Why Adult Day Services?

A break from daily caregiving is crucial to the health of caregivers. Knowing that a loved one is safe and is having a good time eases the guilt often associated with taking a break.

Our program feels like a senior center. Everyday, clients can be found playing cards, working a puzzle, discussing current events, or singing in the choir.

The award winning staff know each client well and provide comfort, assistance with activities of daily living, and someone to share a laugh with. Each client receives individual staff attention.

Only another senior knows what it's like to plant a Victory garden or drive across the country on Route 66. The shared memories and climate of appreciation at Champaign County Nursing Home Adult Day Services is the foundation of our warm, fun-loving center.
