OFFICE OF THE AUDITOR
CHAMPAIGN COUNTY, ILLINOIS

June 30, 2010

To the County Board and the Citizens of Champaign County:

The Comprehensive Annual Financial Report (CAFR) of the County of Champaign, Illinois for the fiscal year ended November 30, 2009 is submitted herewith. The CAFR is management's annual financial report to its taxpayers, governing board, oversight bodies, investors and creditors.

This report consists of management's representations concerning the finances of the County of Champaign. Consequently, management assumes full responsibility for the completeness and reliability of all of the information presented in this report. To provide a reasonable basis for making these representations, management of the County has established a comprehensive internal control framework that is designed both to protect the government's assets from loss, theft, or misuse and to compile sufficient reliable information for the preparation of the County's financial statements in conformity with Generally Accepted Accounting Principles (GAAP). Because the cost of internal controls should not outweigh their benefits, the County's comprehensive framework of internal controls has been designed to provide reasonable rather than absolute assurance that the financial statements will be free from material misstatement. As management we assert that, to the best of our knowledge and belief, this financial report is complete and reliable in all material respects.

The County's financial statements have been audited by Bray, Drake, Liles & Richardson LLP, a firm of licensed certified public accountants. The goal of the independent audit was to provide reasonable assurance that the financial statements of the County for the fiscal year ended November 30, 2009, are free of material misstatement. The independent audit involved examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements; assessing the accounting principals used and significant estimates made by management; and evaluating the overall financial statement presentation. The independent auditor's report is presented as the first component of the financial section of the report.

The independent audit of the financial statements of the County was part of a broader, federally mandated "Single Audit" designed to meet the special needs of federal grantor agencies. The standards governing Single Audit engagements require the independent auditor to report not only on the fair presentation of the financial statements, but also on the audited government's internal controls and compliance with legal requirements, with special emphasis on internal controls and legal requirements involving the administration of federal awards. These reports are available in the Single Audit Section of this report.

GAAP require that management provide a narrative introduction, overview, and analysis to accompany the basic financial statements in the form of Management's Discussion and Analysis (MD&A). This letter of transmittal is designed to complement MD&A and should be read in conjunction with it. The County's MD&A can be found immediately following the report of the independent auditors.

Profile of the Government

Incorporated in 1833, Champaign County is located about 135 miles south of Chicago, at the crossroads of Interstates 57, 72, and 74 in the heart of East Central Illinois. The County is nearly 1,000 square miles in area, with a population of 179,669 (2000 census) who live in two cities, 24 incorporated villages, and on rural home sites.

The economic base of Champaign County is comprised largely of education, farming, and medicine. Home to the University of Illinois, the County enjoys the benefits of both urban and rural life, with abundant cultural and athletic events ranging from performing arts and museums to Big Ten Sports. Champaign County is a regional medical center with two large clinic/hospital complexes. Nearly 90% of Champaign County's land is farmed. The principal crops are corn and soybeans.

There are 27 elected County Board members, 3 from each of 9 districts. The board members elect a chairman for a two-year term from among the members. After a decade of working with two county co-administrators, the County Board recently appointed a single county administrator with the responsibility of service to the board.

Illinois law determines the functions and services of county government. The largest portion of the County's General Government expenditures are for the administration of justice and public safety, including the State's Attorney, Public Defender, Circuit Clerk, Circuit Court, Court Services (adult and juvenile probation and juvenile detention center), and the Sheriff's functions (road patrol and the county correctional center).

Other functions mandated by state statute include the construction and maintenance of county highways and bridges, the maintenance of the property tax system, voter registration and the election system, maintaining vital records such as birth, marriage, and death certificates, and the recording of deeds and other real estate records.

The County also operates a nursing home, primarily from patient fees and Medicare/Medicaid reimbursements. Voters approved special property taxes in 1972 to fund mental health services, in 1995 to fund a Cooperative Extension Service, in 1996 to fund public health services for all county residents, in 2002 to fund social security and retirement contributions for Nursing Home employees, and in 2004 to fund services for the developmentally disabled.

The Champaign County Board created the Regional Planning Commission (RPC) in 1966 under state-enabling legislation allowing counties to create planning commissions for the welfare of County residents. Over the past thirty-five years the RPC has expanded its

scope beyond land use planning, and has been involved extensively in community development and economic development, distribution of federal community services block grant funds, housing programs, job and police training, transportation planning, senior and social services. In 1994, RPC began the operation of the Champaign County Head Start pre-school program.

Illinois has more taxing districts than any other state. There are 186 taxing districts in Champaign County. The County Treasurer is the tax collector for all these districts. In addition, the County Board is responsible for appointing the boards of special districts such as cemetery districts, mass transit, and forest preserve districts. The districts are not considered part of county government since they are independent in setting taxes and budgets.

Factors Affecting Financial Condition

The information presented in the financial statements is perhaps best understood when it is considered from the broader perspective of the specific environment within which the County operates

Local economy. Champaign County has not been immune to the effects of the national economic downturn, a fact reflected by a serious drop in tax revenues received by Champaign County government. Still, Champaign County has fared better than many other localities in Illinois, due to the area's diverse and relatively stable economic base. The University of Illinois dominates the local economy with over 20,000 jobs. The Champaign area is a regional healthcare center with Carle Foundation Hospital and Provena Covenant Medical Center, and two large clinics, Carle Clinic and Christie Clinic. The remaining commercial base of the economy is primarily comprised of retail, food, service, and agriculture. The local unemployment rate for Champaign County rose to 8.9% by the end of the 2009 fiscal year, a sharp increase from the previous year's rate of 5.7%. Still, the Champaign County unemployment rate compared favorably to the State average of 10.4% and the national average of 10.0%.

The State of Illinois has continued to experience budgetary problems, as the state economy has suffered. The local share of the State Income Tax received by Champaign County has fallen in recent years, or been paid behind schedule.

Long term financial planning. Unreserved fund balance for the general fund (5.0% of actual total general fund expenditures) continues to fall below the 12.5% goal set forth in policy guidelines adopted by the County Board for budgetary and planning purposes.

The previous decade saw significant construction activity by Champaign County government. By the end of 2009, most of those construction projects were complete. Jail overcrowding remains a concern in Champaign County, and efforts are being made to reduce overcrowding without having to expand existing correctional facilities. However, construction of an addition to the existing Satellite Jail has been discussed publicly, and may be pursued within the next several years. Otherwise, construction by Champaign

County government will drop off sharply in the future, as compared to the previous decade, but the County will continue bond repayments for several construction projects for years to come.

In November 1998 voters approved a quarter-cent sales tax to fund the remodeling of the County's existing Courthouse, along with the construction of a new, 90,000 square foot courtroom addition, attached to the existing Courthouse. While the remodel and construction project ended years before, related work on the Courthouse Clocktower and on the masonry façade continued well into 2009.

In November 2002 voters of Champaign County approved a bond issuance to fund construction of a new \$20 million nursing home facility to replace the existing facility at 1701 E. Main St. in Urbana. The bonds are to be repaid by a property tax levy. An additional \$4 million in bonds were issued in November 2006 to address unforeseen costs caused by mold in the newly constructed building, and to correct problems with the HVAC system. In 2009, \$1 million in loans made previously by the general corporate fund to support operations at the Nursing Home were forgiven, following legal settlements resulting from the mold issue, and an agreement that future repayment of the 2006 bonds would be made by the Nursing Home, instead of the general corporate fund. Residents moved into the new facility on February 28, 2007.

The County completed construction of a new, \$7.5 million Highway Fleet Maintenance facility in 2008. The County also has entered into several intergovernmental, fringe-road agreements with the Cities of Champaign, Urbana, and Savoy that have committed anticipated Motor Fuel Tax dollars for years to come.

Cash management policies and practices. The County's investment policy is to minimize risk while maintaining a competitive yield. Cash temporarily idle during the year was invested in certificates of deposit, money market accounts, repurchase agreements and the State Treasurer's investment pool. County government is restricted in its investment options by state law, and will remain in conservative investment portfolios.

As of November 30, 2009 the County had \$41,068,340 in cash on hand, demand deposits, and various investment instruments. Details of the County's deposits and investments are explained in Note 6 of the Notes to the Financial Statements.

Risk management. The County maintains a self-funded insurance fund for worker's compensation insurance and liability and auto insurance. The County's risk retention for the worker's compensation fund is \$250,000 per individual per claim and for liability and auto insurance is \$250,000 per occurrence. Commercial insurance has been purchased for claims in excess of this retention. Additional information on the County's risk management activity can be found in Note 16 of the Notes to the Financial Statements.

Pension benefits. The County provides pension benefits for its employees through a state-wide plan managed by the Illinois Municipal Retirement Fund. The County has no

obligation in connection with employee benefits offered through this plan beyond its annual payments to IMRF. Additional information on the County's pension arrangements can be found in Note 22 of the Notes to the Financial Statements.

Awards and Acknowledgements

The Government Finance Officers Association (GFOA) awarded a Certificate of Achievement for Excellence in Financial Reporting to the County of Champaign for its CAFR for the fiscal year ended November 30, 2008. This was the twenty-eighth consecutive year that the County has received this award. In order to be awarded a Certificate of Achievement, the County published an easily readable and efficiently organized CAFR. This report satisfied both GAAP and applicable legal requirements.

A Certificate of Achievement is valid for a period of one year only. We believe that our current CAFR continues to meet the Certificate of Achievement Program's requirements and we are submitting it to the GFOA to determine its eligibility for another certificate.

The preparation of this report would not have been possible without the efficient and dedicated services of the entire staff of the Auditor's Office. We would like to express our sincere appreciation to all members of the department who assisted and contributed to the preparation of this report. It is primarily the work of the Accounting Manager, Carol Wadleigh, who prepared the statements and schedules in the financial and single audit sections. Carol coordinated the work with the outside auditors and deserves the credit for maintaining the accounting system throughout the year as well as the annual financial reporting system. Credit also must be given to the County Board for their support for maintaining the highest standards of professionalism in the management of the County's finances.

Respectfully submitted,

Tony Fabri

 ORGANIZATION CHART
 November 30, 2009

VOTERS ELECT:

(1) Appointed boards operate with different degrees of independence. The Mental Health Board, County Public Health Board and Developmental Disability Board were approved by voters in 1972, 1996 and 2004, respectively. The County Board appoints their Boards. Their budgets and tax levies require County Board approval, but their expenditures do not.

(2) The Board of Review, Zoning Board of Appeals and Regional Planning Commission have budgets and expenditures approved by the County Board. The Board of Review and Zoning Board of Appeals are independent in performing their service to the public, while the Regional Planning Commission is under the jurisdiction of the County Board. The County Board has allowed the Commission to establish its own personnel policies. The Commission consists of two members of the County Board and the Chairman of the County Board (an ex-officio member), plus the Mayors of Champaign, Urbana, and Rantoul, plus a second representative appointed by Champaign and Urbana. One additional member, elected by the RPC Commission members, serves as Minority Representative.

(3) Beginning in July 2008, the County Board contracts with a management consulting firm to manage the County Nursing Home. The Nursing Home Administrator is an employee of the consulting firm.

County of Champaign, Illinois
Department Descriptions
November, 2009

Administrative Services - Provides information processing and records management/retention through computer and micrographic technology. Acts as the personnel office; handles job classification and salary administration. As of September 2006, processes bi-weekly payroll and Illinois Municipal Retirement for County employees. Administers insurance covering property, liability, workers' compensation, unemployment and employee health. Prepares the annual budget for County Board approval. The Purchasing Division secures prices, issues purchase orders and maintains a stores inventory for other County offices.

Animal Control - Enforces Animal Control Act and county ordinances requiring rabies vaccination and dog and cat registration. Investigates animal bites and claims made for livestock killed by dogs. Operates an animal impound facility used by most local jurisdictions.

Auditor - Internal auditor and chief accountant for the County. Pays all County bills. Audits for compliance with County Board policy and state and federal law. Since September 2006, no longer administers payroll and Illinois Municipal Retirement. Maintains centralized accounting system, generating weekly and monthly accounting reports for all County departments. Prepares the County's Comprehensive Annual Financial Report.

Board of Health - Eight member board appointed by the County Board to provide community health services, such as immunizations and restaurant inspections. This board was created pursuant to a referendum passed by voters in November, 1996.

Board of Review - Three person board appointed by the County Board to revise assessments of real property and assess all real property not assessed by a township assessor. Acts on written complaints of incorrectly assessed property and applications for property to be declared exempt from taxation. Signs certificates of error and distributes copies to County Clerk and County Collector. Delivers one set of completed assessment books to the County Clerk, who then certifies the abstract of assessments to the Illinois Department of Revenue.

Child Advocacy Center – Provides child abuse prevention education, compassionate support to abused children and coordination of the investigation and prosecution of abuse cases.

Circuit Clerk - Handles all court records of Champaign County. Produces all appeal records, issues passports and juror's vouchers. Is represented by a clerk at all jury trials. Accepts payment of and disburses court ordered fines and fees.

Circuit Clerk Support Enforcement - Contract with the State of Illinois Department of Healthcare and Family Services for federal and state reimbursement of expenditures in connection with ensuring that child support payments are made.

Circuit Court - The Circuit Court is the court of general jurisdiction in the State of Illinois. Champaign County is in the Sixth Judicial Circuit, along with five other neighboring counties. The six Circuit Judges in Champaign County are elected by the voters in the Circuit. The five Associate Judges are appointed by the Circuit Judges for four year terms. All judges are paid by the state.

County of Champaign, Illinois
Department Descriptions
