

BOARD OF HEALTH

Fund 089-049

The Champaign County Board of Health is established by 55 ILCS 5/5-20 and consists of nine members, appointed by the County Board Chair to three-year, staggered terms. The Board is responsible for disease control and the physical and environmental health of County residents. This Board is supported through the Health Fund property tax levy; federal, state and local grants; and fees. The maximum rate for the Health Fund levy is \$0.10/\$100 assessed valuation. The current rate for the total Health levy is \$0.0298/\$100 assessed valuation.

MISSION STATEMENT

The mission of the Champaign County Public Health Department is to promote health, prevent disease, and lessen the impact of illness through the effective use of community resources.

BUDGET HIGHLIGHTS

The Board of Health budget is dependent upon property taxes, permits, and federal and state grants for specific public health services. The property tax increases by approximately 3.4% from FY2018 to FY2019 (this increase is calculated without any additional property tax revenue associated with the hospital property tax exemption case explained in the next paragraph). The increase is estimated at this time because the total levy is not split between Champaign-Urbana Public Health District (CUPHD) and the Board of Health (BOH) until the County Clerk's Office provides the equalized assessed values (EAV) in May of the subsequent year. Since at least FY2011, the split reflected an increase in the percentage of the levy allocated to the BOH; however, in FY2017 that trend reversed and CUPHD experienced greater growth in its levy due to an increase in the percentage of the equalized assessed value (EAV) attributed to the areas within CUPHD. This trend is expected to continue in FY2019.

As it has for past two fiscal years, in FY2019 the County will approve its levy to capture new growth in the event of a favorable ruling in the hospital property tax exemption case. In FY2019, there is an additional \$36,456 budgeted in property tax revenue and professional services expenditure.

The Board of Health enters into a contract with the CUPHD to provide public health services throughout the County. The Board of Health has annually awarded a grant in the amount of \$45,000 to the Smile Healthy child dental access program. Allocation of the \$45,000 is included in this budget in the child dental access program line item. The Board of Health approved funding for the grant in FY2019 during its August 2018 meeting.

In FY2018, both budgeted revenues and expenditures increased in anticipation of an increase in the Tobacco Free Grant from the Illinois Department of Public Health (IDPH). This grant was discontinued and was not budgeted in FY2019.

The Board of Health has requested two additional items as added to the FY2019 budget, with approval of the County Board. Both items will be paid on a reimbursement basis only.

- Preventative Services - The Board would like to continue to provide services where previous grants have been discontinued or a county community health need exists. The Board of Health will evaluate and select services to be provided based upon a list of recommendations from the Public Health Administrator. These services will be funded by any surplus budget beyond core services up

to \$25,000. The existence of the Preventative Fund, services to be provided, and amount will be evaluated annually.

During its August 2018 meeting, the Board approved funding in the amount of \$9,849 for Champaign County Teen Pregnancy and STD Prevention Education in local schools, and \$15,151 for expanded dental care services for Champaign County Medicaid/MCO eligible children and teens.

- Emergency Fund - The Board of Health recognizes there may be occasions where they request CUPHD to provide services above and beyond the scope of the contract. This appropriation would be established to ensure funds are readily available and payment to CUPHD is guaranteed. Any request for emergency services covered by this fund would require authorization of the County Board of Health's Chair. The Board of Health has determined \$15,000 is an appropriate amount to be set aside for this purpose.

FUND BALANCE

FY2017 Actual	FY2018 Projected	FY2019 Budgeted
\$491,047	\$522,338	\$507,571

The Fund Balance reflects \$33,165 of funds associated with TIF surplus revenue, which is being held in reserve to offset any potential liability in a ruling related to the hospital property tax exemption case. The actual liability in the case of an unfavorable ruling is estimated to be \$91,000.

A fund balance of 25% of the expenditure budget has been established by the County Board of Health to ensure an appropriate balance to address cash flow requirements and reserve funding for public health emergencies.

EXPENSE PER CAPITA (IN ACTUAL DOLLARS)

FY2015	FY2016	FY2017	FY2018	FY2019 Budgeted
\$10.46	\$10.85	\$10.82	\$12.57	\$12.61

ALIGNMENT to STRATEGIC PLAN

County Board Goal 3 –Champaign County promotes a safe, just and healthy community

- To promote and participate in planning initiatives for the maintenance and improvement in delivery of public health services
- To provide public health programming and services to promote and enable a healthy community throughout Champaign County

County Board Goal 4 – Champaign County is a county that supports balanced, planned growth to balance economic growth with preservation of our natural resources

- To provide appropriate oversight for planned growth in the areas of licensed food services facilities, private sewer, and well water systems
- To anticipate and plan for impact of demographic and population changes on potential health hazards to be managed through public health

OBJECTIVES

1. To prevent the transmission of food borne diseases attributable to licensed food service facilities in Champaign County
2. To prevent the transmission of enteric disease in Champaign County attributed to improper sewage disposal or unsafe private water supplies
3. To initiate investigation and surveillance within twenty-four hours of notification of 100% of reported diseases that could be spread through the environment
4. To conduct inspections of 100% of private sewage disposal systems and 100% of private water wells installed under permit to assure that all state and local requirements are met

5. To conduct inspections and obtain compliance for all programs carried out by the department through grant/contractual agreements as agents for the Illinois Department of Public Health in order to protect the safety and well-being of Champaign County residents

PERFORMANCE INDICATORS

Performance Indicators	FY2016	FY2017	FY2018	FY2019
