decrease of 12.0% from FY2015. Unlike in FY2015 when we expended a total of \$19,668.00 on out-of-county boarding of juveniles, thus far in FY2016, we have not experienced the need to contract for out-of-county board due to overcrowding at the JDC.

A majority of programming services offered to juveniles at the JDC are provided by other funding sources and agencies. The Regional Office of Education provides educational services; the University of Illinois Department of Psychology provides counseling services, including Dialectical Behavior Training and a Girls' Advocacy Program; the Champaign-Urbana Public Health District provides sexually transmitted diseases education and testing; Prairie Center Health Systems provides substance abuse services and operates the Parenting With Love and Limits Program in conjunction with Community Elements, which also provides mental health services; Rape Advocacy Counseling & Education Services (R.A.C.E.S.) provides training for staff and youth around sexual assault, harassment and healthy relationships, which addresses requirements imposed through the Prison Rape Elimination Act; Crosspoint Human Services provides crisis intervention services; TALKS Mentoring provides mentoring services as well as weekly motivational presentations; local churches offer religious services; and medical services are provided through a contractual agreement paid by the General Corporate Fund. The Champaign County Mental Health Board provides funding for the Parenting With Love and Limits Program. The JDC also has partnerships for literacy enhancement with the Graduate School of Library Sciences at the University of Illinois and the Music Department at the University provides Fine Arts and Music education and experiences. Services are also provided by Pavilion Behavioral Health Systems, Center for Youth & Family Solutions Youth Intervention Program, and ACCESS Initiative. Staff at the JDC also conducts cognitive program sessions for detainees utilizing the BELIEF Behavior Management Program. The University of Illinois Department of Psychology provides training for staff on restorative circle processes in addition to occasionally facilitating live circles for youth in crisis with each other or others. The JDC has also entered into a partnership with the Illinois Balanced and Restorative Justice Initiative to train and provide technical assistance to JDC staff on how to infuse restorative practices into their work with youth. All other expenses are directly related to daily operational needs and requirements. With the exception of projected increases for the costs of detainee medical and food services, both of which are provided through contractual arrangements with outside vendors, the JDC is not anticipating any significant increase in the operating budget for FY2017.

DESCRIPTION

There are three categories of juveniles processed at the Juvenile Detention Center:

- 1. Juveniles who are brought in and released without an intake being completed;
- 2. Juveniles admitted through a formal intake process and released without detention; and
- 3. Juveniles admitted through a formal intake and ultimately detained.

Each staff member at JDC places a priority on addressing the first group of juveniles. Prior to being released from the facility, every attempt is made to identify services available in the community that may assist the juvenile and/or the juvenile's family. Although we have no legal relationship with the minor/family, local social service agency information is provided to assist the minor and his/her family. The JDC coordinates efforts with the Youth Assessment Center to ensure that youths who are being diverted from formal delinquency proceedings through referrals to the Youth Assessment Center receive necessary and appropriate services.

Staff members at JDC utilize a standardized scoring instrument to screen all juveniles who go through the formal intake process. This instrument is completed at intake, with the results providing a basis for the decision to detain, or not to detain, the juvenile.

For detained juveniles, the Juvenile Detention Center provides a wide range of services to support the juveniles' physical, emotional, social development, and educational needs. Detention Center staff members perform numerous roles to include security monitor, counselor, disciplinarian, activity coordinator, and recorder of behavior.

OBJECTIVES

- 1. All detainees have their needs met in an appropriate manner
- 2. All training objectives are met for staff
- 3. Programming opportunities are maximized
- 4. Services provided satisfy requirements of state agencies and local judiciary
