**TO: Interested Bidders for Champaign County ITB 2020-003**  
**FROM: John Hall, Zoning Administrator**  
**DATE: June 16, 2020**  
**RE: Champaign County ITB 2020-003 Addenda #1**

---

***ADDENDA NUMBER ONE***

1. The existing fences along the North, East, and West property lines and the existing fencing south of the house, should be removed as part of the demolition.
2. The trees that are outside of the fence on the East property line should be left in place and not damaged.
3. The contractor should use some type of fence to prevent unauthorized access to the property during demolition and while there are any holes that are at least four feet deep. The existing fences may be used for that purpose but additional safety fencing will probably also be needed.
4. The water well may be left in place if not damaged during demolition. This is a change from page 5 of the Invitation to Bid. However, if the well is damaged during demolition activities then the well should be abandoned as called for on page 5 of the Invitation to Bid.
5. Section 4-2(7) on page 12 of the Invitation to Bid is hereby revised such that one basis for rejection of all bids is if the lowest responsible bid exceeds \$29,999.
6. The Sign-Up Sheet from the Pre-Bid Meeting is attached.
