To: Justice Committee  
From: Bill Keller Director  
Subject: December and January Activity Report  
Date: January 29, 2010

1. In December we were activated to respond with our Mobile Command Center for two Fire incidents and one police incident to assist with unified command.
2. We continue to coordinate with the Highway and Sheriff's Office during weather warnings to determine any assistance they may need but none were needed.
3. We have meeting with public safety departments to gain input and guidance on the completion of our new County Tactical Interoperable Communication Plan and are in the process of using the grant funds to hire a contractor to write the plan.
4. We have been meeting with several agencies on conducting a full-scale exercise at Willard Airport in May.
5. All emergency plans are being looked at and updated in preparation of our Emergency Operation Plan being up for review by the State in September.
6. I have been invited by CUPHD to attend a CDC conference in Atlanta on how we worked together as a community to do H1/N1 vaccinations through out the County.
7. In our 2010 budget we anticipated revenue from our FEMA Emergency Preparedness Grant to be approximately 32,000 thousand and were informed that the amount will be 39,923 for the year.
