Get the Most from Your Health Plan

Welcome to Blue Cross and Blue Shield of Illinois (BCBSIL), a leader in health care benefits. We have been helping people like you get the most from their health care plans for many years.

Read this guide to learn about benefits your employer is offering. Think about how you and your family will use these benefits. Learn more about products, services and how to be a smart health care user at bcbsil.com.

Your ID Card

After you enroll, you will get a member ID card in the mail. Show this ID card when you see a doctor, visit the hospital or go to any other place for care. The back of the card has phone numbers you might need.

Blue Access for MembersSM

Go to bcbsil.com/member and sign up for the secure member website, Blue Access for Members. Find the "Log In" tab and click "Register Now." Use the information on your ID card to complete the process. On this site, you can check your claims, order more ID cards, get health information and much more.

Save Money – Stay In-Network

Using independently contracted network providers can help you save. Look at your ID card to find your network. Then go to bcbsil.com to look for doctors, hospitals and other places for care.

Call Customer Service for Help

Our team knows your health plan and can help you get the most from your benefits. Just call the toll-free number on the back of your ID card.

Blue Choice Select PPOSM Plan

Blue Choice Select offers a full range of benefits to help keep you and your covered dependents healthy.

Blue Choice Select includes all the features of a PPO plan, such as a wide range of benefits and the flexibility to self-direct your care. You do not need to choose a primary care physician to provide or coordinate your care and you do not need a referral to see a specialist. However, the Blue Choice SelectSM network is smaller than the PPO network.

Network Information

Blue Choice Select offers access to a specific, geographically-focused network of physicians and hospitals. To enroll in Blue Choice Select, you must live in the Blue Choice Select service area. To receive the highest level of benefits, you should use these providers for health care services. You can receive care from a provider outside the network, but your benefits will be paid at a lower level and your out-of-pocket costs may be significantly higher. You may also be required to pay fees for out-of-network medical services up front and be subject to balance billing.

Medical Care

Your benefits may include coverage for*:

- physician office visits
- inpatient hospital services
- outpatient hospital services
- outpatient surgery and diagnostic tests
- maternity care
- hospital emergency medical and accident treatment
- breast cancer screenings
- cervical cancer screenings
- muscle manipulation services
- physical, speech and occupational therapies
- infertility treatment
- behavioral health and substance abuse

To find a contracting doctor or hospital, go to **bcbsil.com** and click on the Find a Doctor or Hospital tab to use the Provider Finder[®] tool. You may also call BlueCard[®] Access toll-free at **800-810-BLUE (800-810-2583)** for provider information. Once you become a member, you can also call the toll-free Customer Service telephone number on the back of your member ID card for assistance.

Blue Access for MembersSM

Health care at your fingertips.

Blue Cross and Blue Shield of Illinois (BCBSIL) helps you get the most from your health care benefits with Blue Access for Members (BAMSM). You and all covered dependents age 18 and up can create a BAM account.

With BAM, you can:

- Find care – search for in-network doctors, hospitals, pharmacies and other health care providers
- Get your digital member ID card
- Check the status or history of a claim
- View or print Explanation of Benefits statements
- Sign up for text or email alerts

It's easy to get started.

Use your member ID card to create a BAM account at **bcbsil.com**, or text* **BCBSILAPP** to **33633** to download our mobile app.

Medical Plan Frequently Asked Questions

Q. Are my medical records kept confidential?

A. Yes. Blue Cross and Blue Shield of Illinois (BCBSIL) is committed to keeping all specific member information confidential. Anyone who may have to review your records is required to keep your information confidential. Your medical records or claims data may have to be reviewed (for example, as part of an appeal that you request). If so, precautions are taken to keep your information confidential. In many cases, your identity will not be associated with this information.

Q. Who do I call with questions about my benefits?

A. Call the toll-free Customer Service number on the back of your member ID card.

Q. How do I find a contracting network doctor or hospital?

A. Go to **bcbsil.com** and use Provider Finder®, or call Customer Service at the toll-free number on the back of your member ID card.

Q. What do I do when I need emergency care?

A. Call 911 or seek help from any doctor or hospital. BCBSIL will coordinate your care with the emergency provider.

Some options for non-emergency care include:

- **Your doctor's office** for health exams, routine shots, colds, flu and other minor illnesses or injuries.
- **Walk-in retail health clinics** available in retail stores. Many have a physician assistant or nurse practitioner who can help treat ear infections, rashes, minor cuts and scrapes, allergies, colds and other minor health problems.
- **Urgent or immediate care clinics** for more serious health issues, such as when you need an X-ray or stitches.

Urgent Care or Freestanding Emergency Room?

Urgent care centers and freestanding ERs can be hard to tell apart. Freestanding ERs often look a lot like urgent care centers, but costs are higher, just as if you went to the ER at a hospital. Here are some ways to know if you are at a freestanding ER.

Freestanding ERs:

- Look like urgent care centers, but have **EMERGENCY** in the facility name.
- Are separate from a hospital but are equipped and work the same as an ER.
- Are staffed by board-certified ER physicians and are subject to the same ER copay.
- Find urgent care centers¹ near you by texting² **URGENTIL** to **33633** and then type in your ZIP code.

Q. What should I bring to my first appointment with a new doctor?

A. Your first appointment is an opportunity to share information about your health with your new doctor. Bring as much medical information as possible, including:

- **Medical records and insurance card** — If you are undergoing treatment at the time you change doctors, your medical records are important to your new doctor. Your insurance card provides information about copayments, billing and Customer Service phone numbers.
- **Medications** — Give your new doctor information about prescription and over-the-counter medications, including any herbal medications you take. Be sure to include the name of the medication, the dosage, how often you take it and why you take it.
- **Special needs** — Make a list of any equipment or devices you use including wheelchairs, oxygen, glucose monitors and the glucose strips. Be prepared to explain how you use them, not only to make sure you have the equipment you need, but also to make sure that there is no disruption in your care.

Q. What questions should I ask if I am selecting a new doctor?

A. In addition to preliminary questions you might ask a new doctor — such as “Are you accepting new patients?” — here are some questions to help you evaluate whether a doctor is right for you.

- What is the doctor’s experience in treating patients with the same health problems that I have?
- Where is the doctor’s office? Is there convenient and ample parking, or is it close to public transportation?
- What are the regular office hours? Does the office have drop-in hours if I have an urgent problem?
- How long should I expect to wait to see the doctor when I’m in the waiting room?
- Are routine lab tests and X-rays performed in the office, or will I have to go elsewhere?
- Which hospitals does the doctor use?
- If this is a group practice, will I always see my chosen doctor?
- How long does it usually take to get an appointment?
- How do I get in touch with the doctor after office hours?
- Can I get advice about routine medical problems over the phone or by email?
- Does the office send reminders for routine preventive tests like cholesterol checks?

Q. What if I’m already in treatment when I enroll and my provider isn’t in the network?

A. We’ll work with you to provide the most appropriate care for your medical situation, especially if you are pregnant or receiving treatment for a serious illness. You may still be able to see your out-of-network provider for a period of time. Call the toll-free Customer Service number on the back of your member ID card for more information.

¹ The closest urgent care center may not be in your network. Be sure to check Provider Finder to make sure the center you go to is in-network.

GLOSSARY OF TERMS - We have described some of the terms used here to help you understand them, but you should make sure to read your benefit plan materials if you have questions.

Amount Billed: The amount your provider billed for the service(s) rendered.

Amount Covered (Allowed): Discounts, reductions, and amount covered (allowed) reflect the terms of your plan, and in the case of an in-network provider, the savings we have negotiated with your provider. Your deductible, coinsurance and copay are based on the allowed amount and the terms of your plan. Your share of coinsurance is a percentage of the allowed amount after the deductible is met.

Coinsurance: The percentage of the allowed amount you pay as your share of the bill. For example, if your plan pays 80% of the allowed amount, 20% would be your coinsurance.

Copay Amount (Also known as Copayment): The set fee you pay each time you receive a certain service. Some plans do not have copayments.

Deductible: The amount, if any, you must pay before we start paying contract benefits. You do not send this amount to us. We subtract this amount from covered expenses on claims you and health care professionals send us. Some services can be covered before the deductible is met.

Non-Participating Provider: An out-of-network provider who does not accept rates for services we set to keep your costs down.

Out-of-Pocket Limit (Maximum): Once you pay this amount in deductibles, copayments and coinsurance for covered services, we pay 100% of the allowed amount for covered services for the rest of the benefit period.

Participating Provider: An in-network or out-of-network provider who accepts agreed-upon rates for services.

Your Total Costs: This is the sum of your copay, deductible and coinsurance. It also includes any amounts not covered by your health plan. Amounts that a non-participating provider may bill you are not part of this.

Blue Cross®, Blue Shield® and the Cross and Shield Symbols are registered service marks of the Blue Cross and Blue Shield Association, an association of independent Blue Cross and Blue Shield Plans.

Prescription Drug and Wellness Information

Q&A: Prescription Drug List

What is a prescription drug list?

Your prescription drug benefit plan is based on the Blue Cross and Blue Shield of Illinois drug list. It is a list of drugs routinely reviewed and chosen based on the recommendations of a group of people from throughout the country who hold a medical or pharmacy degree. U.S. Food and Drug Administration (FDA)-approved drugs are chosen based on their safety, cost and how well they work.

The Enhanced Drug List is a smaller version of the Basic Drug List. It has mostly generic and select preferred brand drugs.

The Balanced Drug List, Performance Drug List, Performance Select Drug List and 2024 Drug List (for Metallic plans) show all covered drugs.

Major drug classes are covered on all drug lists. To learn more about your drug list, please call the number on your ID card.

Why should I use the drug list?

Your prescription drug list has many levels of coverage, called tiers. Each tier has its own cost. As a rule, your copay/coinsurance amount will be less for covered drugs in the lower tier. For example, the cost for preferred brand drugs is often lower than for non-preferred brand drugs.

If your benefits are based on the Basic or Enhanced Drug List, most medicines may be covered that are not on the drug list, but you may pay more out of pocket. If your benefits are based on the Balanced Drug List, Performance Drug List, Performance Select Drug List or 2024 Drug List (for Metallic plans), medicines that are not shown on these drug lists are not covered. You will need to pay for the full cost of the medicine.

The drug list is a source for your doctor when prescribing medicines. But it is up to you and your doctor to decide the medicine that is best for you.

Why use generic drugs?

Generics are medicines that are safe and work just as well as a brand drug. Generics often cost less than a

brand drug. A generic can usually be substituted for a brand drug if it has the same active ingredients, the same strength and dosage and gives the same results. Talk to your doctor or pharmacist to find out if a generic drug is right for you.

How do I know if a drug is on the drug list and what my cost will be?

The other side of this flier lists some commonly prescribed generic and preferred brand drugs. If a drug you are looking for is not on this flier, search the full drug list at bcbasil.com/rx-drugs/drug-lists/drug-lists or call customer service at the number on your BCBSIL member ID card.

How much you may pay out of pocket will be based on your plan benefits and what tier the drug is on your drug list. To find out what you will pay, log in to your Blue Access for MembersSM (BAMSM) account at bcbasil.com or call customer service at the number on your BCBSIL member ID card.

Please note: Drugs that call for a health care provider to give them to you (often in a hospital, doctor's office or other health care setting) may be covered under your health plan's medical benefit instead of your pharmacy benefits. These drugs are not on the drug list. If you have questions about these drugs, please call customer service at the number on your BCBSIL member ID card.

What are dispensing limits?

Some drugs listed on the drug list may have additional requirements, or extra steps to take before getting your prescription filled. One of those requirements is dispensing limits. This means you may only be able to get a certain amount of your drug at one time. For example, the osteoporosis drug Actonel® (risedronate) can only be filled as 30 tablets per 30 days because the FDA-approved labeling recommends the dose of one 5 mg tablet taken daily by mouth.

What if I have questions?

Call customer service at the number on your ID card, 24 hours a day, 7 days a week, or visit bcbasil.com.

August 2024 Commonly Prescribed Drugs

This list is a sample of commonly prescribed generic and preferred brand drugs. See the full and up-to-date BCBSIL prescription drug lists at bcbsil.com/rx-drugs/drug-lists/drug-lists. The online drug list (Balanced Drug List, Basic Drug List, Enhanced Drug List, Performance Drug List, Performance Select Drug List and 2024 Drug List for Metallic plans) may be changed as often as four times a year, based on your prescription drug benefit plan. Some online drug lists (Annual versions) may only be changed once a year, based on your plan benefits. The drug list may show medicines not covered under your prescription drug benefit plan. Also, prescription versions of over-the-counter (OTC) medicines may not be covered based on your plan. If you have questions about your benefits, call the number on your ID card.

Generic Drugs May Save You Money

They are safe, effective and approved by the FDA. Talk to your doctor to see if using generic drugs is an option for you.

What is a generic drug?

A generic drug is a version of a brand-name drug and is also approved by the FDA. When compared to the brand-name drug a generic drug is safe and works just as well in the body for most people. But the generic drug often costs less.

There are two types of generics:

- A **generic equivalent** is made with the same active ingredient(s) at the same dose as the brand-name drug.
- A **generic alternative** is often used to treat the same condition, but the active ingredient(s) differ from the brand-name drug.

Your pharmacist can often fill a prescription with a generic equivalent without a new prescription from your doctor. But only you and your doctor can decide if a generic alternative is right for you. And if right for you, your doctor will need to write your prescription for that medicine.

You may pay less for generic drugs.

Some benefit plans offered by Blue Cross and Blue Shield of Illinois (BCBSIL) use a prescription drug list, which is a list of drugs covered by your plan. If your plan is based on a drug list, how much you pay out-of-pocket for prescription drugs depends on whether the drug is on the list. Your drug list may also have different levels of coverage, called “tiers.” When you choose drugs in lower tiers, you may pay less. Generics are often in the lower tiers.

Members whose plan does not include a drug list often pay less out-of-pocket for generic drugs as well.

Be informed. Talk to your doctor. Start saving now.

Generics are available for many brand drugs.

Generic alternatives are available for many brand drugs which may not currently have a generic equivalent, including those listed in the chart to the right. If you are taking one of these brand drugs, ask your doctor if a generic is right for you. This may save you money as well.

Get the most from your pharmacy benefit.

Consider using generic drugs and follow these tips to help you get the most from your benefits:

- Ask your doctor to check the prescription drug list when recommending prescription drug options for you. Drugs on the list are chosen based on their safety, cost and how well they work.
- When you fill a prescription, use an in-network pharmacy and show your member ID card.
- Go to **bcbasil.com** and log into **Blue Access for MembersSM (BAMSM)** for online pharmacy resources. You can get an estimate of your out-of-pocket cost for a prescription, view your claims history and more.

What if I have questions?

Ask your doctor or pharmacist about the choices you have and which drug is right for you. As always, treatment decisions are between you and your doctor.

If you have questions about your prescription drug benefit, see your plan materials, visit BAM or call the number on your ID card.

Stay on Top of Your Prescriptions

Taking your medicine as prescribed – known as medication adherence – is important. It helps you control chronic health issues, treat short-term health problems, and stay well.

If you're having trouble taking your medicines as directed, you aren't alone. Some of the most common reasons can be:

- Finding time to take them
- Taking too many prescriptions
- Uncertainty that the medicine is working
- Fear of side effects
- Struggling to pay for them

Find a Solution

Taking the **right amount** of your medicine, at the **right time** of day and the **right way** (as your doctor prescribed) can make a big difference in how well it works. The time of day a drug is taken may improve its ability to control health problems and lessen side effects. When you take your medicines the way they're meant to be used, you can avoid risks and get the biggest health benefits.

What else can you do to help improve your adherence?

- If you have trouble remembering to take your medicine or are confused about the directions, set reminders on your phone or use pillboxes to help sort them.
- Talk to your pharmacist. They may be able to simplify your dosing choices.
- Use pharmacy reminder services or mobile phone apps.
- If you're feeling side effects from your medicine, talk to your doctor. There may be other options you can try that may lessen or prevent side effects so you can take your medicine as directed without worry.
- If your medicine is too costly, ask your doctor if there is a generic or less costly alternative that may work for you.

Ask for Help

Your medicines play a vital role in keeping you healthy. If you're having trouble, ask for help. Your doctor or pharmacist can help you find a plan to stay on top of your prescriptions. You may also ask to speak with a pharmacist on BCBSIL's pharmaceutical care management team by calling the number on the back of your card.

A home delivery (mail order) pharmacy service you can trust.

Express Scripts® Pharmacy delivers your long-term (or maintenance) medicines right where you want them. No driving to the pharmacy. No waiting in line for your prescriptions to be filled.

Savings and Convenience

- Express Scripts® Pharmacy delivers up to a 90-day supply of long-term medicines.¹
- Prescriptions are delivered to the address of your choice, within the U.S., with free standard shipping.
- You can order from the comfort of your home — through your mobile device, online or over the phone. Your doctor can fax, call or send your prescription electronically to Express Scripts® Pharmacy.
- Tamper-evident, unmarked packaging protects your privacy.

Support and Service

- You can receive notices by phone, email or text — your choice — when your orders are placed and shipped. You will be contacted, if needed, to complete your order. To select your notice preference, register online at express-scripts.com/rx or call **833-715-0942**.
- 24/7 access to a team of knowledgeable pharmacists and support staff.
- You can choose to receive refill reminder notices by phone or email.
- Multiple pharmacy locations across the U.S., for fast processing and dispensing.

Medicines may take up to 5 business days to deliver after Express Scripts® Pharmacy receives and verifies your order.

Getting Started with Express Scripts® Pharmacy Mail Order

Online and Mobile

You have more than one option to fill or refill a prescription online or from a mobile device:

- Visit **express-scripts.com/rx**. Follow the instructions to register and create a profile. See your active prescriptions and/or send your refill order.
- Log in to **myprime.com** and follow the links to Express Scripts® Pharmacy.

Over the Phone

Call **833-715-0942**, 24/7, to get started with mail order, transfer a current prescription or to refill. Please have your member ID card, prescription information and your doctor's contact information ready.

Through the Mail

To send a prescription order through the mail, visit **bcbsil.com** and log in to Blue Access for MembersSM. Complete the mail order form. Mail your prescription, completed order form and payment to Express Scripts® Pharmacy.

Talk to Your Doctor

Ask your doctor for a prescription for up to a 90-day supply of each of your long-term medicines.¹ You can ask your doctor to send your prescription electronically to Express Scripts® Pharmacy, call **888-327-9791** for faxing instructions or call the pharmacy at **833-715-0942**. If you need to start your medicine right away, request a prescription for up to a one-month supply you can fill at a local retail pharmacy.

Refills Are Easy

Refill dates are shown on each prescription label. You can choose to have Express Scripts® Pharmacy remind you by phone or email when a refill is due. Choose the reminder option that best suits you.

Questions?

Visit **bcbsil.com**. Or call the phone number listed on your member ID card.

Use the mobile app to manage your prescriptions

- Refill prescriptions
- Track your order
- Make payments
- Set reminders to take medicines and more

1. Prescriptions of up to a 90-day supply, or the most amount allowed by the benefit plan.

Express Scripts® Pharmacy is a pharmacy that is contracted to provide mail pharmacy services to members of Illinois. The relationship between Express Scripts® Pharmacy and Blue Cross and Blue Shield of Illinois is that of independent contractors. Express Scripts® Pharmacy is a trademark of Express Scripts Strategic Development, Inc.

Prime Therapeutics LLC is a pharmacy benefit management company, contracted by BCBSIL to provide pharmacy benefit management and related other services. BCBSIL, as well as several independent Blue Cross and Blue Shield Plans, has an ownership interest in Prime Therapeutics LLC. MyPrime.com is an online resource offered by Prime Therapeutics, LLC.

Do You Need Specialty Medications?

Blue Cross and Blue Shield of Illinois (BCBSIL) supports members who need self-administered specialty medication and helps them manage their therapy. Accredo® is the specialty pharmacy chosen to do just that.¹

Specialty drugs are often prescribed to treat complex and/or chronic conditions, such as multiple sclerosis, hepatitis C and rheumatoid arthritis.

Specialty drugs often call for carefully following a treatment plan (or taking them on a strict schedule). These medications have special handling or storage needs and may only be stocked by select pharmacies.

Some specialty drugs must be given by a health care professional, while others are approved by the FDA for self-administration (given by yourself or a care giver). Medications that call for administration by a professional are often covered under your medical benefit plan. Your doctor will order these medications. Coverage for self-administered specialty drugs is usually provided through your pharmacy benefit plan. Your doctor should write or call in a prescription for self-administered specialty drugs to be filled by a specialty pharmacy.

Your plan may require you to get your self-administered specialty drugs through Accredo or another in-network pharmacy. If you do not use these pharmacies, you may pay higher out-of-pocket costs.² Your doctor may also order select specialty drugs that must be given to you by a health professional through Accredo.

Do You Need Specialty Medications?

Examples of Self-administered Specialty Medications

This chart shows some conditions self-administered specialty drugs may be used to treat, along with sample medications. This is not a complete list and may change from time to time. Visit [bcbsil.com](https://www.bcbsil.com) to see the up-to-date list of specialty drugs.

Condition	Sample Medications ³
Autoimmune Disorders	Cosentyx, Enbrel, Humira, Xeljanz
Osteoporosis	Forteo, Tymlos
Cancer (oral)	Gleevec, Nexavar, Sprycel, Sutent, Tarceva
Growth Hormones	Norditropin Flexpro, Nutropin AQ, Omnitrope
Hepatitis C	Daklinza, Epclusa, Harvoni, Mavyret, Sovaldi, Vosevi
Multiple Sclerosis	Betaseron, Copaxone, Rebif

Support in Managing Your Condition: Accredo

Accredo carries roughly 99% of specialty drugs, which means you're more likely to get all of your specialty drugs from one pharmacy. Through Accredo, you can have your covered, self-administered specialty drugs delivered straight to you. When you get your specialty drugs through Accredo, you get:

- One-on-one counseling from 500+ condition-specific pharmacists and 600+ nurses
- Simple communication, including refill reminders, by your choice of phone, email, text or web⁴
- An online member website to order refills, check order status and track shipments, view order and medication history, set profile preferences and learn more about your condition
- A mobile app that lets you refill and track prescriptions, make payments and set reminders to take your medicine⁴
- Free standard shipping
- 24/7 support

Ordering Through Accredo

You can order a new prescription or transfer your existing prescription for a self-administered specialty drug to Accredo. **To start using Accredo, call 833-721-1619.** An Accredo representative will work with your doctor on the rest.

Once registered, you can manage your prescriptions on [accredo.com](https://www.accredo.com) or through the mobile app.

Receiving Specialty Medications

Since many specialty drugs have unique shipping or handling needs, shipments will be arranged with you through Accredo. Medications are shipped in plain, secure, tamper-evident packaging.

Before your scheduled fill date, you will be contacted to:

- Confirm your drugs, dose and the delivery location
- Check any prescription changes your doctor may have ordered⁵
- Discuss any changes in your condition or answer any questions about your health⁵

One-on-One Support

Accredo has 15 Therapeutic Resource Centers® (TRCs), each focused on a specific specialty condition. Through your one-on-one counseling sessions, they'll discuss how to reduce your disease progression and achieve your treatment goals, manage any side effects from your drugs, help you stick to your regimen and monitor your progress. They can also offer support with any financial or insurance concerns you may have.

Certain coverage exclusions and limits may apply, based on your health plan. For some medicines, members must meet certain criteria before prescription drug benefit coverage may be approved. Check your benefit materials for details, or call the customer service number listed on your ID card with questions.

1. Blue Cross and Blue Shield of Illinois (BCBSIL) contracts with Prime Therapeutics to provide pharmacy benefit management and related other services. BCBSIL, as well as several independent Blue Cross and Blue Shield Plans, has an ownership interest in Prime Therapeutics.

2. The BCBSIL specialty pharmacy network includes Accredo as well as other in-network specialty pharmacies for select specialty drugs. Based on the benefit plan, members may be responsible for the full cost of the specialty drug for not using an in-network specialty pharmacy. You can log in to your Blue Access for MembersSM (BAMSM) account to find an in-network specialty pharmacy near you.

3. Third-party brand names are the property of their respective owners.

4. Not all medicines can be refilled on the app, by text or email.

5. Treatment decisions are between you and your doctor.

Prior Authorization

Encouraging Safe and Effective Prescription Drug Use

Some prescriptions need approval before they are covered by Blue Cross and Blue Shield of Illinois. This is called Prior Authorization. The program helps make sure the drug is prescribed, managed and taken safely, as intended by the Food and Drug Administration.

How do you know if you need prior authorization?

Your pharmacist is alerted and will notify you if prior authorization is needed. You can also log into **MyPrime.com** to check your drug list or view which drugs are in the prior authorization program.

If your medicine requires prior authorization

Your doctor can find the PA request forms at our provider website at **bcbsil.com** or call **800-285-9426**. If approved, you will pay your cost share for the drug based on your benefits. If not approved, the drug will not be covered. You can still fill the original prescription. But, you will have to pay the full amount.

As always, cost is only one factor in choosing medication. Treatment decisions are between you and your doctor.

If there are questions about your prescription benefits, please call the phone number on your member ID card.

A team of physicians and pharmacists review FDA-approved labeling, scientific literature and nationally recognized guidelines to develop the clinical criteria for medications that require prior authorization.

Not all drug categories are included in all benefit plans. To see the current Prior Authorization programs for your drug list, visit **bcbsil.com**. Additional categories and drugs may be added. Drugs listed are only examples.

MyPrime.com is an online resource offered by Prime Therapeutics, LLC, a pharmacy benefit manager contracted by BCBSIL to administer your prescription drug benefit.

Live Well with the Well onTarget Member Wellness Portal

The Well onTarget® Member Wellness Portal at **wellontarget.com** provides you with tools to help you set and reach your wellness goals. The portal is user-friendly, so you can find everything you need quickly and easily.

Explore Your Wellness World

When you log in to your portal, you will find a wide variety of health and wellness resources, including:

- The Health Assessment (HA)
- Self-Management Programs
- Health trackers
- Trusted news and health education content

See Your Stats in a Flash

Everything you want to see quickly is on your dashboard. The dashboard shows all of your Well onTarget programs. You can see where you are today compared with where you were when you started. You can also read the latest health news, check your activity progress and more.

Take a Snapshot of Your Health

The HA asks you questions about your health and habits.¹ You then get a Personal Wellness Report. This report suggests ways to make positive lifestyle changes. Your report can also help you decide which Well onTarget program to start first to get the most benefit. You can even print a Provider Report to share with your doctor.

Well onTarget®

Blue PointsSM Program²

Small rewards may motivate you to make positive changes to meet your wellness goals. With Well onTarget, you can earn Blue Points for making healthy choices. If you enroll in the Fitness Program or take your HA, you earn points.³ You can also earn points when you achieve milestones in the Self-Management Programs. Redeem your Blue Points in the online shopping mall, which offers a wide variety of merchandise.⁴

Health Tools and Trackers

Knowing what you eat and how much you work out can help you reach your goals. But keeping track of all you do can be time-consuming. To make it easy, the portal has trackers that let you record how much sleep you get, your stress levels, your blood pressure readings and your cholesterol levels.

The portal also offers a symptom checker. When you don't feel well, this tool can help you decide if you should see a doctor.

Self-Management Programs

These programs consist of:

1. Interactive programs with learning activities and content that focus on behavioral changes to reinforce healthier habits.
2. Educational programs that inform about symptoms, treatment options and lifestyle changes.

These two learning methods allow you to study on your own time and may help you get to the next level of wellness. Topics include nutrition, weight management, physical activity, stress management, tobacco cessation and more.

Fitness Tracking

Earn Blue Points for tracking your fitness activity using popular fitness devices and mobile apps.

Take Wellness on the Go

Check out the Well onTarget AlwaysOn Wellness mobile app, available for iPhone® and Android™ smartphones. It can help you work on your wellness goals — anytime and anywhere.

1. Well onTarget is a voluntary wellness program. Completion of the Health Assessment is not required for participation in the program.
2. Blue Points Program Rules are subject to change without prior notice. See the Program Rules on the Well onTarget Member Wellness Portal for more information.
3. This does not apply to points you earn for completing Fitness Program activities.
4. Member agrees to comply with all applicable federal, state and local laws, including making all disclosures and paying all taxes with respect to their receipt of any reward.

Are You Living a Healthy Lifestyle?

Take the Health Assessment and Find Out

Answer a few questions to get your wellness report.

By keeping track of your goals and monitoring your current health status, you have a greater chance of seeing those goals through to completion. Your Health Assessment is the suggested starting point once you've registered on the portal. See logon instructions on page two.

Can you spare some time for your health?

It's easy. You'll be asked a variety of basic lifestyle questions. Share some details about your diet, exercise, sleep and other daily activities.¹

You'll get feedback immediately.

Discover your healthiest habits along with top risks and strengths revealed in your Personal Wellness Report.

You can explore helpful tips, strategies and personalized digital tools to jump start your health journey.

After you log in, watch the Welcome video to learn more about the portal and valuable resources including: self-management programs, fitness and nutrition device integration, personal challenges and more.

You'll stay motivated by tracking your progress using the health trackers and self-progress check-in tools to help reach your personal health goals.

Well onTarget®

The Health Assessment (HA) consists of nine parts, which you can complete all at once or over time, as your schedule permits. These parts include questions about your:

- Diet
- Physical activity
- Tobacco use
- Emotional health
- Health at work and on the road

Get started today.

You can earn 2,500 Blue Points^{SM2} for taking your HA. With the Blue Points program, you will be able to earn points for regularly participating in many different healthy activities. You can redeem these points in the online shopping mall, which provides a wide variety of merchandise. Follow these simple steps to get started:

1. **Visit wellontarget.com and log in.** If you have an existing Blue Access for MembersSM (BAMSM) account, use your BAM username and password. If you aren't a registered user yet, click "Register Now" to create an account.
2. **If you have not taken your HA, there will be a pop-up notification after you log in.** You can also take your HA by clicking on "Start" in the "Health Assessment" box at the top of your dashboard. Once you have completed the HA, your reports will be available in this section.

How will the Health Assessment be personalized?

You will begin by answering a few basic questions. Then, you'll answer more detailed questions based on your answers to the first set of questions. Your health status and lifestyle will determine which questions you will be asked.

Your answers will help tailor the Well onTarget Member Wellness Portal with programs that could help you reach your health goals. You can take the HA twice a year to check your progress and earn Blue Points.

Take Your Health Assessment on the Go

Check out the Well onTarget mobile app (AlwaysOn), available for iPhone® and Android™ smartphones. You can complete your HA and work on your health and wellness goals — anytime and anywhere.

What should I do with my results?

After completing the HA, you will receive a confidential Personal Wellness Report. This can show you how you are doing currently and where and how you can improve.

When you know your risks, you can choose your best options to avoid them. When you know your strengths, you can decide to build on them.

Have questions about the HA or the Well onTarget program? Call 877-806-9380.

¹ Well onTarget is a voluntary wellness program. Completion of the Health Assessment is not required for participation in the program.

² Blue Points Program Rules are subject to change without prior notice. See the Program Rules on the Well onTarget Member Wellness Portal at wellontarget.com for further information. Member agrees to comply with all applicable federal, state and local laws, including making all disclosures and paying all taxes with respect to their receipt of any reward.

AlwaysOn is owned and operated by Onlife Health Inc. an independent company that provides digital health management for members with coverage through Blue Cross and Blue Shield Plans in Illinois, Montana, New Mexico, Oklahoma and Texas. No endorsement, representations or warranties regarding third-party vendors and the products and services offered by them are being made.

Prepare for Your Life-Changing Journey

Women's and Family Health Pregnancy, Parenting and Menopause Support

Wherever you are in your journey, Blue Cross and Blue Shield of Illinois (BCBSIL) is here to support you at no extra cost.

- **Ovia Health™** apps are for tracking your cycle, pregnancy, parenting and menopause support. The apps are available in English and Spanish*, and provide videos, tips, coaching and more.
 - **Ovia:** Track your cycle, predict when you are more likely to get pregnant or receive menopause support when the time comes.
 - **Ovia Pregnancy:** Monitor your pregnancy and baby's growth week by week leading up to your baby's due date.
 - **Ovia Parenting:** Keep up with your child's growth and milestones.
- **Well onTarget®** has self-guided courses about pregnancy that you can take online, covering topics such as healthy foods, body changes and labor.

Plus, if your pregnancy is high-risk, BCBSIL will provide support from maternity specialists to help you care for yourself and your baby. Having a baby changes everything, so use these tools to help you get ready.

Download any of the Ovia Health apps from the Apple App

Store or Google Play. During sign-up, make sure to choose "I have Ovia Health as a benefit." Then select BCBSIL as your health plan and enter your employer name (optional). Also, visit wellontarget.com to explore our online courses. Please call 888-421-7781 if you have questions or want to learn more.

Ovia Health is an independent company that provides maternity and family benefits solutions for Blue Cross and Blue Shield of Illinois. Well onTarget is a voluntary wellness program. Completion of the Health Assessment is not required for participation in the program.

*To access the Spanish version of the Ovia, Ovia Pregnancy and Ovia Parenting apps, you must select "Español" as the language preference in your mobile phone or device settings.

Blue Cross and Blue Shield of Illinois (BCBSIL) is required to provide you a HIPAA Notice of Privacy Practices as well as a State Notice of Privacy Practices. The HIPAA Notice of Privacy Practices describes how BCBSIL can use or disclose your protected health information and your rights to that information under federal law. The State Notice of Privacy Practices describes how BCBSIL can use or disclose your nonpublic personal financial information and your rights to that information under state law. Please take a few minutes and review these notices. You are encouraged to go to the Blue Access for Members (BAM) portal at BCBSIL.com to sign up to receive these notices electronically. Our contact information can be found at the end of these notices.

HIPAA NOTICE OF PRIVACY PRACTICES – Effective 9/23/13

YOUR RIGHTS. When it comes to your health information, you have certain rights.

This section explains your rights and some of our responsibilities to help you.

Get a copy of your health and claims records

- You can ask to see or get a copy of your health and claims records and other health information we have about you. Ask us how to do this by using the contact information at the end of this notice.
- We will provide a copy or a summary of your health and claims records usually within 30 days of the request. We may charge a reasonable, cost-based fee.

Ask us to correct health and claims records

- You can ask us to correct your health and claims records if you think they are incorrect or incomplete. Ask us how to do this by using the contact information at the end of this notice.
- We may say “no” to your request. We’ll tell you why in writing within 60 days.

Request confidential communications

- You can ask us to contact you in a specific way or to send mail to a different address. Ask us how to do this by using the contact information at the end of this notice.
- We will consider all reasonable requests and must say “yes” if you tell us you would be in danger if we do not.

Ask us to limit what we use or share

- You can ask us **not** to share or use certain health information for treatment, payment or our operations. Ask how to do this by using the contact information at the end of this notice.
- We are not required to agree to your request, and we may say “no” if it would affect your care.

Get a list of those with whom we’ve shared information

- You can ask for a list (accounting) for six years prior to your request date of when we shared your information, who we shared it with and why. Ask us how to do this by using the contact information at the end of this notice.
- We will include all the disclosures except for those about treatment, payment, and our operations, and certain other disclosures (such as any you asked us to make). We will provide one accounting a year for free, but we may charge a reasonable, cost-based fee if you ask for another one within 12 months.

Get a copy of this Notice

- You can ask for a paper copy of this notice at any time, even if you have agreed to receive the notice electronically. To request a copy of this notice, use the contact information at the end of this notice and we will send you one promptly.

Choose someone to act for you

- If you have given someone medical power of attorney or if someone is your legal guardian, that person can exercise your rights and make choices for you.
 - We confirm this information before we release them any of your information.
-

File a complaint if you feel your rights are violated

- You can complain if you feel we have violated your privacy rights by using the contact information at the end of this notice.
- You can also file a complaint with the U.S. Department of Health and Human Services Office for Civil Rights by calling 1-877-696-6775; or by visiting www.hhs.gov/ocr/privacy/hipaa/complaints/ or by sending a letter to them at: 200 Independence Ave., SW, Washington, D.C. 20201.
- We will not retaliate against you for filing a complaint.

YOUR CHOICES. For certain health information, you can tell us your choices about what we share.

If you have a clear preference on how you want us to share your information in the situations described below, tell us and we will follow your instructions. Use the contact information at the end of this notice.

In these cases, you have both the right and choice to tell us to:

- Share information with your family, close friends, or others involved in payment for your care
- Share information in a disaster or relief situation
- Contact you for fundraising efforts

If there is a reason you can't tell us who we can share information with, we may share it if we believe it is in your best interest to do so. We may also share information to lessen a serious or imminent threat to health or safety.

We never share your information in these situations unless you give us written permission

- Marketing purposes
- Sale of your information

OUR USES AND DISCLOSURES. How do we use or share your health information?

We typically use or share your health information in the following ways.

Help manage the health care treatment you receive

- We can use your health information and share it with professionals who are treating you.
Example: A doctor sends us information about your diagnosis and treatment plan so we can arrange additional services.

Run our organization

- We can use and disclose your information to run our organization and contact you when necessary.
Example: We use health information to develop better services for you.

We can't use any genetic information to decide whether we will give you coverage except for long-term care plans.

Pay for your health Services

- We can use and disclose your health information since we pay for your health services.
Example: We share information about you with your dental plan to coordinate payment for your dental work.

Administer your plan

- We may disclose your health information to your health plan sponsor for plan administration purposes.
Example: If your company contracts with us to provide a health plan, we may provide them certain statistics to explain the premiums we charge.

How else can we use or share your health information?

We are allowed or required to share your information in other ways, usually in ways that contribute to the public good, such as public health and research. We have to meet many conditions in the law before we can share your information for these purposes. For more information go to:
www.hhs.gov/ocr/privacy/hipaa/understanding/consumers/index.html
