To: Justice Committee
From: Bill Keller
Subject: Sept, Oct. Activity Report
Date: Oct 29, 2010

Our Emergency Operation Plan was sent to the State for accreditation in September and has been approved for the next two years. In addition we submitted our Tactical Interoperability Plan also in September to the State for acceptance and have received their approval. We sent a RFP out for the EOC upgrade that will be paid for with the EOC Technology grant we were able to receive. We received 5 bids and awarded the bid to Tandy Design of Mahomet (low bidder) in the amount of \$111,555.66. Work will start in November and should be completed in early December.

We have been meeting with the Regional Emergency Coordination Group to discuss the structure of Emergency Management in the County and have presented a model that would allow the jurisdictions to designate a liaison to EMA that would assist in the planning exercising and response to incidents through out the County. This comprehensive approach will strengthen the overall EMA function and create a plan that will encompass all the jurisdictional resources.

We have not been advised the award amount of our Emergency Preparedness grant for 2010-2011 but hope to bring that grant to you for approval in November.
