Bill Keller, Director
e-mail: bkeller@co.champaign.il.us

TO: Justice Committee
FROM: Bill Keller Director
SUBJECT: May Activity Report
DATE: May 31, 2011

Our new Deputy Director started mid month and has started working on adding GIS resources for the EOC and assisting with activations and planning efforts.

We have participated in exercises at the U of I on evacuation or shelter in place because of an active shooter, and the Campus Violence Prevention group on identifying threatening behavior.

Severe weather activated the EOC on the 25th for two rounds of severe storms. There were several reports of minor damage to resident homes as well as trees and power lines down. We have been requested to do several more severe weather presentations with all the media coverage of the severe weather affecting the Midwest area.

We have been meeting with several community partners on the development of a plan on sheltering of the functional needs population. We are also working on a registration system or program for functional needs community. We are trying to get a handle on where this population is and what resources will be needed to assist them during emergency situations.
