Funds Assist – No denials during the financial assistance days. For the second time in many months, was able to assist all veterans throughout the month. The one denial was due to eligibility.

Office – Visits and phone calls due to the new veteran's license and the passing of the law for property taxes seemed to slow some. Still having request for the PTAX form. Gave a presentation to the County Board.

Community – Attended the opening of the Center for Wounded Veterans. Met with the social workers from the Illiana VA.

Training – Received training from the Illiana HCS.
