BJS and CJIS allocated funding to support a select group of law enforcement agencies in their transition to NIBRS. This NIBRS funding is being distributed through the National Crime Statistics Exchange (NCS-X) Initiative. The Champaign County Sheriff's Office is one of 400 local law enforcement agencies selected to receive potential NCS-X funding.

The Champaign County Sheriff's Office is seeking approximately \$44,361 dollars in Federal financial assistance towards this project. The total amount awarded will be determined at a later date.

The U.S. Department of Justice (DOJ), Office of Justice Programs (OJP), Bureau of Justice Statistics (BJS), in partnership with the Federal Bureau of Investigation's (FBI) Criminal Justice Information Services (CJIS) Division, is seeking applications for funding to support efforts of selected local law enforcement agencies (LEA) to report incident-based crime data to the FBI's National Incident-Based Reporting System (NIBRS). Under this solicitation, funding will be provided to support the transition to incident-based reporting (IBR) among LE agencies selected for participation in the National Crime Statistics Exchange (NCS-X) that currently do not report IBR data to their state Uniform Crime Reporting (UCR) Program or the FBI's NIBRS. This program furthers the Department's mission to develop innovative strategies that support information sharing among sectors of the justice community.

### **Eligibility**

Eligible applicants are local LEAs selected for participation in the NCS-X, however, agencies that have previously applied for and been awarded funds to support their NIBRS transition are not eligible for funding under this solicitation. Agencies that report or are in the process of transitioning to IBR/NIBRS may not be considered eligible. Applications from a third-party entity supporting the transition of an eligible agency or agencies may also be considered. # **FY 2019 NCS-X Implementation Assistance Program: Support for Local Law Enforcement Agencies (CDFA # 16.734)**

## **A. Program Description**

### **Overview**

The Bureau of Justice Statistics (BJS) and the FBI's Criminal Justice Information Services (CJIS) Division partnered to implement the National Crime Statistics Exchange (NCS-X), an initiative to expand the number of law enforcement agencies (LEAs) reporting crime data to the FBI's National Incident-Based Reporting System (NIBRS).<sup>2</sup> The NCS-X Initiative will support a scientifically selected sample of 400 LEAs in reporting incident-based crime data to NIBRS to produce statistically sound, detailed national estimates of crime known to law enforcement. Through this solicitation, BJS seeks applications from eligible NCS-X agencies<sup>3</sup> to support costs associated with reporting incident-based crime data that are compliant with the NIBRS standard. BJS funding decisions under this solicitation will be made in coordination with, and the concurrence of, the FBI's CJIS Division.

The FBI has formally announced its intention to retire the Summary Reporting System (SRS) of the Uniform Crime Reporting (UCR) Program and transition to a NIBRS-only collection on January 1, 2021. To ensure crime data meet state UCR Program requirements, local LEAs are strongly encouraged to work closely with their state UCR Program while developing an IBR transition plan. In general, local LEAs report data to the FBI's NIBRS by submitting state-specific, incident-based data to their state UCR Program, then the state UCR Program reports those data to the FBI. The FBI and BJS advocate using the "state pipeline" for crime data reporting. For those instances in which a state is not able to receive incident-based data from local LEAs, the FBI will accept incident-based data directly from a local LEA until the state pipeline is in place. However, agencies should report crime data directly to their state UCR Program whenever possible.

**Statutory Authority:** Under Section 302 of the Omnibus Crime Control and Safe Streets Act, BJS is authorized to "make grants to, or enter into cooperative agreements or contracts with public agencies, institutions of higher education, private organizations, or private individuals" for purposes of collecting and analyzing criminal justice statistics. Also, under 34 U.S.C. 10132(a)(c)(19), BJS is authorized to support the development and enhancement of national information systems including NIBRS. Under Title 28, U.S.C., Section 530C, the FBI is authorized to provide funds to BJS to make grants under this solicitation. Under Title 28, U.S.C., Section 534 and 28 Code of Federal Regulations, Section 0.85, the FBI is authorized to support activities related to the transfer and sharing of criminal justice information across and between LE and related agencies
