**SPECIAL COMMITTEES**

County Executive Kloeppel noted the Jail Facilities Committee Summary of Action Taken November 3, 2021 Meeting was received and placed on file.

Board Chair Patterson offered a motion to adopt Resolution No. 2021-350 approving the construction plan and funding strategy for the Champaign County jail facilities; Board Member Stohr seconded. Board Member Stohr noted rehabilitation of current medical facilities was not included in the plan for the architect's modification of the Pope Jail. However, the committee discussed and acknowledged the need for additional space for programs, education and staff training. The committee general agreed that the architectural plans should include the relatively low-cost modification. Board Chair Patterson noted a discrepancy in the documents and stated the final total should be \$20,401,408. Board Member McGuire noted the state mandate to provide safe and secure jails and stated his opinion that the jail size should be expanded beyond the plans outlined in the resolution.

Board Member McGuire offered an amendment to the resolution to increase the funding by \$25 million, all drawn from ARPA funds; Board Member Harper seconded. County Sheriff Heuerman was invited to join the discussion. County Sheriff Heuerman spoke on the increased jail population, 260 as of November 18, 2021 and, while he expects the number to decrease, he does not anticipate a drastic reduction, even after the cash bail reform goes into effect in 2023. Board Member King asked about housing inmates at facilities outside of the county; County Sheriff Heuerman stated the plan had been to discontinue use of the downtown jail by housing inmates outside of the county, but the recent increase in the jail population necessitated the continued use of the downtown jail and that he did not anticipate the population to decline to the point that the current satellite jail could accommodate the entire inmate population. Board Member Fortado praised the county's efforts to reduce the inmate population and asked of any issues with housing inmates at other counties; County Sheriff Heuerman stated that the other counties are not required to accept any inmates, noting that one county refused to house a specific inmate. County Sheriff Heuerman also expressed concern that housing inmates outside the county hampers attorney and family visits due to the increased travel distance. Board Member Fortado asked Board Member McGuire about funding specifics in his amendment to the resolution; Board Member McGuire stated it would eliminate the \$13 million bond and use \$25 million of ARPA funding (\$5 million from 2021 funds and \$20 million from 2022 funds). Board Member McGuire asked the cost to rehabilitate the medical facility and to install the geothermal heating system; Board Chair Patterson stated the HVAC cost is approximately \$500,000 and the rehabilitation of the medical facility would be minimal. Board Member Summers called the question on the amendment debate; Board Member King seconded. The debate was closed by roll-call vote.

Board Member Carter asked County Sheriff Heuerman about the approximately \$9 million collected in bond money; County Sheriff Heuerman stated he had no knowledge of the bond money as that is under the purview of the courts. Board Member Carter asked about the capacity increase at the satellite jail; County Sheriff Heuerman stated it reflects the closure of the downtown jail and is the bare minimum. Board Member Carter asked about conflict resolution initiatives and outdoor space for inmates; County Sheriff Heuerman confirmed both are available to inmates. Board Member Goss expressed his disappointment in the use of bond instead of ARPA. Board Member Rodriguez expressed a desire to slow the planning process to get more community input and asked about the elimination of visitor spaces from the plan; County Sheriff Heuerman stated the ARPA funds could not be used for that construction. Board Member Rodriguez stated the plans reflect an assumption of a 20% reduction in the jail population; Board Member Fortado corrected at 14.9% reduction. Board Member Passalacqua expressed concern that the resolution was not written collaboratively within the Jail Facilities Committee; Board Chair Patterson stated the resolution was based on proposals approved by the committee. Board Member Fortado stated that ARPA funds have strict regulations on what they can and cannot be used, and it cannot be used for anything and everything in the county, stating she was unsure if all the \$5 million ARPA funds budgeted in the project would be eligible. Board Member Fortado stated her respect for the public speakers despite their disagreements over the project. Board Member Paul expressed his support for the project stating that it would be necessary whether or not ARPA funds were available. Board Member Esry stated the necessity of the project and expressed his support despite his aversion to spending money. Board Member McGuire asked about the costs of the medical facility rehabilitation and the geothermal heating system. County Facilities Director Dana Brenner was invited to join the discussion; he stated he did not have the figures off hand for the medical facility and the geothermal heating system would cost \$550,000 for the new construction of the jail facility, noting the satellite jail is currently being fitted for geothermal heating. Goss seconded. Board Members Esry and Thorsland explained that since this was the only item for the Environment and Land Use Committee for the month, they opted to cancel the meeting and not take this item before the Committee of the Whole for inclusion in the Consent Agenda. Board Member Esry noted that the Agenda Packet contained information about Curtis Orchard instead of Gordyville; Board Member Thorsland reiterated that the item to be voted upon was Gordyville *not* Curtis Orchard. Board Chair Patterson noted the posting requirements for such items, and the error may mean the resolution was not in compliance; he suggested the board wait to vote on the issue until next month. Board Member Michaels offered a motion to send the Gordyville LLC license item back to the Environment and Land Use Committee; Board Member Lokshin seconded. The item was sent back to committee by unanimous voice vote.

Board Member Summers offered an omnibus motion to adopt Resolutions No. 2021-351 authorizing payments of claims and No. 2021-352 authorizing purchases not following purchasing policy; Board Member Straub seconded.
