Delta Dental of Illinois

Good oral health starts
with knowledge.

Delta Dental of Illinois will make you smile.

You are a member of the largest and most experienced dental benefits carrier. You have the benefit of our over 50 years of dental expertise. You've made a smart choice to elect dental benefit coverage. Good oral health starts with good dental coverage and knowledge. Your smile is a powerful thing and it's safe with Delta Dental of Illinois.

Your oral health and satisfaction are extremely important to us. We are committed to ensuring you and your covered dependents receive quality dental care and superior customer service. For help answering any questions, please visit us online at deltadentalil.com, download our Delta Dental mobile app, (see the enclosures here for all you can access through our website and mobile app) or contact our Customer Service Department at 800-323-1743. We look forward to serving you.

Delta Dental of Illinois is partnering with Amplifon to provide you with an added benefit for deeply discounted hearing aids and hearing healthcare services. One in 9 Americans experience some form of hearing loss – and that number is expected to double by 2030. The good news is that 95 percent of hearing loss is treatable with hearing aids. Please see the information sheet included in this packet or visit <http://www.amplifonusa.com/deltadentalil> to learn more.

Your Delta Dental Program

With your dental benefit program, you are free to go to any licensed dentist. However, you will save the most money by visiting a dentist in the Delta Dental PPOSM network.

Delta Dental PPO dentists agree to accept our allowed PPO fees as payment in full, which means they can't charge you the difference between their usual fee and our allowed fee. On average, patients save 30 percent on the fee a Delta Dental PPO dentist would typically submit for a claim. Not only will you save money, but you can also stretch your benefit dollars – the less the claim reimbursement, the less dollars applied to your annual maximum.

Delta Dental Premier[®] is a safety net for our Delta Dental PPO network. You will pay more out-of-pocket with a Delta Dental Premier dentist compared to a Delta Dental PPO dentist. However, you may save more money with a Delta Dental Premier dentist compared to a non-network dentist. Delta Dental Premier dentists agree to our maximum plan allowances as payment in full, which may be lower than what a dentist would typically charge. See below for savings examples.

| |  Amount Billed |  Delta Dental of Illinois' Allowed Amount |  Coverage Percentage Paid by Delta Dental of Illinois |  Amount Delta Dental of Illinois Pays* |  Amount Dentist Can Bill You Over the Allowed Amount |  Total Amount You Pay |  Your Total Cost Savings |

The information in the chart above is for illustrative purposes only and assumes the deductible has been met and the annual maximum has not been reached. There are some limitations on the expenses for which your dental plan pays. If you have specific questions regarding benefit coverage, limitations, exclusions or non-covered services, please refer to your certificate of coverage/dental benefit booklet or contact Delta Dental of Illinois. For specific fees and costs for a certain procedure, you can request a pre-estimate from your dentist.

Finding a Network Dentist

As you can see, it pays to use a Delta Dental PPO dentist. Visit deltadentalil.com today to find a network dentist. You can also download our free Delta Dental mobile app, available for Apple and Android devices, to find dentists and gauge the cost of common dental treatments using the Dental Care Cost Estimator tool.

What are my Benefits?

A highlight of your benefit plan is included with this packet. You can also review your benefits through the Member Connection at deltadentalil.com (please see the Member Connection sheet included in this packet). Please also review your certificate of coverage for a detailed description of your benefits. Delta Dental offers an array of dental benefits programs to our clients. The benefits you receive depend on the program options your group has selected. Payment policies differ for each program and likewise, not all treatments are covered similarly. Depending on the treatment, Delta Dental of Illinois will pay only the applicable percentage of the fee for the maximum we allow for that service. **Remember that you'll likely enjoy the most out-of-pocket savings if you visit a Delta Dental PPO network dentist.** The better you understand your program, the more you will know about what dental services are covered and understand what you may owe your dentist.

We're here to help. If you have questions, visit deltadentalil.com or call 800-323-1743 to connect with us.

Your dental benefit program also includes our Enhanced Benefits Program and our ToGoSM carryover feature. Information is below.

Enhanced Benefits Program – Oral Health Meets Overall Health

Delta Dental of Illinois offers an Enhanced Benefit Program that enhances coverage for individuals who have specific health conditions that can be positively affected by additional oral health care. These enhancements are based on scientific evidence that shows treating and preventing oral disease in these situations can improve overall health. If you are eligible, you can sign up through the Member Connection (information is included).

Take Your Annual Maximum ToGo

The ToGoSM feature from Delta Dental of Illinois allows you to take unused annual maximums “to go” from one year to the next. In traditional PPO plans, the annual maximum is a “use it or lose it” benefit. The ToGoSM feature gives you the ability to carryover any qualified unused portion of your annual maximum to the subsequent year(s). ToGo provides more flexibility to help you prepare for more extensive and costly dental treatment. Information on ToGo is included.

When Do You Need a Predetermination of Benefits?

It is not required, but we recommend that you ask your dentist to predetermine services over \$200. If your dentist recommends a certain procedure that will cost over \$200, ask him or her to send a predetermination to Delta Dental of Illinois. We will issue a predetermination that indicates the amount covered for the procedure in advance. Assuming no changes are made to eligibility or additional benefits for other claims are paid prior to receiving treatment, you and your dentist will have a better idea how much will be covered under the benefit program and how much you will be required to pay for the service.

Submitting a Claim

Network dentists automatically submit claims to us. If you use a non-network dentist, you may have to file your own claim form. Our claims mailing address is: P.O. Box 5402, Lisle IL 60532.

MILLION
AMERICANS
HAVE HEARING LOSS¹

Hearing loss affects people of all ages. In fact, about 12% of the U.S. working population has hearing difficulty². Stay sharp, happy, safe, and productive - don't wait to treat your hearing loss.

What causes hearing loss?

Hearing loss is caused by temporary obstructions in the outer or middle ear or permanent damage to the tiny hairs in the inner ear. Common causes of damage include exposure to noise, aging, other health conditions, and certain medications.

When should I get my hearing checked?

Hearing loss can come on so gradually that you may not even notice it's happening. In general, you should have your hearing screened every three to five years, and tested annually if you are over the age of 50 or experiencing any of the following:

- **Consistent exposure** to loud noises.
- **Difficulty understanding** in noisy environments or in groups.
- **Hearing mumbling** or feeling as though people are not speaking clearly.
- **Ringings** in your ears.

Non-network dentists have not agreed to accept our reduced fees as payment in full, which means they may bill you for any charges over our allowed fees.
- You are charged only the patient’s share** at the time of treatment. Delta Dental pays its portion directly to network dentists.

**Delta Dental Premier dentists accept payment based on the lesser of the submitted fee (their usual fee) or Delta Dental's maximum plan allowance. Premier dentists may not charge you for costs exceeding the maximum plan allowance.

***Non-network dentists (non-Delta Dental PPO/non-Delta Dental Premier) do not agree to accept Delta Dental's allowed fees as payment in full; payment is based on the lesser of the submitted fee (their usual fee) or Delta Dental's maximum plan allowance. These dentists can charge you for costs exceeding the maximum plan allowance.

When it comes to pearly whites, everyone wants to save a little green. With the Delta Dental PPO™ network, you'll get the coverage you need at a lower out-of-pocket cost.

Here's why: When general and specialty dentists participate in the Delta Dental PPO network, they agree to accept Delta Dental's PPO fees for services as payment in full. On average, **patients save 30%** on the fee a Delta Dental PPO dentist would submit for a claim versus their regular fee. Delta Dental PPO network dentists have also agreed **not to "balance bill" patients**. This means they can't bill you the difference between the Delta Dental PPO fee and their regular fee.

Delta Dental Premier® is a safety net for our Delta Dental PPO network. You will pay more out-of-pocket with a Delta Dental Premier Dentist compared to a Delta Dental PPO Dentist. However, you may save more with a Delta Dental Premier Dentist compared to a non-network Dentist. Delta Dental Premier Dentists agree to our maximum plan allowances as payment in full, which may be lower than the dentist's regular fee.

Delta Dental of Illinois' Enhanced Benefits Program

Oral health meets overall health.

Your group's dental plan includes enhanced benefits that take advantage of the emerging science of evidence-based dentistry.

Those eligible for Delta Dental of Illinois' Enhanced Benefits Program include:

- People with periodontal (gum) disease.
- People with diabetes.
- Pregnant women.
- People with high-risk cardiac conditions.
- People with kidney failure or who are undergoing dialysis.
- People undergoing cancer-related chemotherapy and/or radiation.
- People with suppressed immune systems due to HIV positive status, organ transplant, and/or stem cell (bone marrow) transplant.
- People with special needs.

Delta Dental of Illinois' Enhanced Benefits Program integrates medical and dental care – where oral health meets overall health. This program customizes benefits at the individual level by offering additional services to people who have specific health conditions (as listed above) that can be positively affected by additional care. The program also includes benefits to aid in the fight against oral cancer (these benefits are automatically included).

If you have one or more of the medical conditions covered under Delta Dental of Illinois' Enhanced Benefits Program, you must enroll to become eligible for the additional benefits. You can enroll yourself and/or your dependents, or your dentist can enroll you. Once you are enrolled, you are immediately eligible for the enhanced benefits.

Delta Dental of Illinois' Enhanced Benefits Program provides special benefits to the following groups:

Benefits for People with Periodontal (Gum) Disease

For enrollees with a history of susceptibility to periodontal diseases or periodontal surgery, periodontal maintenance needs to be conducted at more frequent intervals than the traditional two cleanings per year. The additional cleanings are not only more economical than periodontal surgery, but they also help maintain overall health and reduce tooth loss compared to those periodontal patients who do not receive these therapies. Enrollees with periodontal disease are eligible for four teeth cleanings, either prophylaxis (general cleaning) or periodontal maintenance, in a benefit year.* Additionally, the enrollee is eligible for fluoride applications; frequency is determined by group contract.

Benefits for People with Diabetes

Diabetes is the sixth leading cause of death in the United States, and it has a total economic cost in medical expenditures and lost productivity estimated at \$132 billion per year. The relationship between diabetes and oral health, specifically periodontal disease, is recognized in the medical and dental communities. Research has confirmed that diabetes worsens with periodontal disease, and it strongly suggests that severe periodontal disease increases the severity of diabetes. Glycemic control has proven to be one of the best ways to prevent complications of diabetes. A number of studies strongly indicate that when diabetics receive more professional teeth cleanings, their blood glucose levels are much better controlled. Enrollees with diabetes are eligible for four teeth cleanings, either prophylaxis (general cleaning) or periodontal maintenance, in a benefit year.*

Benefits for Pregnant Women

Scientific evidence indicates that women with periodontal disease are up to 7.5 times more likely to give birth to premature babies. According to the National Institutes of Health, as many as 19% of the 250,000 premature, low birthweight infants born in the United States each year may be attributed to infectious oral disease. Clinical studies of pregnant women with periodontal disease strongly suggest that more frequent professional teeth cleanings will benefit the health of both the baby and the mother. Pregnant enrollees are eligible for one additional prophylaxis (general cleaning) or periodontal maintenance visit during the time of the pregnancy.*

Benefits for People with High-Risk Cardiac Conditions

A recent guideline release by the American Heart Association indicates that an individual's overall oral health may be an important factor in avoiding infective endocarditis. Infective endocarditis occurs when bacteria, often from the mouth, enters the bloodstream and attacks the lining of the heart. The benefit was developed to help at-risk individuals better maintain their oral health to reduce bacteria levels in the mouth in an effort to lower their risk for infective endocarditis. People with high-risk cardiac conditions are eligible for four teeth cleanings, either prophylaxis (general cleaning) or periodontal maintenance, in a benefit year.* Conditions include a history of infective endocarditis; certain congenital heart defects such as having one ventricle instead of the normal two; individuals with artificial heart valves; heart valve defects caused by acquired conditions like rheumatic heart disease; hypertrophic cardiomyopathy, which causes abnormal thickening of the heart muscle; individuals with pulmonary shunts or conduits; mitral valve prolapse with regurgitation (blood leakage).

Benefits for People with Kidney Failure or who are Undergoing Dialysis

According to the National Kidney Foundation, one out of nine Americans has chronic kidney disease. Dental infections increase the risk of systemic infection in people with kidney disease, and systemic infection increases the risk of serious side effects. These individuals may benefit from having their teeth cleaned professionally at more frequent intervals to reduce the build up of bacteria in the mouth. This can help lower the risk of bacteria that will enter the bloodstream, create infection and further compromise their health. People with kidney failure or who are undergoing dialysis are eligible for four teeth cleanings, either prophylaxis (general cleaning) or periodontal maintenance, in a benefit year.*

Benefits for People Undergoing Cancer-Related Chemotherapy and/or Radiation

People undergoing cancer-related chemotherapy and/or radiation are at increased risk for infection because their immune system response has been weakened due to their serious health condition. Head and neck radiation cause some specific oral health problems. According to the National Institute of Dental and Craniofacial Research (NIDCR), prevention of problems in the mouth is critical to obtaining the maximum benefit from cancer treatment, and people are encouraged to see a dentist before beginning treatment. Because a common side effect of head and neck radiation is an increase in cavities, the NIDCR recommends fluoride treatment and the use of prescription-strength fluoride toothpaste for those undergoing this treatment. Prescription-strength fluoride toothpaste and mouth rinses are often covered by medical/prescription drug benefit plans. Enrollees who are undergoing cancer-related chemotherapy and/or radiation are eligible for four teeth cleanings, either prophylaxis (general cleaning) or periodontal maintenance, in a benefit year.* Additionally, the enrollee is eligible for fluoride applications; frequency is determined by their group contract.

Benefits for People with Suppressed Immune Systems due to HIV Positive Status, Organ Transplant, and/or Stem Cell (Bone Marrow) Transplant

It is well established scientifically that people with serious health conditions like HIV positive status and organ failure are at increased risk for infection generally because of their weakened immune system. These individuals may benefit from having their teeth cleaned professionally at more frequent intervals to reduce the build up of bacteria in the mouth. This can help lower the risk of bacteria that will enter the bloodstream, create infection and further compromise their health. Enrollees who have suppressed immune systems due to HIV positive status, organ transplant, and/or stem cell (bone marrow) transplant are eligible for four teeth cleanings, either prophylaxis (general cleaning) or periodontal maintenance, in a benefit year.*

Additionally, the enrollee is eligible for fluoride applications; frequency is determined by their group contract.

Benefits for People with Special Needs

Individuals with special needs are those with physical, medical, developmental and/or cognitive needs, including those with autism, alzheimer's disease, down syndrome, spinal cord injuries and other conditions where modifications are necessary to provide the best oral health treatment possible. Individuals with special needs might require enhanced dental care, as at home oral health care may be difficult for people with special needs and/or their caregivers. Providing additional preventive care for individuals with special needs can help resolve untreated cavities, periodontal diseases and more. Enrollees with special needs are eligible for four cleanings, either prophylaxis (general cleaning) or a periodontal maintenance, in a benefit year. Additionally, the enrollees are eligible for fluoride applications; frequency is determined by their group contract.

*Coverage will be at the group-contracted benefit level, with the additional frequency allowance being the only change. There is no end date on this additional coverage, no age requirement and the patient may be the subscriber, spouse or other covered dependent. Check your plan description to see if you have this coverage.

Use it or lose it?

Not with To GoSM from Delta Dental of Illinois

In traditional PPO dental plans, the annual maximum is a “use it or lose it” benefit. With Delta Dental of Illinois’ To Go feature, members don’t have to leave unused annual maximum dollars behind.* They can carry over the unused portion of their annual maximum to the next benefit year and use it later.

To Go allows members more flexibility and can help them plan for more costly dental treatments down the road.

Visiting the dentist is doubly important.

It pays to go to the dentist for routine visits to keep oral health in check and maximize dental benefit plans. If members have a dental service that applies to their annual maximum** during their benefit year, To Go allows unused annual maximum dollars to be applied to their dental plan for the next year — up to twice the amount of their plan’s annual maximum. Plus, their To Go carryover balance never expires, so they keep the additional dollars until they need them.***

How To Go annual maximum carryover works:

| | | | |
|---|---|----------------|----------------|
| YEAR 1 | Annual Maximum | \$1,500 | |
| | Eligible Benefits Received | — | \$500 |
| | Unused Annual Maximum | | \$1,000 |
| | To Go Balance / Carryover to Year 2 | | \$1,000 |
| YEAR 2 | Annual Maximum | \$1,500 | |
| | Eligible Benefits Received | — | \$400 |
| | Unused Annual Maximum | | \$1,100 |
| | To Go Balance | + | \$1,000 |
| | ! To Go Balance / Carryover to Year 3 | | \$2,100 |
| | The To Go balance cannot exceed the total annual maximum amount (\$1,500) so only \$500 of the \$1,100 unused annual maximum can be applied to the To Go balance. | | |
| Adjusted To Go Balance / Carryover to Year 3 | | \$1,500 | |
| YEAR 3 | Annual Maximum | \$1,500 | |
| | Eligible Benefits Received | | \$2,000 |
| | Balance Due | | \$500 |
| | Unused Annual Maximum | | \$0 |
| | To Go Balance | | \$1,500 |
| | To Go Balance Applied | | \$500 |
| To Go Balance / Carryover to Year 4 | | \$1,000 | |

deltadentalil.com

* The To Go feature may not be available with all Delta Dental PPO™ and Delta Dental Premier® plans. Review your plan documents to see if To Go is included in your plan.

** Any preventive/diagnostic, basic or major dental services apply to the annual maximum. Carryover amounts for unused annual maximum dollars are subject to plan design and cannot exceed twice the plan’s annual maximum.

*** Members cannot take unused maximums with them upon termination of employment or the dental plan, nor can they apply the unused annual maximum to another dental plan.

NOTICE OF PRIVACY PRACTICES AND RIGHTS

THIS NOTICE DESCRIBES HOW HEALTH INFORMATION ABOUT YOU MAY BE USED AND DISCLOSED AND HOW YOU CAN GET ACCESS TO THIS INFORMATION.

PLEASE REVIEW THIS NOTICE CAREFULLY

OUR PLEDGE REGARDING YOUR HEALTH INFORMATION

This Notice describes the privacy practices of Delta Dental of Illinois and its affiliated companies (collectively, “we” or “us” or the Company). These entities have designated themselves as a single affiliated covered entity for purposes of the privacy rules under the Health Insurance Portability and Accountability Act of 1996, as amended (“HIPAA”) and each has agreed to abide by the terms of this Notice and may share protected health information with each other as necessary for treatment, payment or to carry out health care operations, or as otherwise permitted by law.

We understand that health information about you is personal. We are committed to protecting the confidentiality of your health information that we maintain and using your information appropriately.

The HIPAA Privacy Rule protects only certain health information known as “Protected Health Information” (“PHI”). Generally, PHI is individually identifiable health information, including demographic information, transmitted or maintained by us, regardless of form (oral, written or electronic). We are required by law to maintain the privacy of your health information and to provide you with this notice of our legal duties and privacy practices with respect to your health information and to notify affected individuals following a breach of unsecured PHI.. This Notice explains how we may use your health information and when we can share that information with others. This Notice also informs you of your rights with respect to your health information and how you may exercise those rights.

We comply with the provisions of HIPAA and the Health Information Technology for Economic and Clinical Health (“HITECH”) Act and their implementing regulations. We maintain a breach reporting policy and have in place appropriate safeguards to track required disclosures and meet appropriate reporting obligations. In addition we comply with the “Minimum Necessary” requirements when using or disclosing your health information or when requesting your health information.

This Notice does not apply to information that has been de-identified. De-identified information is information that does not identify an individual and with respect to which there is no reasonable basis to believe that the information can be used to identify an individual.

HOW WE MAY USE AND SHARE YOUR HEALTH INFORMATION

We are allowed to use or share health information about you for certain purposes without your authorization, as permitted by federal and state law. The following categories describe different ways we may use and disclose health information. Not every use or disclosure in a category will be listed, but all of the ways we are permitted to use and disclose information will fall within one of the categories.

Payment: We may use or disclose PHI about you to obtain payment for your treatment and to conduct other payment related activities, for example, determining eligibility for benefits, billing, adjudicating your health claims, making coverage decisions, administering benefits and coordinating benefit payments.

Treatment: We may use or disclose your PHI to facilitate medical treatment or services by providers. For example, we may disclose information about prior treatment to a provider if the prior treatment affects coverage for the current treatment.

Health Care Operations: We may use or disclose your health information in connection with our health care operations, including conducting quality assessment and improvement activities, training, licensing, or credentialing activities, setting rates, conducting or arranging for treatment review, legal services and audit functions including fraud and abuse detection and compliance programs; resolving grievances and other activities related to coverage determinations, carrying out a wellness program and conducting business planning and general administrative activities.

In order to perform those functions or provide these services, Business Associates may receive, create, maintain, use and/or disclose your PHI, but only if they agree in writing with the Company to implement appropriate safeguards regarding your PHI.

Disclosure to Health Plan Sponsor, Which May Be Your Employer: If you are covered under a group benefit program, your health information may be disclosed to the sponsor of the health plan under which your benefits are provided solely for the purposes of administering benefits under the health plan. The plan sponsor may be your employer or affiliated with your employer. Health information may also be disclosed to another health plan maintained by that plan sponsor for purposes of facilitating claims payments under that other health plan. We will make disclosures to the plan sponsor only if the plan sponsor has certified that it has put into place plan provisions requiring the sponsor to keep the health information protected.

We may, however, disclose certain health information to the plan sponsor without a certification in two circumstances. First, we may disclose summary health information to the plan sponsor to obtain premium bids or modifying, amending, or terminating the group health plan. Second, we may disclose information on whether you have enrolled in or disenrolled from your benefit program.

Health Related Benefits and Services: We may use or disclose health information about you to communicate to you about health-related benefits and services. For example, we may communicate to you about health related benefits and services that add value to, but are not part of, your health plan.

We may also be required to release your health information, without your authorization, to others for the following reasons:

Coroners, Medical Examiners, and Funeral Directors: We may share your PHI with a coroner or medical examiner to identify a deceased person, determine a cause of death, or as authorized by law. We may also share information with funeral directors as necessary to carry out their duties.

Avert a Serious Threat to Health or Safety: We may report your PHI to public health agencies if we believe, in good faith, that the use or disclosure is necessary to prevent or lessen a serious health or safety threat. Any disclosure, however, would only be to someone able to help prevent the threat.

Specialized Government Functions: We may share your PHI to authorized federal officials for the conduct of lawful intelligence, counterintelligence and other national security activities duly authorized by law.

Workers' Compensation: We may disclose your PHI as authorized by and to the extent necessary to comply with the law relating to workers' compensation or similar programs that provide benefits for work-related injuries or illness.

Research: We may use or disclose your health information for research, subject to certain conditions. For example, we may provide your PHI to an entity to analyze utilization patterns so long as the recipient entity fully complies with all legal requirements which apply to PHI for which no patient authorization has been given.

Other Uses of Health Information: Uses and disclosures of PHI for marketing purposes and disclosures that constitute a sale of PHI require your written authorization. Other uses and disclosures of your PHI not covered by this Notice or laws that apply to us will be made only with your written authorization. If you give us an authorization, you may revoke that authorization, in writing, at any time to stop any future uses or disclosures. If you revoke your authorization, we will no longer use or disclose health information about you for the reasons covered by your written authorization. We are unable to take back any disclosures we have already made with your authorization.

WHAT ARE YOUR RIGHTS

You have the following rights regarding health information the Company maintains about you:

You have the right to inspect and copy your health records: You have the right to inspect and obtain a copy of the information that we maintain about you in your designated record set (“health records”). Your health records typically include claim and payment information. A request to inspect and copy these records should be made in writing to the Compliance Department at the address listed below. If you request a copy of this information, we may charge you a reasonable fee for the costs of copying, mailing or other supplies associated with your request. In certain situations, we may deny your request to inspect a copy or obtain a copy of your information. If you are denied access to PHI, you may request that the denial be reviewed by submitting a written request to the Compliance Department at the address listed below.

You have the right to ask us to make changes to your health records: If you believe that any health information we have about you is incorrect or incomplete, you may ask us to make changes to this information. These changes are known as “amendments.” You have the right to request an amendment for as long as the information is kept by or for us. To request an amendment, your request must be made in writing and include a reason supporting the requested change. Please submit the request to the Compliance Department at the address listed below. We may deny your request for an amendment if it is not in writing or does not include a reason. We may also deny your request for amending your health information if it covers health records that:

We are not required to amend your PHI, but if we deny your request, we will provide you with information about our denial and how you can contest the denial.

You have the right to receive an accounting of certain disclosures: You may request an accounting of disclosures of your PHI that we have made, except for disclosures we made to you or pursuant to your written authorization, or that were made for treatment, payment or health care operations, national security or incident to other permissible disclosures. You must submit your request in writing to the Compliance Department at the address listed below. Your request should specify a time period of up to six years. We will provide one list of disclosures to you per 12-month period free of charge; we may charge you for additional lists.

You have the right to ask us to restrict the use or disclosure of your information: You have the right to ask us to restrict information about you that we use or disclose for payment or health care operations. You also have the right to request us to restrict information that we may release to someone who is involved in your care or the payment for your care. Please note that, with limited exceptions, we are not required to agree to these restrictions. To request restrictions, you must make your request in writing to the Compliance Department at the address listed below. In your written request, you must tell us (1) what information you want to limit; (2) whether you want to limit our use, disclosure, or both; and (3) to whom you want the limits to apply (for example, disclosures to your spouse).

You have the right to ask to receive confidential communications of information: If you believe that you would be harmed if we send your health information to your current mailing address (for example, in situations involving domestic disputes), you can ask us to send the health information by alternate means (for example, by facsimile or e-mail) or to an alternate address.

We will accommodate your reasonable requests to receive communications from us by alternative means or at alternative locations to the extent our claims management system has that capability. Further, we will not ask you the reason for your request. To request confidential communications, you must send a written request to the Compliance Department at the address listed below.
