

Dear Parent/Caregiver,

The Champaign County Children's Advocacy Center is committed to providing quality services in our community. For this reason, we have developed a survey for you to fill out and return that will help us evaluate our services.

We would appreciate it if you would take a few minutes to fill out the survey and return it to us using the enclosed self-addressed, stamped envelope. The survey is very short, but we have provided space if you want to make any comments or share your opinions with us. The answers you give are completely confidential. If you want a personal response, please include your name and address when you return your completed survey.

Your input is very important to us. We want to know how satisfied you are with the services you received and what we can do to improve the quality of those services. We are particularly interested in your thoughts about the crisis intervention counseling services provided through the Children's Advocacy Center. Please let us know if you met with either of our crisis intervention counselors, Joanna Kling or Chris Washo, and whether or not those services were helpful.

If you have any questions, please call us at (217) 384-1266. Thank you for your time and for helping us provide quality services in our community.
