

TORNADO SIRENS
General Fund 080-012

This budget is a pass-through budget for reimbursement revenues and appropriation for upgrading and maintaining the tornado siren systems owned by municipalities located in the county to a polygon system with computer-based activation. There is an IGA between the County and other government entities, which designates the County as the fiscal agent. It is anticipated that smaller villages may wish to join the system as they upgrade their sirens.

BUDGET HIGHLIGHTS

One-time upgrades were completed in fiscal years 2019 and 2020 with recurring subscription costs thereafter. Sidney, Pesotum and Savoy were added to the network in 2021.
