(a) Grantee shall submit a Close-out Report within 60 calendar days following the end of the period of performance for this Agreement. 13.4. Effect of Failure to Comply. Failure to comply with reporting requirements shall result in the withholding of funds, the return of improper payments or Unallowable Costs, will be considered a material breach of this Agreement and may be the basis to recover Grant Funds. Grantee's failure to comply with this ARTICLE XIII, ARTICLE XIV, or ARTICLE XV shall be considered prima facie evidence of a breach and may be admitted as such, without further proof, into evidence in an administrative proceeding before Grantor, or in any other legal proceeding. 16.2. Suspension. Grantor may suspend this Agreement, in whole or in part, pursuant to a funding failure under Paragraph 4.1 or if the Grantee fails to comply with terms and conditions of this or any Award. **EXHIBIT G
SPECIFIC CONDITIONS**

PART TWO – THE GRANTOR-SPECIFIC TERMS

In addition to the uniform requirements in **PART ONE**, the Grantor has the following additional requirements for its Grantee:

None.

PART THREE – THE PROJECT-SPECIFIC TERMS

In addition to the uniform requirements in **PART ONE** and the Grantor-Specific Terms in **PART TWO**, the Grantor has the following additional requirements for this Project:

1. All allocations and use of funds by the Grantee shall be in accordance with the applicable notice of funding opportunity. The Grantee shall comply with all applicable federal and state statutes, regulations, executive orders, and other policies and requirements in carrying out any project supported by these funds. The Grantee recognizes that laws, regulations, policies, and administrative practices may be modified from time to time and those modifications may affect project implementation. The Grantee agrees that the most recent requirements will apply during the performance period of this Agreement.
2. All personnel who are funded in whole or in part with the funds from this Agreement are required to successfully complete: (a) specified National Incident Management System (NIMS) courses (IS 100, IS 200, IS 700 and IS 800); and (b) either (i) the FEMA Professional Development Series (PDS) (IS 120, IS 230, IS 235, IS 240, IS 241, IS 242 and IS 244) or (ii) the Emergency Management Professionals Program (EMPP) Basic Academy. New employees have 12 months from the date of hire to complete the training requirement. All employees must ensure that their course certificates have been submitted to their respective Grantor Regional Office for entry on their training transcript by September 30, 2018.
3. All personnel who are funded in whole or in part with funds from this Agreement shall participate in no less than three exercises by September 30, 2018. The definition of "participate" includes serving in one of the following positions during the exercise: exercise director, evaluator, facilitator, controller, simulator, player or inject writing team member. As the intent of the EMPG program is, in part, to design and conduct exercises that engage a whole community of stakeholders and validate core capabilities, at least **two** of the three required exercises must be from the following list: local workshop, seminar, drill, tabletop, functional or full-scale. Only **one** of the three exercises may be from the following list: IEMA Training Summit or local emergency management conference, Grantor regional meeting or STARCOM radio check. All exercises and associated paperwork must be completed prior to September 30, 2018, to ensure employee compliance, with the exception of new hires, who have 12 months from the date of hire to complete requirements.
4. The Grantee is required to maintain adoption and implementation of the National Incident Management System.
5. If funding will be used to purchase emergency communications equipment or to fund related activities, the Grantee shall comply with the SAFECOM Guidance for Emergency Communication Grants, including provisions on technical standards that ensure and enhance interoperable communications.
6. The Grantee will provide all necessary financial and managerial resources to meet the terms and conditions of this Agreement.
7. This Agreement may be amended because of changes in state or federal statutes, regulations, or grant award policies; an extension in the grant award term; an increase in the amount of funds granted; or any other provision requiring a modification. Grantor may remove (or reduce) a Specific Condition included in this Exhibit G by providing notice in writing to the Grantee. All other modifications must be in writing and signed by both parties.

8. The Grantee agrees that funds under this award will be used to supplement, but not supplant, state or local funds budgeted for the same purposes. The Grantee may be required to demonstrate and document that a reduction in non-federal resources occurred for reasons other than the receipt or expected receipt of federal funds.

9. The Grantee shall not undertake any project having the potential to impact EHP resources or initiate procurement without the prior approval of FEMA, including but not limited to construction of communication towers, modification or renovation of existing buildings, structures and facilities, or new construction including replacement of facilities. The EHP review process involves the submission of a detailed project description along with supporting documentation, so that FEMA may determine whether the proposed project has the potential to impact environmental resources and/or historic properties. In some cases, DHS/FEMA is also required to consult with other regulatory agencies and the public to complete the review process. The EHP review process must be completed and approved before funds are released to carry out the proposed project. The Grantee must comply with all conditions placed on the project as the result of the EHP review. Any change to the approved project scope of work will require re-evaluation for compliance with these EHP requirements. If ground-disturbing activities occur during project implementation, the Grantee must ensure monitoring of ground disturbance, and if any potential archeological resources are discovered, the Grantee will immediately cease construction in that area and notify FEMA and the appropriate State Historic Preservation Office. Any activities that have been initiated without the necessary EHP review and approval will result in a non-compliance finding and will not be eligible for FEMA funding.
