VIII. C-Carts (rural transit) Fiscal Year 2017 Grant Application

Ms. Keller explained this is the same grant application brought to the committee every year. She said the application includes projected ridership and vehicle miles. She noted ridership is up 10-15% this year and vehicle miles are down 10%. She summarized what else is included in the application. Ms. Keller reported that they received a 10% increase in Downstate Operating Assistance funding this year, with overall funding up \$70,000. She stated that with the service contract from Rantoul they will be able to utilize more of the downstate funding they've been given, opening up possible future funds. She

46 remarked that they fell significantly short of their estimated goal of \$85,000 in service contracts, mainly
47 due to the loss of the Health Alliance contract and other items.

48 Mr. Bargman stated this is the third year they've presented a budget for this program and they are still
49 fine-tuning the process. He noted that training costs as well as health insurance costs are up. Mr. Alix
50 asked if MTD's insurance group covered the C-Carts employees. Mr. Bargman said they are district
51 employees. Mr. Alix asked if they are insured on their own, in with the City of Champaign, or part of
52 another group. Mr. Bargman said they are in a pool and thought it was with other transit providers in
53 the State.

54 Mr. Bargman stated they are currently operating out of a temporary site, leasing the old Mid-Illinois
55 Concrete and Davis Houk building for C-Carts. He noted the lease expires soon and at that time, C-Carts
56 will move into the new expanded MTD maintenance facility with an office and covered parking for the
57 vehicles. He commented that lease costs are up slightly for this year due to start-up costs, but will
58 decrease next year. He also mentioned an increase in casualty and liability costs.

59 Ms. Petrie remarked that roughly everything is bumped up by \$28,000 and wanted to know the
60 percentage increase on the budget. Mr. Bargman said the budget reflects C-Carts being able to fully
61 access the entire allotment of the Downstate Operating Systems funding, which they have not done to
62 date. He said last year's budget was \$852,000 and this year's is \$922,000. Mr. Bargman summarized
63 some of the other reasons for the increase. Ms. Busey stated the overall increase is 8%.

64 Mr. Alix cautioned the C-Carts group to keep an eye on the cost escalations at MTD. He said they want
65 the money to go to rural transit, not to buy office furniture and covered parking. Mr. Alix said this is
66 good if it will result in a higher quality of service to rural customers, but not if it continues year after
67 year as a revenue subsidy for MTD. He went on to say the relationship with MTD is beneficial, but the
68 primary goal for these dollars is delivering service. Mr. Alix then asked about consolidating dispatch with
69 MTD. Ms. Morocoima-Black explained that can't happen because of funding regulations.

70 Mr. Bargman confirmed they are in talks with the Village of Rantoul to contract for services. He said
71 there is interest in fixed route services from 5:00-8:00 a.m. and 2:00-6:00 p.m. He noted the fare in the
72 Village would remain at \$2.00 for a one-way trip. He explained that there would be two 14-passenger
73 vehicles during these times that would run at about 30-40 minute intervals. He stated that C-Carts
74 would still run the current demand-response service between 9:00 a.m. and 2:00 p.m. Mr. Bargman said
75 they have had two public meetings, one with the general public, and another with the industrial
76 employers. Ms. Morocoima-Black said they are scheduling another public meeting with the Village the
77 beginning of May.

78 Mr. Mitchell asked if this works out in Rantoul are there plans to do this in other parts of the County.
79 Mr. Bargman replied yes. Mr. Mitchell asked if there were any grant funds available to increase the size.
80 Mr. Bargman said the Village of Rantoul has committed to half of the operating costs. He said the other
81 half of the funds are coming from the Downstate Operating Systems funding, and this allows them to
82 leverage those dollars a bit further.

83 Mr. Alix asked whom the expected users are and if it was mostly people commuting to work. Ms. Keller
84 replied that is what started the conversation. Mr. Alix noted that this is getting into more urban type of
85 transportation and commented that it will be interesting to see how the ridership changes. Mr. Bargman
86 pointed out that four or five of their seven vehicles currently go back and forth to Rantoul. He said it is
87 their hope that by having this service contract it will free up more vehicles to serve other parts of the
88 County. Ms. Keller showed a map of the proposed route. Ms. Morocoima-Black explained that input
89 from the community determined the route and stops.

90 **MOTION** by Mr. Mitchell to approve the application for the grant and if awarded, the acceptance;
91 seconded by Mr. McGuire. Upon vote, the **MOTION CARRIED unanimously**.

92

- 93 **IX. Petition & Resolution for Compromise Township #16-06030-00-BR**
94 Mr. Blue explained that this is to replace a 50-year-old 144” corrugated pipe in Compromise Township.
95 He said they are going to put in a longer pipe to widen the road. He stated the County’s share is 50% of
96 \$30,000.00. **MOTION** by Mr. Alix to approve; seconded by Mr. McGuire. Upon vote, the **MOTION**
97 **CARRIED unanimously.**
- 98 **X. Petition and Resolution for Crittenden Township #16-05034-00-BR**
99 Mr. Blue stated this structure is at the intersection of the south county line road. He handed out a
100 revised resolution explaining that per State Statute, if a project is within a quarter mile of the County
101 line, the County is responsible for 100% of the cost. **MOTION** by Mr. Jay to approve; seconded by Mr.
102 McGuire. Upon vote, the **MOTION CARRIED unanimously.**
- 103 **XI. Resolution for CR20 Bridge #16-00035-00-BR**
104 Mr. Blue noted this bridge is on Hensley Road near Market Street and I57. He said there is a new Federal
105 rule that has been passed down to IDOT for structures of this age. He noted this structure was built in
106 1945 and it used to be up to engineering judgment if the bridge was adequate. Mr. Blue said the FHWA
107 passed a mandate that they can no longer use engineering judgement, and that structures now need to
108 be rated using a computer formula that IDOT uses. He said using this rating system that this bridge
109 needs to be posted. He noted there is a lot of development happening around there. He said they are
110 hoping that only the superstructure, or deck, needs to be replaced. Mr. Blue estimated the engineering
111 cost and deck replacement at \$400,000.00. He said they are hoping to do this in a very timely fashion
112 because he expects a letter soon stating the bridge needs to be posted, after which they have 30 days to
113 put the signs up.
- 114 Mr. Jay asked what the bridge would be posted at. Mr. Blue guessed 20-30 tons. He explained that they
115 were planning to replace this within the next five years, but they don’t have any recourse but to do it
116 now. Mr. Jay asked what the weight limit on the new structure will be. Mr. Blue replied there won’t be a
117 limit. He said it will be designed to the new standards of 93,000 pounds, but will be able to carry a
118 couple hundred thousand pounds.
- 119 Mr. McGuire asked if Mr. Blue thought the pilings were good. Mr. Blue said they hope so, but
120 unfortunately there isn’t much construction data for a bridge this age. He said some engineering
121 judgment will have be used to decide that, but whatever they decide they will make sure it won’t come
122 back to haunt in the future. Mr. McGuire asked the cost if it’s more than the just replacing the deck. Mr.
123 Blue replied it will be about a \$650,000.00 project. Mr. Alix asked if they could get it done this
124 construction season. Mr. Blue answered yes if the deck replacement is all they need to do. He stated
125 that if they need to do the entire bridge it will take longer because the EPA will have to get involved
126 because it will touch the stream. **MOTION** by Mr. Alix to approve; seconded by Mr. Mitchell. Upon vote,
127 the **MOTION CARRIED unanimously.**
- 128 **XII. Bituminous Material Letting Bid Tab**
129 Mr. Blue reported that costs have gone down this year. He explained that they have two bids, one to
130 furnish and spread material from Illiana, and one for FOB from Emulsicoat. He summarized the different
131 materials and costs. He said with the lower prices the County and Townships can do more seal-coat
132 work this summer. He also said they are still worried about MFT beyond this budget cycle, but there are
133 enough MFT funds from the previous bid cycle to do the work this summer.
- 134 **XIII. Resolution Awarding of Contract for the Furnish and Spread on the Road of Bituminous Material for**
135 **2016 Maintenance of Various Road Districts in Champaign County**
136 Mr. Blue said this resolution goes with the one in item XIV.
- 137 **XIV. Resolution Awarding of Contract for the Furnish of Bituminous Material from the Plant for 2016**
138 **Maintenance of Various Road Districts in Champaign County**
139 **MOTION** by Mr. Jay to approve the resolutions for furnish and spread and FOB of bituminous materials;
140 seconded by Mr. Alix. Upon vote, the **MOTION CARRIED unanimously.**

- 141 **XV. Lincoln Avenue Right-of-Way**
142 Mr. Blue reported that they have settled for the price agreed upon by the committee. He said they are
143 in the process of putting the closing documents together, which will be done by the end of the month
144 because they have to have right-of-way certification by April 29. Mr. Blue said the project will be on the
145 State's June letting, with contracts by the end of July. He said they could start construction the
146 beginning of August, and commented this is a 200-plus working day project. He said it will not be
147 completed this year and they will put staging requirements in the contracts so the road isn't closed all
148 winter. Mr. Blue said they will tie it into Olympian Drive next year and that they won't open Olympian
149 until Lincoln is done.
- 150 **XVI. Tuskegee Airmen Celebration**
151 Mr. Blue commented that Ms. Busey, Ms. Petrie, and several committee members were present at the
152 celebration. He reported that four of the seven signs entering the County are up and they hope to have
153 the remaining three up by the end of next week. He said he isn't involved with the interstate signs and
154 has no idea when they might be going up.
- 155 **XVII. Other Business**
156 A. Semi-Annual Review of Closed Session Minutes – **MOTION** by Mr. Alix to maintain closed session
157 minutes as closed; seconded by Mr. Mitchell. Upon vote, the **MOTION CARRIED unanimously**.
158 B. Change Upcoming Highway Committee Meeting Dates – Mr. Blue said he would like to change the
159 dates for the June and July meetings. Ms. Busey noted that the July meeting is typically cancelled
160 and suggested they only change the June meeting date for now. She said they can cancel or change
161 the July meeting at the June meeting if needed. **MOTION** by Mr. Alix to change the June 10 meeting
162 to June 3; seconded by Mr. McGuire. Upon vote, the **MOTION CARRIED unanimously**.
- 163 **XVIII. Approval of Closed Session Minutes – February 5, 2016**
164 **MOTION** by Mr. Alix to approve the closed session minutes of February 5, 2016; seconded by Mr. Jay.
165 Upon vote, the **MOTION CARRIED unanimously**.
- 166 **XIX. Chair's Report**
167 None
- 168 **XX. Designation of Items to be Placed on Consent Agenda**
169 Ms. Cowart stated that items VIII, IX, X, XI, XIII, and XIV are to be placed on the consent agenda.
- 170 **XXI. Adjournment**
171 There being no further business, Ms. Cowart adjourned the meeting at 10:15 am.

PETITION

Petitioners, Keith Padgett and Brad Clemmons, hereby requests an appropriation of funds from the Champaign County Bridge Fund pursuant to 605 ILCS 5/5-501. In support of this petition, Petitioners state the following:

1. Petitioners are the duly elected Highway Commissioners for the Champaign and Tolono Road Districts, Champaign County, Illinois; and
2. There is a bridge located on the Township Line between Sections 31 & 6, which is in poor condition and is inadequate to serve the needs of the traveling public; and
3. To ensure the adequacy of said structure for the traveling public, it is necessary that said structure be repaired; and
4. The cost of repairing the aforesaid structure is estimated to be \$80,000.00, which will be more than .02% of the value of all the taxable property in the Champaign and Tolono Road Districts, as equalized or assessed by the Department of Revenue; and
5. The tax rate for road purposes in the Champaign and Tolono Road Districts was in each year for the last two (2) years not less than the maximum allowable rate provided for in Section 6-501 of the Illinois Highway Code (605 ILCS 5/6-501); and
6. The Champaign and Tolono Road Districts are prepared to pay one-half of the cost of repairing the said structure.

Respectfully submitted,

Commissioner of Highways of
Champaign Road District,

PURSUANT TO 605 ILCS 5/5-501

WHEREAS, the County Board finds that based on the representations in the attached Petition, it required pursuant to 605 ILCS 5/5-501 to provide the requested aid.

NOW, THEREFORE, BE IT RESOLVED by the County Board of Champaign County as follows:

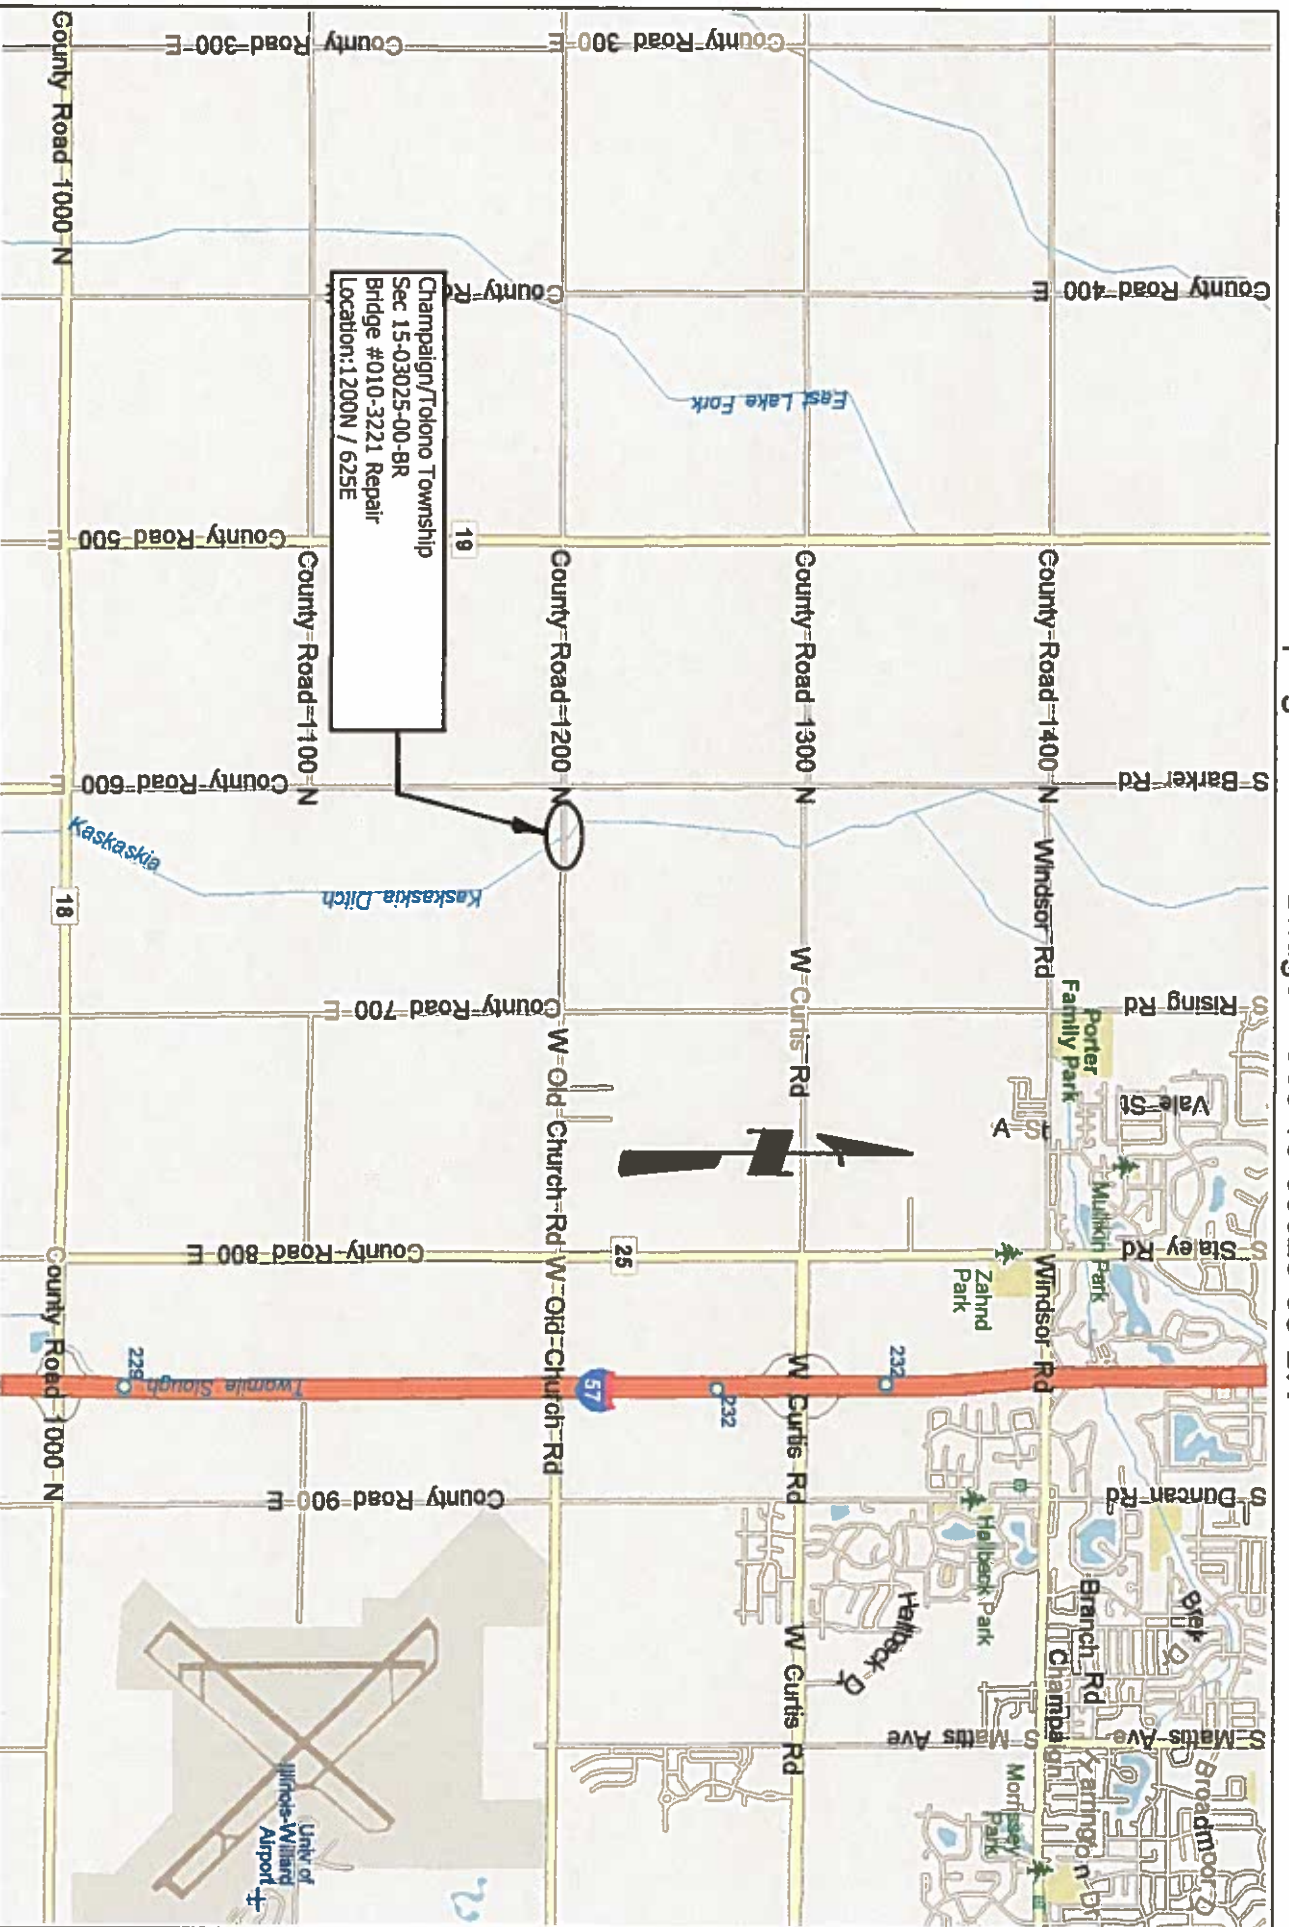

1. The County Board hereby appropriates from the County Bridge Fund a sufficient sum to meet one-half the cost of repairing the structure on the aforesaid petition to cover the cost of materials.
2. The County Board hereby directs the County Engineer to cause plans and specifications to be prepared for said improvement.
3. The County Board hereby orders that said improvement be made under the general supervision of the County Engineer, either by the letting of a contract or by the County Highway Department doing the work.
4. The County Board hereby directs the County Engineer to certify to the County Board when the work has been satisfactorily completed to meet his or her approval. Such certificate shall include an itemized account of the cost of all items of work incurred in the completion of said improvement, and shall show the division of cost between the County and the Champaign and Tolono Road Districts.
5. The County Board further directs the County Engineer to file said certificate with the clerk of the Champaign and Tolono Road Districts.
6. This Resolution shall become effective upon its adoption.

PETITION

Petitioner, John Chesnut, hereby requests an appropriation of funds from the Champaign County Bridge Fund pursuant to 605 ILCS 5/5-501. In support of this petition, Petitioner states the following:

1. Petitioner is the duly elected Highway Commissioner for the Sidney Road District, Champaign County, Illinois; and
2. There is a culvert located in Section 2 & 11, which is in poor condition and is inadequate to serve the needs of the traveling public; and
3. To ensure the adequacy of said structure for the traveling public, it is necessary that said structure be replaced; and
4. The cost of replacing the aforesaid structure is estimated to be \$10,000.00, which will be more than .02% of the value of all the taxable property in the Sidney Road District, as equalized or assessed by the Department of Revenue; and
5. The tax rate for road purposes in the Sidney Road District was in each year for the last two (2) years not less than the maximum allowable rate provided for in Section 6-501 of the Illinois Highway Code (605 ILCS 5/6-501); and
6. The Sidney Road District is prepared to pay one-half of the cost of the replacement of said structure.

Respectfully submitted,

Commissioner of Highways of
Sidney Road District,
Champaign County, Illinois

RESOLUTION NO.

PETITION REQUESTING AND RESOLUTION APPROVING
APPROPRIATION OF FUNDS FROM THE COUNTY BRIDGE FUND
PURSUANT TO 605 ILCS 5/5-501

WHEREAS, the County Board finds that based on the representations in the attached Petition, it required pursuant to 605 ILCS 5/5-501 to provide the requested aid.

NOW, THEREFORE, BE IT RESOLVED by the County Board of Champaign County as follows:

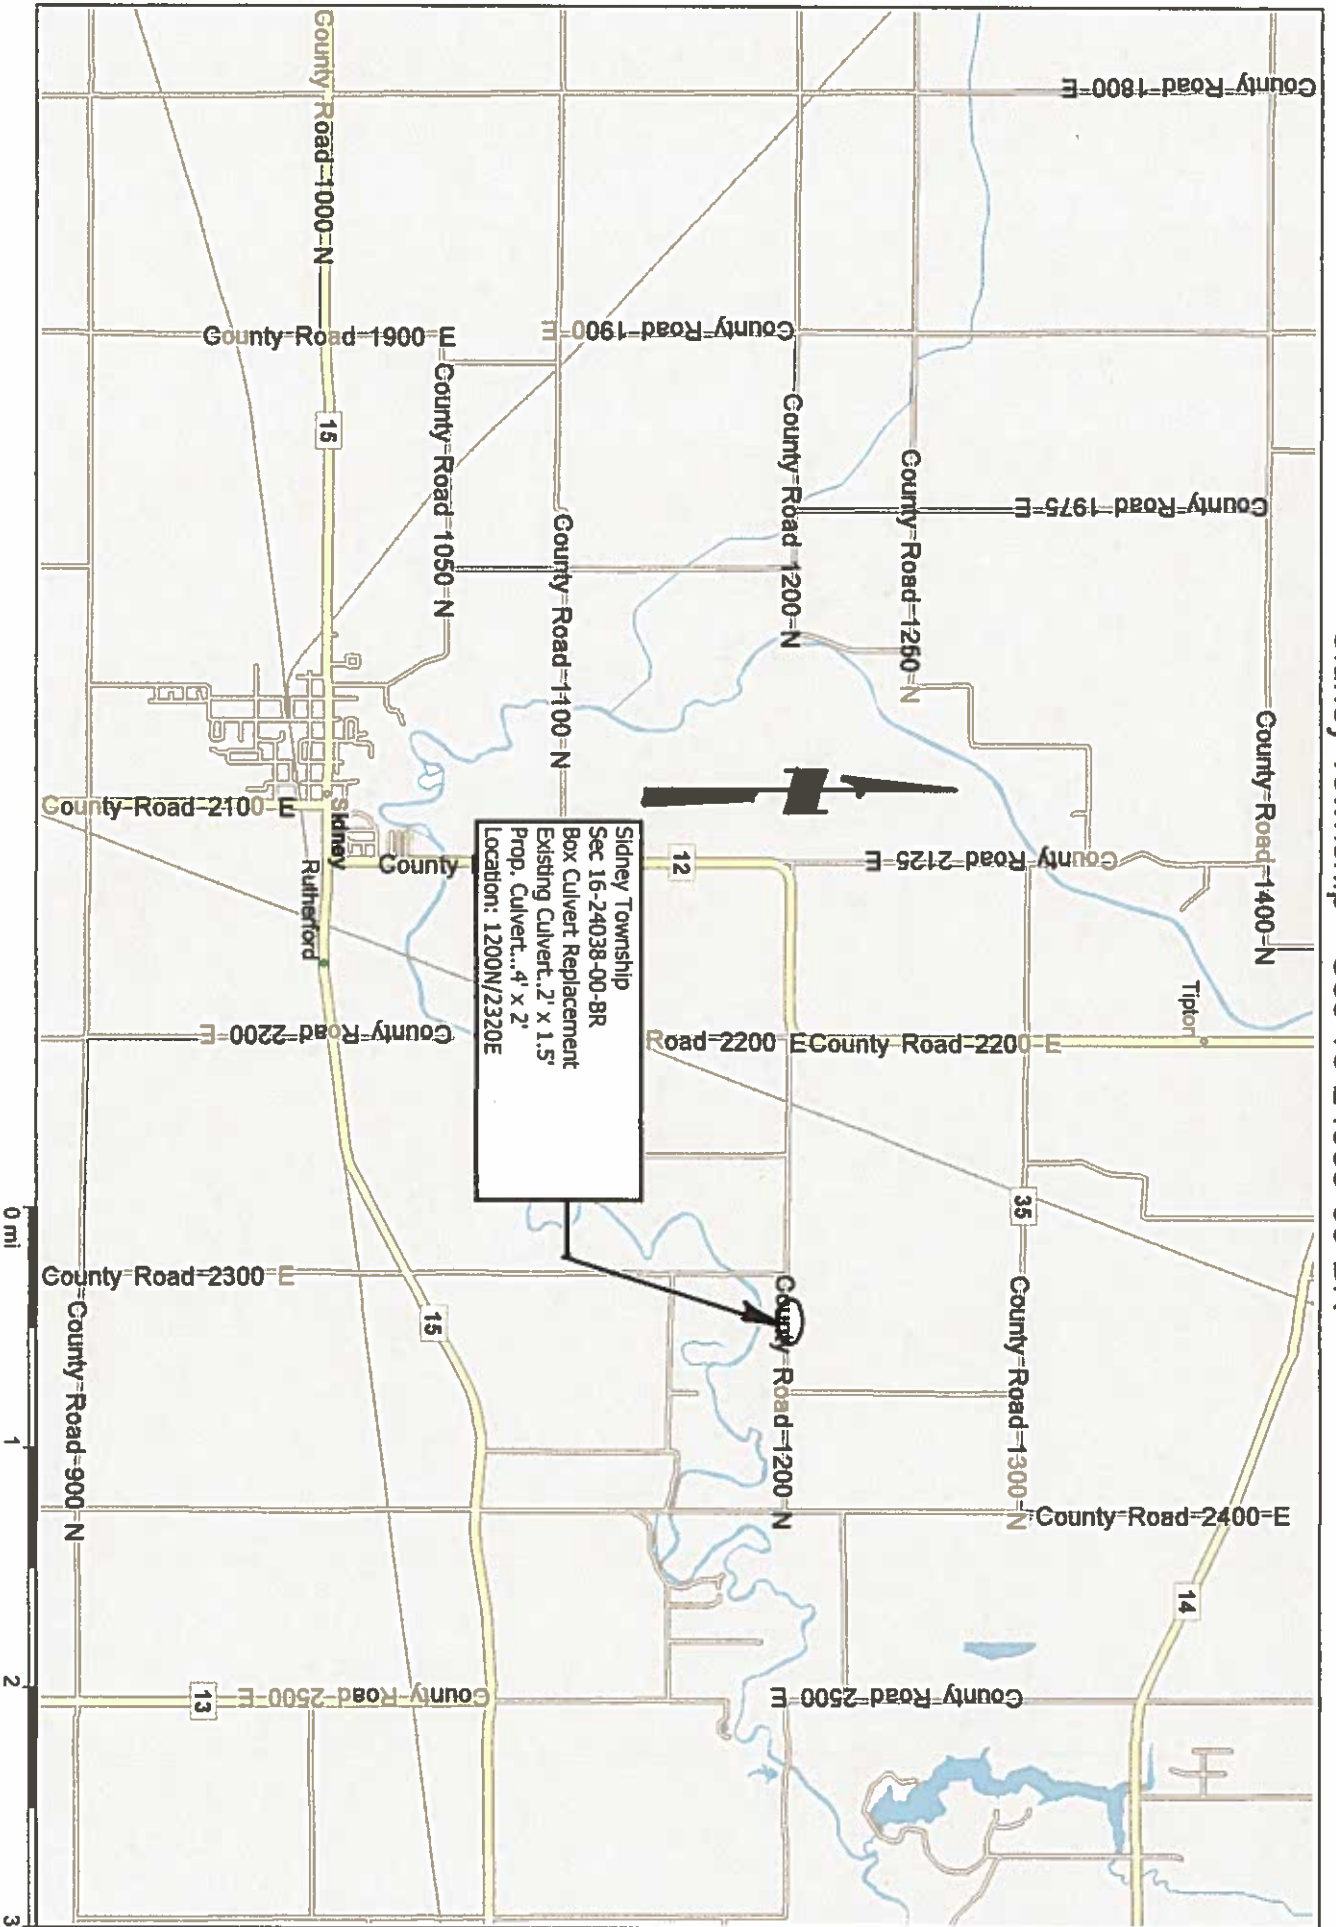

1. The County Board hereby appropriates from the County Bridge Fund a sufficient sum to meet one-half the cost of replacing the structure on the aforesaid petition to cover the cost of materials.
2. The County Board hereby directs the County Engineer to cause plans and specifications to be prepared for said improvements.
3. The County Board hereby orders that said improvement be made under the general supervision of the County Engineer, either by the letting of a contract or by the County Highway Department doing the work.
4. The County Board hereby directs the County Engineer to certify to the County Board when the work has been satisfactorily completed to meet his or her approval. Such certificate shall include an itemized account of the cost of all items of work incurred in the completion of said improvements, and shall show the division of cost between the County and the Sidney Road District.
5. The County Board further directs the County Engineer to file said certificate with the clerk of the Sidney Road District.
6. This Resolution shall become effective upon its adoption.

PRESENTED, ADOPTED, APPROVED and RECORDED this 19th day of May, 2016.

Patti Petrie, Chair
County Board
Champaign County, Illinois
