

HIGHWAY BUILDING CAPITAL

Fund 083-062

BUDGET HIGHLIGHTS

This budget was created in FY2018 to allocate funds for the capital costs of highway building facilities. A Facility Assessment Report completed by Bailey Edward in November 2015 indicated that the annual cost to maintain the Deferred Maintenance Backlog (DMB) for the Highway Fleet Maintenance, Highway Salt Dome and Highway Garage facilities is approximately \$300,000. The Highway Department transferred \$100,000 in 2018 to get the initial funds in the budget and will budget a transfer of \$104,000 in 2019 for necessary highway facilities capital projects. This is intended to be like a “sinking fund” where funds accumulate until capital repairs are necessary. Although this falls short of the DMB, it is a good start to having a healthy maintenance fund for the Highway Department facility. For the 2019 budget there is \$15,000 budgeted as an expenditure to make sure we have money in the expenditure line item for capital repairs that may arise during the year.
