RE: 1513 County Road 2300 N., Urbana IL 61801

Dear Jeff,

This letter is to confirm that AMERENIL will provide electric service for the proposed development located at 1513 County Road 2300 N., Urbana IL 61801. This is with the stipulation that all proper documents are provided, any charges related to the project are paid, and the site is ready for install.

If I may be of further assistance, please call.

Sincerely,

A handwritten signature in black ink, appearing to read "Matt Anderson". The signature is stylized and cursive.

INSPECTION
1630 Co Rd 2300 North
Urbana, IL 61802

The well has a 6" steel well terminating above ground level. The well is equipped with a 3600 gallon pressure tank which keeps 1800 gallons of water on hand at all times. The well also has a 5 horsepower 50 gallon per minute submersible well pump to replenish water used. There is also 400' of 6" main waterline that holds on additional 600 gallons of water in reserve. High point daily usage is about 4400 gallons per day +/- and the well could easily supply 3 to 4 times that amount of water. With this begin said the pumping system will maintain more than enough water pressure and should never drop below 20 PSI. The well and pumping system are up to Illinois State Code and passes inspection.

If you any further questions, do not hesitate to call.

Thank You
Marc Vaughn, Owner
